EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches **A History of Preaching** Otis Carl Edwards, 2004 Accompanying CD ROM contains the full text of volume one and two Volume two contains primary source material on preaching drawn from the entire scope of the church's twenty centuries Each chapter in volume two is geared to its companion chapter in volume one's narrative history Assist Me to Proclaim John R. Tyson, 2007 Charles Wesley 1707 1788 was the cofounder of Methodism and the author of more than 9 000 hymns and sacred poems including such favorites as Hark the Herald Angels Sing O for a Thousand Tongues to Sing and Christ the Lord Is Risen Today John Tyson here traces the remarkable life of this influential man from cradle to grave using rare including previously unpublished hymns letters and journal materials As the younger brother of John Wesley Charles was a vital partner in the Methodist revival While often standing in the shadow of his more famous brother Charles Wesley was arguably the founder of the Oxford Holy Club and he actually experienced evangelical conversion three days prior to John In Assist Me to Proclaim Tyson explores among other things behind the scenes questions about the brothers sometimes stormy relationship Notwithstanding all his accomplishments as an evangelist and itinerant preacher Charles is chiefly remembered for his startling facility at writing hymns that show God at work in almost every instance of life His remarkable legacy endures around the world as hundreds of Charles Wesley hymns are still sung in churches everywhere today Assist Me to Proclaim draws a picture of a man whose fidelity to both the Church of England and the original vision of Methodism energized his remarkable abilities as a revivalist and hymn writer Readers also get a glimpse into Wesley's heart and mind through the window of his hymn texts This is a biography that any student of church history or hymnody will welcome **American Women in Mission** Dana Lee Robert, 1996 The stereotype of the woman missionary has ranged from that of the long-suffering wife characterized by the epitaph Died given over to hospitality to that of the spinster in her unstylish dress and wire rimmed glasses alone somewhere for thirty years teaching heathen children Like all caricatures those of the exhausted wife and frustrated old maid carry some truth the underlying message of the stereotypes is that missionary women were perceived as marginal to the central tasks of mission Rather than being remembered for preaching the gospel the quintessential male task missionary women were noted for meeting human needs and helping others sacrificing themselves without plan or reason all for the sake of bringing the world to Jesus Christ Historical evidence however gives lie to the truism that women missionaries were and are doers but not thinkers reactive secondary figures rather than proactive primary ones The first American women to serve as foreign missionaries in 1812 were among the best educated women of their time Although barred from obtaining the college education or ministerial credentials of their husbands the early missionary wives had read their Jonathan Edwards and Samuel Hopkins Not only did they go abroad with particular theologies to share but their identities as women caused them to develop gender based mission theories Early nineteenth century women seldom wrote theologies of mission but they wrote letters and kept journals that reveal a thought world and set of assumptions about women's roles in the missionary task The

activities of missionary wives were not random they were part of a mission strategy that gave women a particular role in the advancement of the reign of God By moving from mission field to mission field in chronological order of missionary presence Robert charts missiological developments as they took place in dialogue with the urgent context of the day Each case study marks the beginning of the mission theory Baptist women in Burma for example are only considered in their first decades there and are not traced into the present Robert believes that at this early stage of research into women s mission theory integrity and analysis lies more in a succession of contextualized case studies than in gross generalizations

They Were Eyewitnesses Nancy A. Almodovar, 2021-07-23 For many of today s Christians their go to style of proclaiming the faith is to share their own experiences While this may be a stepping stone to the conversation we should not remain on our subjective and unprovable experiences Rather Christians should use the pattern set forth in the New Testament by the apostles and evangelists the gospel of Jesus who died was buried and rose to life on the third day according to the Scriptures In this book the sermons of the apostles and evangelists will be looked into to see how they both proclaimed and defended the Christian faith giving all Christians the pattern to follow in their own opportunities to share the one true faith

Living in Bible Times Christopher J. Richmann, 2020-01-09. F. F. Bosworth was the only major living link between the late nineteenth century divine healing movement that gave birth to Pentecostalism and the post World War II healing revival that brought Pentecostalism into American popular culture. At once on the fringes and in the mainstream of American Pentecostalism, Bosworth has largely been ignored by historians. Richmann demonstrates that Bosworth's story not only draws together disparate threads of the Pentecostal story but critiques traditional interpretations of speaking in tongues, Azusa Street denominational affiliation, divine healing, the relationship to fundamentalism, the Word of Faith movement, and eschatology. In this critique, Richmann provides a much needed critical biography of Bosworth as well as a fresh interpretation of Pentecostalism.

The Church Must Grow or Perish Mark T. Mulder, Gerardo Marti, 2025-04-01. To fully understand American Christianity it's essential to understand Robert Schuller. *The Church Must Grow or Perish* Robert H. Schuller and the Business of American Christianity examines Schuller's indelible imprint on the American church and how he developed a model of ministry both lauded and critiqued that transformed Christian life and community across this country. Schuller's story is the starting point for powerful trends that continue to shape much of American religion today: televangelism, seeker-sensitive outreach, megachurches, the suburbanization of white Christianity, pastoral entrepreneurship, and market-oriented Christianity in pursuit of growth. Authors Mark T. Mulder and Gerardo Marti explore Schuller's drive to develop a theology, a persona, and a set of practices that he believed were necessary to keep Christianity vibrant long into the future. They trace Schuller's career arc from his beginnings as an Iowa farm boy to his years as a charismatic Southern California preacher, one who believed that in order for the church to thrive, pastoral leaders needed to borrow from the best practices of big business, including the entertainment industry. This fascinating biography is essential reading for those who want to fully understand a transformative force in
