Confederate Navy A Pictorial History:

The Confederate Navy Philip Van Doren Stern, 2013-08 At The Beginning Of The Civil War The Confederate Navy Was A Very Small Collection Of Nearly Anything That Would Float Mostly Small Unmilitary Vessels And A Few Captured Union Ships There Was Not One Real Warship In The Fleet The North Had Men Of War And A Large Fleet Of Merchant Ships That Could Be Armed Quickly As A Result The North Was Soon Able To Blockade The Southern Coast And Capture Port After Port But The South Fought Back Ingeniously Sending Agents To England And France To Have The Finest Warships Built Innovating Such Modern Weapons As The Torpedo The Submarine And The Armored Warship All Of Which Changed The Nature Of Naval Warfare

Young Heroes of the Confederacy Debra West Smith, 2012-10-31 The Civil War was a war unlike any other The bravery and strength the soldiers showed the determination in the direst of circumstances and the fearlessness when met with challenges never dreamed of set these dark years apart So much has been recorded about the War Between the States from the bloody battles to the steadfast generals However there were others present who are often forgotten young people who were faced with a fate they never thought they would meet when their lives were taken out of their control These children of the Confederacy soon grew accustomed to empty fields family members who never returned home and lives shortened by the hard impact of a bullet Many felt a calling to join the cause and found themselves in the same situations as their adult counterparts prisoners of war amputees spies or guides for generals only they were barely twenty years old This collection of true accounts presents the voices of those who faced the ultimate test of character and courage and until now have so rarely been heard The stories of these emerging adults provide an engrossing exploration of the Civil War in a way that is unlike any other in delivery and subject matter

Reader's Guide to Military History Charles Messenger, 2013-10-31 This book contains some 600 entries on a range of topics from ancient Chinese warfare to late 20th century intervention operations Designed for a wide variety of users it encompasses general reviews of aspects of military organization and science as well as specific wars and conflicts The book examines naval and air warfare as well as significant individuals including commanders theorists and war leaders Each entry includes a listing of additional publications on the topic accompanied by an article discussing these publications with reference to their particular emphases strengths and limitations

War on the Waters James M. McPherson, 2012-09-17 Although previously undervalued for their strategic impact because they represented only a small percentage of total forces the Union and Confederate navies were crucial to the outcome of the Civil War In *War on the Waters* James M McPherson has crafted an enlightening at times harrowing and ultimately thrilling account of the war's naval campaigns and their military leaders McPherson recounts how the Union navy's blockade of the Confederate coast leaky as a sieve in the war's early months became increasingly effective as it choked off vital imports and exports Meanwhile the Confederate navy dwarfed by its giant adversary demonstrated daring and military innovation Commerce raiders sank Union ships and drove the American merchant marine from the high seas Southern

ironclads sent several Union warships to the bottom naval mines sank many more and the Confederates deployed the world's first submarine to sink an enemy vessel But in the end it was the Union navy that won some of the war's most important strategic victories as an essential partner to the army on the ground at Fort Donelson Vicksburg Port Hudson Mobile Bay and Fort Fisher and all by itself at Port Royal Fort Henry New Orleans and Memphis

The CSS Arkansas Myron J. Smith, Jr.,2014-01-10 While the Monitor and Merrimack are the most famous of the Civil War ironclads the Confederacy had another ship in its flotilla that carried high hopes and a metal hull The makeshift CSS Arkansas completed by Lt Isaac Newton Brown and manned by a mixed crew of volunteers gave the South a surge of confidence when it launched in 1862 For 28 days of summer the ship engaged in five battles with Union warships falling victim in the end only to her own primitive engines The saga of the CSS Arkansas represents the last significant Rebel naval activity in the war's Western theater United States Naval History United States. Department of the Navy. Library,1969 *Special Bibliography - US Army Military History Research Collection* US Army Military History Research Collection,1974 The Fight for the Yazoo, August 1862-July 1864 Myron J. Smith, Jr.,2014-01-10 Following the loss of the CSS Arkansas in early August 1862 Union and Confederate eyes turned to the Yazoo River which formed the developing northern flank for the South's fortress at Vicksburg Mississippi For much of the next year Federal efforts to capture the citadel focused on possession of that stream Huge battles and mighty expeditions were launched Chickasaw Bayou Yazoo Pass Steele's Bayou from that direction but the city guarded by stout defenses swamps and motivated defenders could not be turned Finally Union troops ran down the Mississippi and came up from the south and the river defenses and the bastion itself were taken from the east From July 1863 to August 1864 sporadic Confederate resistance necessitated continued Federal attention This book recounts the whole story *Confederate Ironclads at War* R. Thomas Campbell,2019-02-15 Hampered by lack of materials shipyards and experienced shipbuilders even so the South managed to construct 34 iron armored warships during the Civil War of which the Confederate Navy put 25 into service The stories of these vessels illustrate the hardships under which the Navy operated and also its resourcefulness Except for the Albemarle no Confederate ironclad was sunk or destroyed by enemy action Overtaken by events on the ground most were destroyed by their own crews to prevent them from falling into Union hands This account covers the design and construction and the engagements of the Confederate ironclads and describes the ingenuity and courage as well as the challenges and frustrations of their too little too late service

