Concordant Commentary On The New Testament:

Concordant Commentary on the New Testament Adolf E. Knoch, 1926 **Concordant Commentary on the New Testament** A.E. Knoch, 1968 Doctrine of the Eons Paige-Patric J. D. Samuels, 2019-06-13 The Doctrine of the Eons God's Immutable Plan is an account of how God will bring about the salvation and reconciliation of all mankind Each chapter provides a theological account of how this will be accomplished including dispelling common myths about God and focusing on the meaning of the word immutable This leads to a discussion of the Hebrew and Greek definitions of eon and eternal and we discover that neither the Old nor the New Testament uses the word eternal Eternal tends to refer to an indefinite amount of time whereas eon is more definite the latter term is primarily used when the Bible talks about the end times Finally the doctrine of universal salvation is presented arguing that God will have all men be saved and that he will eventually reconcile all creation **Biblical Studies on the Internet** Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4

800 resources available at more than 10 000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages audio translations of the Bible in English and other languages commentaries dictionaries and other resource materials including ones in Greek Hebrew and other ancient languages The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself In cases when ten or more resources are listed on a single web page the author has assigned the web page a three digit code The code is used to identify this web page as a major resource within the main text while any needed instructions for use of the site are cross referenced separately in the final chapter In adopting this concise method the author was able to add hundreds of additional or updated web resources a surprising number of which can be downloaded onto a hard drive for immediate and continued use

 disposal What can we learn about the nature of textual transmission in the earliest centuries In addition to exploring the
 textual and scribal culture of early Christianity this volume explores the textual evidence for all the sections of the New

 emphasizes the act of reading itself focusing upon the whole text as it exists in its current form It invites an experiential
 entering into and reliving of the Bible s stories encourages analytical and holistic reading explores multiple interpretations
 and embraces a power of language originating in the mythological metaphorical and symbolic Above all the book seeks to
 return the Bible to the common reader and to build in that reader an appreciation for a collection of ancient literary texts
