Confessions and Catechisms of the Reformation Mark A. Noll, 1991 NULL **A Companion to the Reformation in Geneva** Jon Balserak, 2021-02-01 A Companion to the Reformation in Geneva describes the course of the Protestant Reformation in the city of Geneva from the sixteenth to the eighteenth centuries It explores the beginnings of reform in the city the struggles the reformers encountered when seeking to teach minister to educate and discipline the inhabitants of Geneva and the methods employed to overcome these obstacles It examines Geneva's relations with nearby cities and how Geneva handled the influx of immigrants from France The volume focuses on the most significant aspects of life in the city examines major theological and liturgical subjects associated with the Genevan Reformation and describes the political social and cultural consequences of the Reformation for Geneva Contributors include Jon Balserak Sara Beam Erik de Boer Michael Bruening Mathieu Caesar Jill Fehleison Emanuele Fiume Herv Genton Anja Silvia Goeing Christian Grosse Scott Manetsch Elsie McKee Graeme Murdock William G Naphy Peter Opitz Jennifer Powell McNutt Jameson Tucker Theodore G Van Raalte and Jeffrey R Watt This volume is a scholarly and very accessible introduction to the Genevan Reformation that covers history religious developments and impact balancing the perspectives of both historians and theologians The contributors present an extraordinarily well rounded view of Geneva during the Reformation It will be a tremendous aid to scholarship and the book that the next generation of scholars will use both as a handy reference and as the starting point for future work Amy Nelson Burnett University of Nebraska Lincoln **The Eucharist in the Reformation** Lee Palmer Wandel, 2006 The Eucharist in the Reformation Incarnation and Liturgy takes up the words this is my body this do and remembrance of me that divided Christendom in the sixteenth century It traces the different understandings of these simple words and the consequences of those divergent understandings in the delineation of the Lutheran Reformed and Catholic traditions the different formulations of liturgy with their different conceptualizations of the cognitive and collective function of ritual the different conceptualizations of the relationship between Christ and the living body of the faithful the different articulations of the relationship between the world of matter and divinity and the different epistemologies It argues that the incarnation is at the center of the story of the Reformation and suggests how divergent religious identities were formed **A Reformed View of Freedom** Michael Patrick Preciado, 2019-06-26 Reformed Christians do not believe in free will This is a common assertion today and it is completely false The Reformed tradition does advocate free will just not libertarian free will A Reformed View of Freedom The Compatibility of Guidance Control and Reformed Theology explains how the Reformed tradition articulated its view of human freedom and moral responsibility in terms of rational spontaneity It shows how the Reformed view of rational spontaneity is compatible with contemporary compatibilist and semi compatibilist views especially that of guidance control This work addresses a number of pressing issues in the current academic climate Is Reformed theology theological determinism Is it compatibilism Did Jonathan Edwards part ways with the Reformed tradition What is the relationship

between Reformed theology and contemporary compatibilist and semi compatibilist positions in analytic philosophy This book addresses these questions by exegeting the classic Reformed confessions catechisms and Reformed scholastics It sets them in relation to contemporary analytic philosophy It is an exercise in analytic theology The reader will come away with a better understanding of how the Reformed viewed free will and moral responsibility in light of contemporary analytic philosophy

Reformed Confessions of the Sixteenth Century Arthur C. Cochrane, 2003-01-01 Reformed Confessions of the Sixteenth Century makes available a number of confessional documents that are not easily accessible elsewhere Arthur Cochrane's introduction to the work and to each confession indicates each document's importance and its theological emphases A new introduction by Jack Rogers focuses on developments in the study of Reformed Confessions since the first appearance of Cochrane's book in 1966

The Doctrine of the Holy Spirit in the Major Reformed Confessions and Catechisms of the Sixteenth and Seventeenth Centuries Yuzo Adhinarta, 2012-06-14 With the rise of Pentecostalism in the early twentieth century and growth in the charismatic movement since a resurgence of interest in the Holy Spirit and Christian spirituality in both theology and the church's life has become evident Along with increased interest in the doctrine of the Holy Spirit there are criticisms of the treatment of the doctrine in church history for having neglected the Holy Spirit in both theology and the church's life Critical studies of the treatments of the doctrine of the Holy Spirit in church history have been laboriously conducted However there have not been many studies on the doctrine of the Holy Spirit in Reformed orthodoxy particularly in its confessional standards Recognizing the gap in the history of scholarship this work explores and provides a systematic account of the person and some aspects of the work of the Holy Spirit as presented in the major Reformed confessions and catechisms of the sixteenth and seventeenth centuries Attention is particularly given to those aspects of the work of the Holy Spirit that have not been greatly explored but are pertinent to contemporary discussions

