Confessing Christ As Lord The Urbana 81 Compendium:

Confessing Christ as Lord John Wesley Alexander, 1982 The messages given at the thirteenth Inter Varsity Student Missions Convention were difficult to hear They asked us to give up our self centeredness our ethnocentrism our comfortable lives and to go out into the world so that at the name of Jesus every knee shall bow and every tongue confess that Jesus Christ is Lord Phil 2 10 11 The speakers at Urbana 81 came from cities and rural areas from Asia Latin America Africa and Europe But they shared a common commitment to carry the witness to Christ around the world Eric Alexander in his exposition of Acts revealed the foundation for New Testament witness Other speakers described the qualifications for witnesses and the many tasks waiting to be done This volume records the speeches given at Urbana 81 and provides a basis for action around the world and here at home Back cover

Examining Billy Graham's Theology of Evangelism Thomas P. Johnston, 2003-03-12 Examining Billy Graham's Theology of Evangelism was written to advance an unbiased understanding of Billy Graham's theology and practice Theological examination of Graham's sermons revealed four distinct eras in his theology and practice The Early Graham pre 1949 The Early Graham 1949 1955 The Middle Graham 1955 1965 The Later Graham 1965 present In each of these eras Graham portrayed a discernible and distinct approach to defining evangelism theological nomenclature and cooperative strategy No literature on Billy Graham discusses in combination this evolution in Graham's theology and practice You are invited to take a fresh look at the teaching and practice of this man who has touched millions of lives through the proclamation of the Gospel of Jesus Christ

Advanced Missiology Kenneth Nehrbass, 2021-04-02 Advanced Missiology draws the connections between the theory and practice of missions Using the metaphor of a river the book shows how theories upstream such as theology education anthropology community development and history have exerted an influence on missiology and missiology in turn has gone back upstream to influence those disciplines What causes these disciplines to converge in missiology is the goal of making disciples across cultures Whereas missiologists are not always explicit about how their abstract theories actually relate to the task of making disciples across cultures each chapter in Advanced Missiology shows how numerous theories sub fields models and strategies of missiology ultimately facilitate the Great Commission The book argues that by using interdisciplinarity for this fundamental purpose missiological studies will be more credible and useful With contributions from Rebecca Burnett Leanne Dzubinski Julie Martinez
