Peterson's

Agent On Ice:

On the Side of ICE Peter Mancina, 2025-12-09 Shows how police serve to assist ICE despite sanctuary laws insisting otherwise In the United States local law enforcement agencies are legally and organizationally independent entities from federal law enforcement agencies like the FBI and ICE While local police enforce local state and federal laws they are not required to enforce civil immigration laws This book examines the role of local police as voluntary auxiliary reinforcements for ICE focusing on the police force in New Jersey It argues that even police in sanctuary jurisdictions which explicitly label themselves as immigrant friendly are nonetheless still informally multiplying ICE's forces through voluntary cooperation While to date the ethnography of policing has been produced from participant observation with the police in ride alongs during patrol work and in jails and the examination of official documents like police reports this book employs a novel method of transcribing police body worn camera BWC video footage to provide immersive ethnographic thick description narratives of instances of local police officers assisting ICE It makes the case that BWC ethnographic methods are better able to capture realistic interactions between the police and those they stop than when participant observers are on the scene The volume thus not only reveals the ways in which local police function to assist ICE in enforcing federal civil immigration law but also demonstrates the significance of using BWC based ethnographies to examine how police exercise power From police footage internal records and other materials On the Side of ICE renders intimate on the ground ethnographic narratives that illuminate what policing immigration looks like in contemporary America *America's Immigration System* United States. Congress. House. Committee on the Judiciary, 2013 *CBP and ICE* United States. Congress. House. Committee on Homeland Security. Subcommittee on Management, Integration, and Oversight, 2007 *By Fire and Ice* David A. Koplow, 1997 The Chemical Weapons Convention is a recently signed treaty that requires the dismantling and destruction of the massive stockpiles that many countries most notably the United States and Russia have built over the years However no simple or agreed upon means exist to accomplish this admirable goal of the removal of chemical weapons National security experts assert that the country and the world as a whole will be better off if chemical weapons are eliminated while environmental experts assert that there is no way to accomplish this ambitious plan while conforming to existing national and community health and safety standards Koplow examines the forced merger between the national security and the environmental policy makers recognizing the necessity but warning of potential and actual conflicts in missions Environmentalism and arms control are two crucial sectors of American and international public life that have long existed in segregated parallel universes Now these groups must Master The Special Agent Exam Peterson's, 2009-11-02 Peterson's Master The Special Agent Exam 12th edition Learn All About a Career as a Special Agent from this user friendly guide Section 1 Overview of the test prep guide In this section you will learn the basics about a Federal Government career in this field where the jobs are and details of the various written tests interviews polygraphs and physical exams required for this
