Agrarian Studies Synthetic Work At The Cutting Edge:

Agrarian Studies James C. Scott, Nina Bhatt, 2001-01-01 This book presents an account of an intellectual breakthrough in the study of rural society and agriculture Its ten chapters selected for their originality and synthesis from the colloquia of the Program in Agrarian Studies at Yale University encompass various disciplines diverse historical periods and several regions of the world The contributors fresh analyses will broaden the perspectives of readers with interests as wide ranging as rural sociology environmentalism political science history anthropology economics and art history The ten studies recast and expand what is known about rural society and agrarian issues examining such topics as poverty subsistence cultivation ecology justice art custom law ritual life cooperation and state action Each contribution provides a point of departure for new study encouraging deeper thinking across disciplinary boundaries and frontiers **Handbook of Critical Agrarian**

Studies Akram-Lodhi, A. H., Dietz, Kristina, Engels, Bettina, McKay, Ben M., 2021-12-14 Exploring the emerging and vibrant field of critical agrarian studies this comprehensive Handbook offers interdisciplinary insights from both leading scholars and activists to understand agrarian life livelihoods formations and processes of change It highlights the development of the field which is characterized by theoretical and methodological pluralism and innovation **In the Time of Trees and Sorrows**

Ann Grodzins Gold, Bhoju Ram Gujar, 2002 A collaborative ethnography that collects ordinary persons recollections of everyday life politics and the environment in Rajasthan from when the state was a kingdom and since independence

Popular Culture in Ancient Rome J. P. Toner, 2013-04-25 The mass of the Roman people constituted well over 90% of the population Much ancient history however has focused on the lives politics and culture of the minority elite This book helps redress the balance by focusing on the non elite in the Roman world It builds a vivid account of the everyday lives of the masses including their social and family life health leisure and religious beliefs and the ways in which their popular culture resisted the domination of the ruling elite The book highlights previously under considered aspects of popular culture of the period to give a fuller picture It is the first book to take fully into account the level of mental health given the physical and social environment that most people faced their overall mental health mirrored their poor physical health It also reveals fascinating details about the ways in which people solved problems turning frequently to oracles for advice and guidance when confronted by difficulties Our understanding of the non elite world is further enriched through the depiction of sensory dimensions Toner illustrates how attitudes to smell touch and noise all varied with social status and created conflict and how the emperors tried to resolve these disputes as part of their regeneration of urban life Popular Culture in Ancient Rome offers a rich and accessible introduction to the usefulness of the notion of popular culture in studying the ancient world and will be enjoyed by students and general readers alike *Cultural Turns* Doris Bachmann-Medick, 2016-01-15 The contemporary fields of the study of culture the humanities and the social sciences are unfolding in a dynamic constellation of cultural turns This book provides a comprehensive overview of these theoretically and methodologically groundbreaking

reorientations It discusses the value of the new focuses and their analytical categories for the work of a wide range of disciplines In addition to chapters on the interpretive performative reflexive postcolonial translational spatial and iconic turns it discusses emerging directions of research Drawing on a wealth of international research this book maps central topics and approaches in the study of culture and thus provides systematic impetus for changed disciplinary and transdisciplinary research in the humanities and beyond e g in the fields of sociology economics and the study of religion This work is the English translation by Adam Blauhut of an influential German book that has now been completely revised It is a stimulating example of a cross cultural translation between different theoretical cultures and also the first critical synthesis of cultural turns in the English speaking world

Civil War Settlers Anders Bo Rasmussen,2022-05-19 The first thorough analysis of Scandinavian Americans examining citizenship settler colonialism and whiteness in the Civil War era *Peasant History of Late Pre-colonial and Colonial India* B. B. Chaudhuri,2008

Future of the Forest Anand P. Vaidya,2025-04-15 Future of the Forest is the story of legal transformations of forests across India through collective action Since the nineteenth century Indian forest dwellers have been unable to enforce their claims to the land on which they live or the products of it that they use But at the turn of the twenty first century a new national movement led to the passage of the Forest Rights Act a landmark law that recognizes the tenure and use rights of India s millions of landless forest dwellers Anand P Vaidya tracks the Forest Rights Act from the movements that pushed for its passage to its drafting and the many revisions it underwent to satisfy coalitions of local peoples conservationists and a wide spectrum of political parties and movements and finally to its impact on two neighboring villages in central India s forest belt The forests have seen a long history of political authority enacted to the benefit of the powerful Future of the Forest follows the work of activists and forest dwellers who turned to the law to shift this balance of power

The Nature State Wilko Hardenberg,2017-07-14 Following the industrial revolution and post war exponential increase in human population and consumption conservation in myriad forms has been one particularly visible way in which the government and its agencies have tried to control manage or produce nature for reasons other than raw exploitation Using an interdisciplinary approach and including case studies from across the globe this edited collection brings together geographers sociologists anthropologists and historians in order to examine the degree to which socio political regimes facilitate and shape the emergence and development of nature states

