Noe,2004-02 During the Battle of Perryville fought in Kentucky in October 1862 participants experienced an unusual phenomenon known as an acoustic shadow this peculiar combination of wind and terrain muffled the sounds of the fighting in such a manner that nearby soldiers were unaware that the battle was even taking place As the editors of this pioneering collection of essays observe a figurative acoustic shadow has long fallen on the study of the Civil War in Appalachia Regional stereotypes cursory generalizations and a neglect of geographic context have too often replaced detailed analysis and innovative interpretation Recent historiography has begun to present a fuller view of the war as it unfolded in the mountain counties of Alabama Georgia Kentucky Maryland the Carolinas Tennessee Virginia and West Virginia The goals of this volume the editors state are to provide a useful introduction to the social history of Appalachia s Civil War illustrating both the strengths and weaknesses of current historiography to sum up where we have been and suggest where we need to go and to point out the need to integrate Appalachian scholarship with studies of the Civil War and vice versa Among the topics covered are the experiences of blacks in Appalachia the war as it affected women the breakdown of community changing gender roles disaffection and desertion guerrilla warfare perceptions of mountain life and the early stirrings of

industrialization These essays demonstrate the rich variety of Appalachian sentiments and attitudes toward the war dismantling familiar myths such as the view of Appalachia as a unionist monolith Following the conflict from the secession crisis to the postwar period these essays taken together provide what the editors call the closest thing historians have to a comprehensive history of the Southern Mountains at war

The American Civil War was won and lost on its western battlefields but accounts of triumphant Union generals such as Grant and Sherman leave half of the story untold In the third volume of Confederate Generals in the Western Theater editors Lawrence Hewitt and Arthur Bergeron bring together ten more never before published essays filled with new penetrating insights into the key question of why the Rebel high command in the West could not match the performance of Robert E Lee in the East Showcasing the work of such gifted historians as Wiley Sword Timothy B Smith Rory T Cornish and M Jane Johansson this book is a compelling addition to an ongoing collective portrait of generals who occasionally displayed brilliance but were more often handicapped by both geography and their own shortcomings While the vast varied terrain of the Western Theater slowed communications and troop transfers and led to the creation of too many military departments that hampered cooperation among commands even more damaging were the personal qualities of many of the generals All too frequently incompetence egotism and insubordination were the rule rather than the exception Some of these men were undone by alcoholism and womanizing others by politics and nepotism A few outlived their usefulness others were killed before they could demonstrate their potential Together they destroyed what chance the Confederacy had of winning its independence Whether adding fresh fuel to the debate over the respective roles of Albert Sidney Johnston and P G T Beauregard at Shiloh or bringing to light such lesser known figures as Joseph Finegan and Hiram Bronson Granbury this volume like the ones preceding it is an exemplary contribution to Civil War scholarship Lawrence Lee Hewitt is professor of history emeritus at Southeastern Louisiana University A recipient of SLU s President s Award for Excellence in Research and the Charles L Dufour Award for outstanding achievements in preserving the heritage of the American Civil War he is a former managing editor of North South His publications include Port Hudson Confederate Bastion on the Mississippi The late Arthur W Bergeron Jr was a reference historian with the United States Army Military History Institute and a past president of the Louisiana Historical Association Among his earlier books were Confederate Mobile and A Thrilling Narrative The Memoir of a Southern Unionist
