**Conditions of Employment in the European Social Charter**, 1999      **Economic and Social Rights Under the EU Charter of Fundamental Rights** Tamara Hervey, Jeff Kenner, 2003-09 The Charter of Fundamental Rights of the European Union includes in addition to the traditional civil and political rights a large number of rights of an economic or social nature This collection of essays by leading scholars in this field considers the significance of the inclusion of such rights within the EU Charter in terms of protection of individual and collective social and economic interests within and between the EU and its Member States What differences might it make to EU law and policy both in terms of its substance and in terms of the processes by which it is formed that certain economic and social rights are proclaimed in the EU Charter      *The European Social Charter and the Employment Relation* Niklas Bruun, Klaus Lörcher, Isabelle Schömann, Stefan Clauwaert, 2017-01-12 This collection addresses the potential of the European Social Charter to promote and safeguard social rights in Europe Drawing on the expertise of the ETUI Transnational Trade Union Rights expert network from across Europe it provides a comprehensive commentary on these fundamental rights Taking a two part approach it offers an in depth legal analysis of the European Social Charter as a new social constitution for Europe investigating first the potential of the general legal frame in which the Charter is embedded In the second phase a series of social rights which are related to the employment relation are examined in particular in light of the jurisprudence of the European Committee of Social Rights ECSR to demonstrate the crucial but difficult role of the Charter s supervisory bodies to secure the respect and promotion of social rights and national level bearing in mind the reciprocal influence of other international social rights instruments This examination is timely given the pressure exerted on those rights during the recent period of economic crisis Furthermore in the light of the predominantly economic vision of Europe such analysis is crucial The collection is aimed at stimulating academic scrutiny and raising awareness amongst practitioners and trade unions about this important and equally necessary anchor of the social dimension of Europe in legal and political practice      **Conditions de L'emploi Dans la Charte Sociale Européenne** Council of Europe, 2000-01-01 Monograph No 6 revised and updated presents the norms of the European Social Charter of 1961 and the case law of the European Committee of Social Rights in relation to conditions of employment the right to health and safety at work which includes length of working hours and holidays as well as industrial safety and health and the right to a decent standard of living guaranteed for workers and their families by ensuring adequate remuneration This study demonstrates how the Committee s case law has allowed the Charter s norms to adapt to important developments in these matters and in particular those concerning the flexibility of working hours It also highlights the improvements introduced by the revised Charter of 1996 in the area of health and safety at work      Conditions of Employment Guaranteed Under the European Social Charter Council of Europe. Committee of Independent Experts on the European Social Charter, 1997      *The Protection of Fundamental Social Rights in Europe Through the European Social Charter* Council of