Germany's Nature Thomas Lekan,Thomas Zeller,2005-08-23 Germany boasts one of the strongest environmental records in the world The Rhine River is cleaner than it has been in decades recycling is considered a civic duty and German manufacturers of pollution control technology export their products around the globe Yet little has been written about the country s remarkable environmental history and even less of that research is available in English Now for the first time a survey of the country s natural and cultural landscapes is available in one volume Essays by leading scholars of history geography and the social sciences move beyond the Green movement to uncover the enduring yet ever changing cultural

patterns social institutions and geographic factors that have sustained Germany's relationship to its land Unlike the American environmental movement which is still dominated by debates about wilderness conservation and the retention of untouched spaces discussions of the German landscape have long recognized human impact as part of the natural order Drawing on a variety of sites as examples including forests waterways the Autobahn and natural history museums the essays demonstrate how environmental debates in Germany have generally centered on the best ways to harmonize human priorities and organic order rather than on attempts to reify wilderness as a place to escape from industrial society Germany's Nature is essential reading for students and professionals working in the fields of environmental studies European history and the history of science and technology

Latin American Peasants Tom Brass, 2004-08-02 The essays in this collection examine agrarian transformation in Latin America and the role in this of peasants with particular reference to Bolivia Peru Chile Brazil and Central America Among the issues covered are the impact of globalization and neo liberal economic policies

Wielding the Ax Thaddeus Sunseri, 2014-08-26 Forests have been at the fault lines of contact between African peasant communities in the Tanzanian coastal hinterland and outsiders for almost two centuries In recent decades a global call for biodiversity preservation has been the main challenge to Tanzanians and their forests Thaddeus Sunseri uses the lens of forest history to explore some of the most profound transformations in Tanzania from the nineteenth century to the present He explores anticolonial rebellions the world wars the depression the Cold War oil shocks and nationalism through their intersections with and impacts on Tanzania's coastal forests and woodlands In Wielding the Ax forest history becomes a microcosm of the origins nature and demise of colonial rule in East Africa and of the first fitful decades of independence Wielding the Ax is a story of changing constellations of power over forests beginning with African chiefs and forest spirits both known as ax wielders and ending with international conservation experts who wield scientific knowledge as a means to controlling forest access The modern international concern over tropical deforestation cannot be understood without an awareness of the long term history of these forest struggles

Statemaking and Territory in South Asia Bernardo A. Michael, 2012-12-15 Statemaking and Territory in South Asia Lessons from the Anglo Gorkha War 1814 1816 seeks to understand how European colonization transformed the organization of territory in South Asia through an examination of the territorial disputes that underlay the Anglo Gorkha War of 1814 1816 and subsequent efforts of the colonial state to reorder its territories The volume argues that these disputes arose out of older tribute taxation and property relationships that left their territories perpetually intermixed and with ill defined boundaries It also seeks to describe the long drawn out process of territorial reordering undertaken by the British in the nineteenth and twentieth centuries that set the stage for the creation of a clearly defined geographical template for the modern state in South Asia

In Search of the Rain Forest Candace Slater, 2004-03-22 Collection of essays offers a multi layered understanding of the social complexities of rainforest practice and representation

When Women Held the Dragon's Tongue Hermann Rebel, 2010 Peasants tell tales one prominent

cultural historian tells us Robert Darnton Scholars must then determine and analyze what it is they are saying and whether or not to incorporate such tellings into their histories and ethnographies Challenging the dominant culturalist approach associated with Clifford Geertz and Marshall Sahlins among others this book presents a critical rethinking of the philosophical anthropologies found in specific histories and ethnographies and thereby bridges the current gap between approaches to studies of peasant society and popular culture In challenging the methodology and theoretical frameworks currently used by social scientists interested in aspects of popular culture the author suggests a common discursive ground can be found in an historical anthropology that recognizes how myths fairytales and histories speak to a universal need for imagining oneself in different timescapes and for linking one's local world with a known larger world A Companion to the French Revolution Peter McPhee,2014-12-15 A Companion to the French Revolution comprises twenty nine newly written essays reassessing the origins development and impact of this great turning point in modern history Examines the origins development and impact of the French Revolution Features original contributions from leading historians including six essays translated from French Presents a wide ranging overview of current historical debates on the revolution and future directions in scholarship Gives equally thorough treatment to both causes and outcomes of the French Revolution Cold War Ecology Arvid Nelson,2004-12-01 A new way of measuring the health of a political system by examining the health of its landscapes and ecosystems *Savage Attack* Crispin Bates,Alpa Shah,2017-07-06 Papers presented at a conference held at London in June 2008 *Routledge Handbook of Critical Kashmir Studies* Mona Bhan,Haley Duschinski,Deepti Misri,2022-09-22 The Routledge Handbook of Critical Kashmir Studies presents emerging critical knowledge frameworks and perspectives that foreground situated histories and resistance practices to challenge colonial and postcolonial forms of governance and state building It politicizes discourses of nationalism patriotism democracy and liberalism and it questions how these dominant globalist imaginaries and discourses serve institutionalized power create hegemony and normalize domination In doing so the handbook situates Critical Kashmir Studies scholarship within global scholarly conversations on nationalism sovereignty indigenous movements human rights and international law The handbook is organized into the following five parts Territories Homelands Borders Militarism Humanism Occupation Memories Futures Imaginations Religion History Politics Armed Conflict Global War Transnational Solidarities A comprehensive reference work documenting and consolidating the growing Critical Kashmir Studies scholarship this handbook will be of interest to scholars of anthropology political science cultural studies legal and sociolegal studies sociology history critical Indigenous studies settler colonial studies and feminist studies **The Physiocrats and the World of the Enlightenment** Liana Vardi,2012-03-19 Offers a framework for understanding physiocratic theory and the development of modern economics
