Conductors On Record

John L. Holmes

Conductors On Record:

Conductors on Record John L. Holmes, 1982-03-15 Product information not available Conductors on Composers John L. Holmes, 1993-07-30 A lively commentary by 123 important conductors of the past and present on the music they perform this work discloses fascinating insights on much of our classical concert and recorded repertoire It reveals different approaches of these interpreters of great music and also sometimes surprising prejudices and enthusiasms The material comes from hundreds of sources mainly conductors autobiographies and their critical writings interviews with conductors and biographical works all interwoven into a cohesive narrative for each of the 71 composers covered A companion to the author's Composers on Composers this volume is similarly organized alphabetically by composer Brief biographies are given of the conductors and their remarks on the music can be traced via indexing **Specifications and Drawings of Patents Issued from the United States Patent Office** United States. Patent Office, 1909 *The Canadian Patent Office Record and Register of Copyrights and Trade Marks*, 1893 **Recording the Classics** James Badal, 1996 A collection of interviews with major orchestra conductors which explores the impact of recording technology on contemporary musical culture This work discusses the digital revolution and progress of the compact disc along with the listening public's changing perception of music **The Canadian Patent Office Record and Register of Copyrights**, 1958 **Transcript of Proceedings of the National Railway Labor Panel Emergency Board. New York, N.Y., 1943** United States. Emergency Board (Carriers and Employees, Operating, 1943), 1943 **Conductors : a Record Collector's Guide, Including Compact Discs** John L. Holmes, 1988 Scientific Canadian Mechanics' Magazine and Patent Office Record Canada. Patent Office, 1887 Transcript of Proceedings of the National Railway Labor Panel Emergency Board, New York, N.Y., 1943 United States. Emergency Board (carriers and employees, 1943), 1943 Railway Conductors' Monthly, 1954 **Awards ... First Division, National Railroad Adjustment Board** United States. National Railroad Adjustment Board, The Australasian Insurance & Banking Record, 1889 **Awards ... Third Division, National Railroad Adjustment Board** United States. National Railroad Adjustment Board, 1938 **Rules for the Government of the Transportation Department** Louisville and Nashville Railroad Company, 1892 **Structured Cable Systems** A.B. Semenov, S.K. Strizhakov, I.R. Suncheley, 2002-08-21 This practical detailed book is the most complete and comprehensive guide to structured cable systems It presents the fundamentals of electric and fibre optic cables as well as all the practical aspects combined with additional reference information on technical data and terms in an appendix **The Code of Federal Regulations of the United States of America**, 1994 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government *The Compleat Conductor* Gunther Schuller, 1998-12-10 A world renowned conductor and composer who has lead most of the major orchestras in North America and Europe a talented musician who has played under the batons of such luminaries as

Toscanini and Walter and an esteemed arranger scholar author and educator Gunther Schuller is without doubt a major figure in the music world Now in *The Compleat Conductor* Schuller has penned a highly provocative critique of modern conducting one that is certain to stir controversy Indeed in these pages he castigates many of this century's most venerated conductors for using the podium to indulge their own interpretive idiosyncrasies rather than devote themselves to reproducing the composer's stated and often painstakingly detailed intentions Contrary to the average concertgoer's notion all too often shared by the musicians as well that conducting is an easily learned skill Schuller argues here that conducting is the most demanding musically all embracing and complex task in the field of music performance Conducting demands profound musical sense agonizing hours of study and unbending integrity Most important a conductor's overriding concern must be to present a composer's work faithfully and accurately scrupulously following the score including especially dynamics and tempo markings with utmost respect and care Alas Schuller finds rare is the conductor who faithfully adheres to a composer's wishes To document this Schuller painstakingly compares hundreds of performances and recordings with the original scores of eight major compositions Beethoven's fifth and seventh symphonies Schumann's second last movement only Brahms's first and fourth Tchaikovsky's sixth Strauss's *Till Eulenspiegel* and Ravel's *Daphnis et Chloe* Second Suite Illustrating his points with numerous musical examples Schuller reveals exactly where conductors have done well and where they have mangled the composer's work As he does so he also illuminates the interpretive styles of many of our most celebrated conductors offering pithy observations that range from blistering criticism of Leonard Bernstein one of the world's most histrionic and exhibitionist conductors to effusive praise of Carlos Kleiber who is so unique so remarkable so outstanding that one can only describe him as a phenomenon Along the way he debunks many of the music world's most enduring myths such as the notion that most of Beethoven's metronome markings were wrong or unplayable or that Schumann was a poor orchestrator and takes on the cultish clan of period instrument performers observing that many of their claims are totally spurious and chimeric In his epilogue Schuller sets forth clear guidelines for conductors that he believes will help steer them away from self-indulgence towards the correct realization of great art Courageous eloquent and brilliantly insightful *The Compleat Conductor* throws down the gauntlet to conductors worldwide It is a controversial book that the music world will be debating for many years to come

Specifications and Drawings of Patents Relating to Electricity Issued by the U. S. ,1890 Official Gazette of the United States Patent Office United States. Patent Office,1907

Unveiling the Magic of Words: A Overview of "**Conductors On Record**"