Ironclad Captains of the Civil War Myron J. Smith, Jr.,2018-10-25 From 1861 to 1865 the American Civil War saw numerous technological innovations in warfare chief among them was the ironclad warship Based on the Official Records biographical works ship and operations histories newspapers and other sources this book chronicles the lives of 158 ironclad captains North and South who were charged with outfitting and commanding these then revolutionary vessels in combat Each biography includes where known birth and death information pre and post war career and details about ships served upon or commanded **Engineer in**

Gray James Hamilton Tomb,2005 James Hamilton Tomb devoted almost 12 years of his life to wartime naval service A steam engineer by profession and a torpedo expert by circumstance Tomb was in the forefront of naval weapons technology of the period Within days of his commissioning h **James D. Bulloch** Walter E. Wilson,Gary L. McKay,2012-01-27 American naval hero and Confederate secret agent James Dunwoody Bulloch was widely considered the Confederacy s most dangerous man in Europe As head of the South s covert shipbuilding and logistics program overseas during the American Civil War Bulloch acquired a staggering 49 warships blockade runners and tenders built invulnerable ocean going ironclads sustained Confederate logistics financed covert operations and acted as the mastermind behind the destruction of 130 Union ships Ironically this man who conspired to destroy the Union and kidnap its president later stood as the favorite uncle and mentor to Theodore Roosevelt Bulloch s astonishing life unfolds in this first ever biography *The Era of the Civil War--1820-1876* Louise A. Arnold-Friend,US Army Military History Institute,1982 *The Voyage of the CSS Shenandoah* William C. Whittle,2014-06-15 The only Confederate ship to circumnavigate the globe The Confederate cruiser Shenandoah was the last of a group of commerce raiders deployed to prey on Union merchant ships Ordered to the Pacific Ocean to greatly damage and disperse the Yankee whaling fleet in those waters the Shenandoah s successful pursuit of her quarry compared favorably with the exploits of the more celebrated Alabama and Florida but has never been as well known because it coincided with the war s end and the Confederacy s downfall It was however one of the best documented naval expeditions from England to the Indian Ocean Australia and the South Pacific the Bering Sea San Francisco and finally to port in Liverpool during the Civil War The ship s log and Captain James Waddell s notes are well preserved and a number of the Shenandoah s officers kept detailed journals of the entire voyage One of the most significant journals by Lieutenant William Whittle is presented here with annotations from other journals the official records and logs and newspaper accounts of the Shenandoah s activities together bringing to life the history of this remarkable voyage *Naval Campaigns of the Civil War* Paul Calore,2015-09-16 This analysis of naval engagements during the War Between the States presents the action from the efforts at Fort Sumter during the secession of South Carolina in 1860 through the battles in the Gulf of Mexico on the Mississippi River and along the eastern seaboard to the final attack at Fort Fisher on the coast of North Carolina in January 1865 This work provides an understanding of the maritime problems facing both sides at the beginning of the war their efforts to overcome these problems and their attempts both triumphant and tragic to control the waterways of the South The Union blockade Confederate privateers and commerce raiders are discussed as is the famous battle between the Monitor and the Merrimack An overview of the events in the early months preceding the outbreak of the war is presented The chronological arrangement of the campaigns allows for ready reference regarding a single event or an entire series of campaigns Maps and an index are also included *Civil War Biographies from the Western Waters* Myron J. Smith, Jr.,2015-01-28 From 1861 to 1865 the Civil War raged along the great rivers of the Ohio and Mississippi valleys While various Civil War biographies exist none have

