Confabulario And Other Inventions:

Confabulario and Other Inventions Juan José Arreola, 2010-06-04 This biting commentary on the follies of humankind by a noted Mexican author cuts deeply yet leaves readers laughing at themselves as well as at others With his surgical intelligence Juan Jos Arreola exposes the shams and hypocrisies the false values and vices the hidden diseases of society Confabulario total 1941 1961 of which this book is a translation combines three earlier books *Varia invenci n* 1949 *Confabulario* 1952 *Punta de plata* 1958 and numerous later pieces Although some of the pieces have a noticeably Mexican orientation most of them transcend strictly regional themes to interpret the social scene in aspects common to all civilized cultures Arreola s view is not limited much of his sophistication comes from his broad deep and varied knowledge of present and past and from his almost casual use both of this knowledge and of his insight into its meaning for humanity His familiarity with many little known arts and sciences numerous literatures history anthropology and psychology and his telling allusions to this rich lode of fact increase the reader s delight in his learned but witty scalding but poetic satire
