Concrete II Barbara Russ, Richard Mathews, 1978 **Continuum 2** Alessandro De Francesco, 2024 This volume gathers Alessandro De Francesco s essays and theoretical writings produced from 2015 to 2022 It follows the first volume Continuum Writings on Poetry as Artistic Practice reuniting essays written between 2007 and 2015 The title of this new volume could only be Continuum 2 given that the underlying concept remains the same to testify to the seamless continuity of the author s commitment to poetry and art over the years and to reaffirm at the same time on a theoretical level a model of creation and thinking as a continuous flow not discretized not quantized but organic liquid without end or beginning a kind of linguistic translation of the space time in which every text like every other object is necessarily immersed Continuum 2 is a trilingual book containing writings in English French and Italian and it is particularly focused on two lines of inquiry the author s ongoing meditation on the poetic practice and the first steps of his new investigation into seventeenth century art poetry and forms of thought The Poetry of Saying Robert Sheppard, 2005-09-01 In The Poetry of Saying Robert Sheppard explores an array of experimental writers and styles of writing many of which have never secured a large audience in Britain but which are often fascinatingly innovative As a published poet in this tradition Sheppard provides a detailed and thought provoking account of the development of the British poetry movement from the 1950s As well as analysing the work of individual poets such as Roy Fisher Lee Harwood and Tom Raworth The Poetry of Saying also examines the influence of the Poetry Society and poetry magazines on the evolution of British poetry throughout this period The overriding virtue of the poetry of this period is its diversity a fact that Sheppard has not ignored As well as providing a fascinating into the work of these poets The Poetry of Saying offers an insider s commentary on the social political and historical background during this exciting period in British poetry Twentieth-century Poetry, Fiction, Theory Harry Raphael Garvin, John D. Poetics of Cognition Jessica Lewis Luck,2023-08-14 Poetics of Cognition investigates the material effects of experimental poetics using new evidence emerging from cognitive science It asks How do experimental poems think and how do we think through them Examining experimental modes such as the New Sentence proceduralism projective verse sound poetry and visual poetry Jessica Lewis Luck argues that experimental poems materialize not so much the content as the activity of the embodied mind and they can thus function as a powerful scaffolding for extended cognition both for the writer and the reader While current critical approaches tend to describe the effects of experimentalism solely in terms of emotion and sensation Luck shifts from the feeling to the thinking that these poems can generate expanding the potential blast radius

of experimental poetic effects into areas of linguistic sonic and visual processing and revealing a transformational potency that strictly affective approaches miss The cognitive research Luck draws upon suggests that the strangeness of experimental poetry can reshape the activity of the reader s mind creating new forms of attention perception and cognition This book closes by shifting from theory to praxis extracting forms of teaching from the forms of thinking that experimental poems instill in order to better enable their transformative effects in readers and to bring poetry pedagogy into the twenty **Duchamp Is My Lawyer** Kenneth Goldsmith, 2020-07-28 In 1996 during the relatively early days of the web Kenneth Goldsmith created UbuWeb to post hard to find works of concrete poetry What started out as a site to share works from a relatively obscure literary movement grew into an essential archive of twentieth and twenty first century avant garde and experimental literature film and music Visitors around the world now have access to both obscure and canonical works from artists such as Kara Walker Yoko Ono Pauline Oliveros Samuel Beckett Marcel Duchamp Cecil Taylor Glenn Ligon William Burroughs and Jean Luc Godard In Duchamp Is My Lawyer Goldsmith tells the history of UbuWeb explaining the motivations behind its creation and how artistic works are archived consumed and distributed online Based on his own experiences and interviews with a variety of experts Goldsmith describes how the site navigates issues of copyright and the ways that UbuWeb challenges familiar configurations and histories of the avant garde The book also portrays the growth of other shadow libraries and includes a section on the artists whose works reflect the aims aesthetics and ethos of UbuWeb Goldsmith concludes by contrasting UbuWeb's commitment to the free culture movement and giving access to a wide range of artistic works with today's gatekeepers of algorithmic culture such as Netflix Amazon and Spotify Poetry's Playground Joseph T.