been devoted exclusively to participants in the Western river war as waged down the Mississippi to the mouth of the Red River and up the Ohio the Tennessee and the Cumberland Based on the Official Records county histories newspapers and internet sources this is the first work to profile personnel involved in the fighting on these great streams Included in this biographical encyclopedia are Union and Confederate naval officers down to the rank of mate enlisted sailors who won the Medal of Honor or otherwise distinguished themselves or who wrote accounts of life on the gunboats army officers and leaders who played a direct role in combat along Western waters political officials who influenced river operations civilian steamboat captains and pilots who participated in wartime logistics and civilian contractors directly involved including shipbuilders dam builders naval constructors and munitions experts Each of the biographies includes where known birth death and residence data unit organization or ship involvement in the river war pre and post war careers and source documentation Hundreds of individuals are given their first historic recognition

Strangling the Confederacy Kevin Dougherty, 2020-01-10 A historian and Citadel tactical officer examines the Civil War's naval conflicts to shed new light on the Union's vital yet overlooked Anaconda campaign A selection of the Military Book Club While the Civil War is mainly remembered for epic land battles the Union waged an equally important campaign at sea dubbed Anaconda to gradually deprive the South of industry commerce and resources The Rebels responded with fast ships called blockade runners that tried to evade the Yankee fleets while at the same time constructing fortifications that could protect the ports themselves Ultimately it was this coastal conflict that brought the Confederacy to its knees In Strangling the Confederacy historian and Citadel tactical officer Kevin Dougherty examines the Union's naval actions from Virginia down the Atlantic Coast and through the Gulf of Mexico The Union's Navy Board leveraged superior technology including steam power and rifled artillery in ways that rendered the Confederate coastal defenses nearly obsolete But when the Union encountered Confederate resistance at close quarters the tables were turned as in the failures at Fort Fisher the debacle at Battery Wagner the Battle of Olustee and in other clashes Offering a unique perspective Dougherty concludes that without knowing it the Navy Board did an excellent job at following modern military doctrine While the multitude of small battles that flared along the Rebel coast have been overshadowed by the more titanic inland battles in a cumulative sense Anaconda the most prolonged of the Union campaigns spelled doom for the Confederacy

Five Flags Stuart Buxton, 2025-05-20 From the American Civil War to the Meiji Restoration one ironclad warship shaped the fate of three nations across four decades of global conflict Five Flags tells the story of a Confederate ironclad built in secret discovered by Union spies sold to Denmark returned to France and ultimately delivered to Japan Intended to break the Union blockade the ship never fought for the Confederacy but instead moved through European powers before reaching Japan where it played a role in the Meiji Restoration Armed with a 300 pounder cannon five inches of armor and a twenty foot ram the vessel traveled from French shipyards to Spanish harbors through Atlantic storms and across the Pacific to become part of Japan's modernizing fleet This is a riveting history that

details the evolution of warfare Stuart Buxton provides a wealth of information on maritime history here told in both fact and personal stories of the crew members who served onboard Five Flags is a fascinating chronicle of the international relationships that determined the ship's fate Independent Book Review The book follows the ship's path through the civil wars of the United States Germany and Japan showing how one warship connected key turning points in modern history

Portraits of Conflict Ben H. Severance, 2012-11-01 Tenth volume of acclaimed series **The American Civil War** Steven E. Woodworth, 1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult From the foreword by James M McPherson The first guide to Civil War literature to appear in nearly 30 years this book provides the most comprehensive up to date and informative survey and analysis of the vast body of Civil War literature More than 40 essays each by a specialist in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work's value The essays cover every aspect of the war from strategy tactics and battles to logistics intelligence supply and prisoner of war camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front Some sections cover civilian leaders the economy and foreign policy while others deal with the causes of war and aspects of Reconstruction including the African American experience during and after the war Breadth of topics is matched by breadth of genres covered Essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles Genealogical sources historical fiction and video and audio recordings also receive attention Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America's pivotal experience

Thank you for reading **Confederate Navy A Pictorial History**.
