The Consciousness Revolutions Shimon Edelman, 2023-04-06 This book is about all things consciousness great and small It starts by pointing to the key characteristic of consciousness without realizing which it cannot be understood like everything else about the mind it is fundamentally a kind of computation Among many other matters this explains how it is that we share some aspects of consciousness with bacteria how it can arise in artificial machines and not just living ones how the empty cocoon of the self that it spins ends up pretending to be the butterfly and how consciousness dooms this virtual butterfly to the splendor and the suffering of being awake and aware Unlike most other books on consciousness this one includes a discussion of some possible ways whereby we pinned like butterflies by our species history and socioeconomic circumstances can awake to our collective predicament and join forces to do something about it It should be of interest to all readers who care about the nature of our lived experience and about our survival which depends on developing critical consciousness of our dire situation and the social dynamics that shape it

The Trinity and the Kingdom Jürgen Moltmann, 1993-09-01 An excellent introduction to the prophets and the prophetic literature The goal of the book is to understand the thought of the prophets in their historical contexts and to communicate that understanding for our time Its approach while innovative builds upon the best of contemporary analysis of the prophetic literature Gene M Tucker Candler School of Theology Emory University Koch's first volume on the prophets of ancient Israel displays his sound and creative scholarship and will fill a bibliographical gap He displays the individuality of each prophet with perceptive insight but he also compares and interrelates them in his various summaries Furthermore Koch relates his study of individual prophets to theological currents that have been flowing through the scholarly world in recent decades Bernhard W Anderson Princeton Theological Seminary

I Am Put Here for the Defense of the Gospel Terry L. Miethe, 2016-04-19 Dr Norman L Geisler has been called the father of evangelical Christian philosophy He has written more than one hundred books and taught at universities and top seminaries for some fifty six years He was the first president of the Evangelical Philosophical Society and the founder and first president of the International Society of Christian Apologetics He has spoken or debated in more than two dozen countries and held pastoral pulpit ministries in four states Many view him as a cross between Thomas Aquinas and Billy Graham No one has done more

to communicate the modern challenges of the Faith to the average Christian to the church and to the academy This volume offers creative and constructive essays from twenty three contributors all notable in their own right who preserve and propagate Dr Geisler s ideas and express appreciation for his influence Those who know him best say he is true faithful and blessed by God

The Pilgrim Road Brian Albert Gerrish,1999-10-01 Gerrish interprets perennial themes such as God faith sin forgiveness evil and moral action in ways at once faithful to tradition and relevant to contemporary believers Gerrish uses a journey motif the journey of Christian life in which we are all pilgrims searching for truth on the road He conveys the process of faith development in the face of issues that challenge simple belief

The Book of Unknowing David S. Herrstrom,2012-03-29 The Book of Unknowing meditates on John s confrontation with the incandescent Jesus a figure of our desire for immortality Guiding us through the Gospel s coming to grips with Jesus the poet David Sten Herrstrom prefers sparking the imagination to arguing a thesis as he explores John s own obsessions such as image light symbol water sign water to wine shapeliness symmetry loves Peter Mary s and above all words the Word the body of Jesus The result is a heady literary engagement not afraid of wit and paradox For anyone who loves literature or whose business is interpretation ministers and teachers this book blossoms with fresh revelations about the many voices of Jesus living in the House of the Interpreter and interacting with another interpreter Nicodemus as well as about John the interpreter who continually pauses to explain Jesus motives metaphors and the meaning of his death This meditation on John s Gospel takes the goat s leaping approach to the craggy language of John and Jesus rather than the methodical rock climber s And along the way to help him find footholds on the how and why of John s strategies the author calls on other poets from William Blake to Emily Dickinson and Miguel de Unamuno The result a poet s rather than a preacher s theologian s or scholar s reading of John s book one which crosses the borders of disciplines Throughout The Book of Unknowing David Herrstrom is unsettled and exhilarated by the peculiar orneriness and fragrance of John s book by its strange particulars that grab him by the throat and call lives into question As William Blake has said Exuberance is Beauty and this is an exuberant book