Christian Confessions Ted Campbell, 1996-01-01 Ted Campbell examines in a comparative framework the historic teachings of the four major Christian traditions that have shaped our theological heritage Eastern Orthodoxy Roman Catholicism Reformation and Union churches and Evangelical and Free churches He provides an extensive overview of each tradition's particular beliefs on religious authority God and Christ human nature and salvation and church ministry and the sacraments He concludes by considering whether a definable core of Christian teachings cuts across denominational and confessional boundaries

The History of Scottish Theology, Volume I David Fergusson, Mark W. Elliott, 2019 This three volume series provides a critical examination of the history of theology in Scotland from the early middle ages to the close of the twentieth century Volume I covers the period from the appearance of Christianity around the time of Columba to the era

of Reformed Orthodoxy in the seventeenth century **Reformed Theology** R. Michael Allen, 2010-09-02 Introduces Reformed theology by surveying the doctrinal concerns that have shaped its historical development **Font of Pardon and New Life** Lyle D. Bierma, 2021 Font of Pardon and New Life is a study of the historical development of John Calvin's doctrine of baptism both adult or believer baptism and infant baptism In a chronological examination of Calvin's writings his Institutes commentaries on the Bible catechisms polemical treatises and consensus documents the book addresses the question of what in Calvin's view spiritually takes place in an individual when he or she is baptized and it analyzes the impact of Calvin's baptismal doctrine on the major Reformed confessions and catechisms of the sixteenth and seventeenth centuries

Evangelical Calvinism Myk Habets, Bobby Grow, 2012-06-08 In this exciting volume new and emerging voices join senior Reformed scholars in presenting a coherent and impassioned articulation of Calvinism for today's world Evangelical Calvinism represents a mood within current Reformed theology The various contributors are in different ways articulating that mood of which their very diversity is a significant element In attempting to outline features of an Evangelical Calvinism a number of the contributors compare and contrast this approach with that of Federal Calvinism currently dominant in North American Reformed theology challenging the assumption that Federal Calvinism is the only possible expression of orthodox Reformed theology This book does not however represent the arrival of a new Calvinism or even a neo Calvinism if by those terms are meant a novel reading of the Reformed faith An Evangelical Calvinism highlights a Calvinistic tradition that has developed particularly within Scotland but is not unique to the Scots The editors have picked up the baton passed on by John Calvin Karl Barth Thomas Torrance and others in order to offer the family of Reformed theologies a reinvigorated theological and spiritual ethos This volume promises to set the agenda for Reformed Calvinist discussion for some time to come

Christ and Christianity, Studies on Christology, Creeds and Confessions, Protestantism and Romanticism, Reformation Principles, Sunday Observance, Religious Freedom and Christian Union Philip Schaff, 1885 Historical Dictionary of the Reformation and Counter-Reformation Hans J. Hillerbrand, 2013-04-03 The Reformation of the 16th century has always been seen as one of the pivotal events in European history Lord Acton the famous 19th century British historian compared the importance of Martin Luther's speech at the diet at Worms in 1521 with Napoleon's defeat at the Battle of Waterloo in 1813 Lord Acton's may or may not be an extravagant claim but it is certainly true that the events of the 16th and 17th centuries now called the Reformation and Counter Reformation changed forever the religious and political history of the West The Historical Dictionary of the Reformation and Counter Reformation provides a one volume balanced alternative to the overwhelming amounts of literature on the events of the time and the theological and political debates that spawned those events **The Westminster Handbook to Reformed Theology** Donald K. McKim, 2001-01-01 Compact yet comprehensive entries on theological terms as understood from a Reformed perspective are contained in this book With pieces written by esteemed Reformed scholars this book gives easy access to a wealth of theological information and summarizes the most

significant aspects of Reformed theology A Commentary on the Confession of Faith Archibald Alexander Hodge,1869
 The Cambridge Companion to Reformed Theology Paul T. Nimmo,David A. S. Fergusson,2016-05-26 This Companion offers an introduction to Reformed theology one of the most historically important ecumenically active and currently generative traditions of doctrinal enquiry by way of reflecting upon its origins its development and its significance The first part Theological Topics indicates the distinct array of doctrinal concerns which gives coherence over time to the identity of this tradition in all its diversity The second part Theological Figures explores the life and work of a small number of theologians who have not only worked within this tradition but have constructively shaped and inspired it in vital ways The final part Theological Contexts considers the ways in which the resultant Reformed sensibilities in theology have had a marked impact both upon theological and ecclesiastical landscapes in different places and upon the wider societal landscapes of history The result is a fascinating and compelling guide to this dynamic and vibrant theological tradition **The Presbyterian and Reformed Review** Benjamin Breckinridge Warfield,1899 Includes section Reviews of recent theological literature *Religious Bodies: 1936* United States.