The Metaphysical Anthropology of Julián Marías Alberto Oya,2024-07-15 This book provides a detailed account of Juli n Mar as s metaphysical anthropology with the ultimate aim of offering a coherent and systematic analysis of Mar as s argumentation for claiming that the conscious hope for Christian salvation through resurrection and with it the hope that Jesus Christ did actually resurrect and more generally the hope that Christian revelation is true is justified not because the certainty or the likelihood that this salvation will as a matter of fact actually occur but because this hope amounts to a self affirming exercise a conscious endorsement of human reality and as such a sign of authenticity

Unamuno's

Religious Fictionalism Alberto Oya, 2020-09-22 This book provides a coherent and systematic analysis of Miguel de Unamuno's notion of religious faith and the reasoning he offers in defense of it. Unamuno developed a non-cognitivist Christian conception of religious faith, defending it as being something which we are all naturally led to given our alleged most basic and natural inclination to seek an endless existence. Illuminating the philosophical relevance, this conception still has to contemporary philosophy of religion. Oya draws connections with current non-cognitivist notions of religious faith in general and with contemporary religious fictionalist positions more particularly. The book includes a biographical introduction to Miguel de Unamuno as well as lucid and clear analyses of his notions of the tragic feeling of life, his epistemological paradigm and his naturally founded religious fictionalism. Revealing links to current debates, Oya shows how the works of Unamuno are still relevant and enriching today.

The Revolt of Unreason Michael Candelaria, 2012-01-01 This book examines solutions to the crisis of modernity proposed by the Spanish philosopher Miguel de Unamuno and the Mexican philosopher Antonio Caso. Acceptance of the objective claims of modern scientific rationality and the consequent rejection of the objective validity of artistic, moral, and religious claims generates the crisis of modernity. The problem is that of justifying artistic, moral, and religious claims. Miguel de Unamuno, in his classic work *The Tragic Sense of Life*, addresses the conflict between the belief in personal immortality and modern scientific rationality. Holding that there is no rational justification for the belief in immortality, Unamuno finds a solution in a saving scepticism: to act as if he deserved immortality. In his book *Existence as Economy as Art and Charity*, Caso attempts to create an *a posteriori* metaphysics based on the current results of science supplemented by the intuitions of art and morality. In doing so, Caso believes that he has enlarged the scope of the knowable to include objects of art, morality, and religion. Unamuno, by accepting the strict line of demarcation between faith and reason, has no other recourse but to turn to decisionism. By turning to intuitionism, Caso believes that he has blurred the line of demarcation. Decisionism and intuitionism therefore are worthy of further exploration.

Suicide in Modern Literature Josefa Ros Velasco, 2022-01-01 This book analyzes the social and contextual causes of suicide, the existential and philosophical reasons for committing suicide, and the prevention strategies that modern fictional literature places at our disposal. They go through the review of Modern fictional literature in the American and European geographical framework, following the rationales that modern literature based on fiction can serve the purpose of understanding better the phenomenon of suicide, its most inaccessible impulses, and that has the potential to prevent suicide. From the turn of the 20th century to the present, debates over the meaning of suicide became a privileged site for efforts to discover the reasons why people commit suicide and how to prevent this behavior. Since the French sociologist and philosopher Émile Durkheim published his study *Suicide: A Study in Sociology* in 1897, a reframing of suicide took place, giving rise to a flourishing group of researchers and authors devoting their efforts to understand better the causes of suicide and to the formation of suicide prevention organizations. A century later, we still keep on trying to reach such an understanding of suicide, the nature and

nuances of its modern conceptualization to prevent suicidal behaviors The question of what suicide means in and for modernity is not an overcome one Suicide is an act that touches all of our lives and engages with the incomprehensible and unsayable Since the turn of the millennium a fierce debate about the state's role in assisted suicide has been adopted Beyond the discussion as to whether physicians should assist in the suicide of patients with unbearable and hopeless suffering the scope of the suicidal agency is much broader concerning general people wanting to die Peloubet's Select Notes on the International Bible Lessons for Christian Living Alice Peloubet Norton, 1894 **Select Series of Christian Tracts&Books. no. 5** CHRISTIAN TRACTS., 1855 *THE COLLECTED WORKS OF C. G. JUNG: Symbols of Transformation (Volume 5)* C.G. Jung, 2014-12-05 In 1911 Jung published a book of which he says it laid down a programme to be followed for the next few decades of my life It was vastly erudite and covered innumerable fields of study psychiatry psychoanalysis ethnology and comparative religion amongst others In due course it became a standard work and was translated into French Dutch and Italian as well as English in which language it was given the well known but somewhat misleading title of *The Psychology of the Unconscious* In the Foreword to the present revised edition which first appeared in 1956 Jung says it was the explosion of all those psychic contents which could find no room no breathing space in the constricting atmosphere of Freudian psychology It was an attempt only partially successful to create a wider setting for medical psychology and to bring the whole of the psychic phenomena within its purview For this edition appearing ten years after the first bibliographical citations and entries have been revised in the light of subsequent publications in the *Collected Works* and in the standard edition of Freud's works some translations have been substituted in quotations and other essential corrections have been made but there have been no changes of substance in the text **The Complete Works of W. H. Auden: Prose, v. 5, 1963-1968. Essays and reviews, 1963-1966 ; Secondary worlds ; Essays and reviews, 1967-1968 ; Appendices ; Textual notes** Wystan Hugh Auden, 1988 *Religious Knowledge* James Kellenberger, 2022-11-30 This book addresses the place of religious knowledge in religion particularly within Christianity The book begins by examining the difference between the general concepts of knowledge and belief the relation between faith and knowledge and reasons why belief as faith and not knowledge is central to the Abrahamic religions The book explores the ambivalence about religious knowledge within Christianity Some religious thinkers explicitly accepted and sought religious knowledge as did St Thomas Aquinas while others notably Søren Kierkegaard cast knowledge and seeking it as incompatible with faith The book also examines two antithetical religious intuitions about knowledge both at home in the Christian tradition For one faith requires a struggle with doubt For the other faith requires a certainty that excludes doubt For the first religious knowledge would destroy faith For the second religious knowledge is compatible with faith and completes it Though the book focuses on the Christian tradition it also considers other traditions including a chapter on the place of religious knowledge in nontheistic religious traditions The final chapter examines how coming to Wisdom as personified in the Jewish and Christian traditions may be distinct from attaining religious

knowledge *Lev Shestov* Matthew Beaumont, 2022-03-24 The Jewish philosopher Lev Shestov 1866 1938 is perhaps the great forgotten thinker of the twentieth century but one whose revival seems timely and urgent in the twenty first century An important influence on Georges Bataille Albert Camus Gilles Deleuze and many others Shestov developed a fascinating anti Enlightenment philosophy that critiqued the limits of reason and triumphantly affirmed an ethics of hope in the face of hopelessness In a wide ranging reappraisal of his life and thought which explores his ideas in relation to the history of literature and painting as well as philosophy Matthew Beaumont restores Shestov to prominence as a thinker for turbulent times In reconstructing Shestov's thought and asserting its continued relevance the book's central theme is wakefulness It argues that for Shestov escape from the limits of rationalist Enlightenment thought comes from maintaining an insomniac vigilance in the face of the spiritual night to which his century appeared condemned Shestov's engagement with the image of Christ remaining awake in the Garden of Gethsemane then is at the core of his inspiring understanding of our ethical responsibilities after the horrors of the twentieth century Interrupting the Church's Flow Al Barrett, 2020-10-30 How can we develop and embody an ecclesiology in contexts of urban marginality that is radically receptive to the gifts and challenges of the agency of our non Christian neighbours Drawing on resources from political theologies and in particular conversation with Graham Ward and Romand Coles this book challenges our lazy understanding of receptivity digging deep to uncover a rich theological seam which has the potential to radically alter how theologians think about what we draw from urban places It offers a game changing liberative theology rooted not in the global south but from a position of self critical privilege Questioning Our Faith in Practice Katherine Turpin, 2024-10-07 Practical theology emerged as a discipline steeped in white supremacy traces of which can be found in some of its most central practices and habits of mind Identifying the remnants of this legacy allows practical theologians to begin to imagine how to proceed without reinscribing narratives of white saviors unlimited progress dominating control of bodies and individual heroic leadership You are invited to question this worldview while learning from scholars imagining a decolonized future
