

The background of the cover is a painting of a mountain landscape. In the foreground, a winding river flows through a green valley. The middle ground shows a dense forest of evergreen trees. In the background, a range of mountains is visible under a hazy sky. The overall style is impressionistic, with visible brushstrokes and a rich color palette of greens, blues, and earthy tones.

Aging In America An Introduction To Gerontology:

Aging in America Sandra Zins,1987 A textbook at low college level **Aging in America** Sandra Zins,1987 **An Introduction to Gerontology** Ian Stuart-Hamilton,2011-03-31 With the world's population getting increasingly older there has never been a more pressing need for the study of old age and ageing **An Introduction to Gerontology** provides a wide ranging introduction to this important topic By assuming no prior expert knowledge and avoiding jargon this book will guide students through all the main subjects in gerontology covering both traditional areas such as biological and social ageing and more contemporary areas such as technology the arts and sexuality **An Introduction to Gerontology** is written by a team of international authors with multidisciplinary backgrounds who draw evidence from a variety of different perspectives and traditions **Introduction to Aging** Judith Sugar,Robert J. Riekse,Henry Holstege, PhD,Michael A. Faber,2014 This new textbook creates a paradigm shift with a very practical approach to problem solving Aging is an asset Its focus on well care rather than just sick care by understanding physical fitness sexual fitness consumer fitness nutritional fitness and social fitness among others all point to aging as an asset leading to civic fitness and the potential for intergenerational support This text may help springboard Gerontology into the 21st Century as the field creating excitement and hope for students and teachers alike Cullen T Hayashida Ph D Director Kupuna Elder Education Center Kapi olani Community College University of Hawaii This research based yet highly engaging textbook for undergraduate and masters level college students ushers in a new paradigm of aging that of aging as a positive stage of life It offers an interdisciplinary perspective on the broad range of topics that comprise gerontology using theoretical and research based information while providing engrossing narratives and real examples of new trends surprising findings and controversial topics The volume dispels many of the myths about aging through careful reporting of facts issues and trends It sheds a positive light on getting older by viewing the elderly and near old as a diverse capable subset of our population A discussion of roles in the family workplace and greater society along with physical changes health sexuality living environment work retirement and cultural considerations reveal the challenges and opportunities faced by our rapidly aging population This text comes with access to PowerPoint slides and an instructor's manual including learning objectives key terms test questions suggested topics for essays and discussion and suggested classroom activities and homework assignments Key Features Conceptualizes aging in America as a positive social revolution with far reaching consequences Dispels negative myths about aging Engages the reader with vivid narratives Includes practical applications of knowledge throughout the text Includes instructor's manual PowerPoint slides and resources for additional learning opportunities Targeted to the needs of undergraduate and masters level gerontology students *The Aging American* Milton Leon Barron,1974 **An Introduction to Gerontology** Colbert Rhodes,1988 *Aging* Lewis R. Aiken,1995 The aging process is a complex sometimes mysterious evolution we will all experience In this interdisciplinary text author Lewis R Aiken acquaints you with the elements and effects influencing people in the later stages of life Beginning

with an historical overview of gerontology Aiken discusses both pragmatic and philosophical concerns within the field Factors impacting the process and results of aging are carefully outlined and explicated these address such areas as biology psychology sociology economics and politics The interpersonal variability of the older population is stressed throughout the book recognizing gender ethnic racial and cultural differences Each chapter concludes with a thorough review of the material covered a series of questions and activities designed to enhance the learning experience and a list of suggested readings that expand on the topics being discussed Clearly written authoritative rich in information and integration of research material in a wide range of disciplines Aging An Introduction to Gerontology is valuable for undergraduate certificate and community college programs in gerontology as well as graduate courses in applied professional disciplines The book makes a contribution to the field it is a praiseworthy effort and it has substantive merit It reveals competence good grasp of the subject matter and a very good integration of research material in a wide range of disciplines The information is generally very much up to date and relevant It constitutes the right introduction for people interested to learn about the field of gerontology The text is lucid clearly written and easy to read It is definitely well attuned to its targeted audience It introduces technical terminology with all the proper caveats and facilitates its comprehension with a glossary Abraham Monk School of Social Work Columbia University This is a basic textbook of human gerontology that comprehensively covers aging and the aged with a special emphasis on the psychology of aging The purpose is to review what is known about aging and older adulthood the methods by which this information is obtained and to provide practical guidelines for dealing with the problems of an aged population The author meets these goals very well This book is written for undergraduate and graduate students Even geriatricians in training will find this a lucid exposition of human gerontology This book s well organized chapters are clearly illustrated There are boxes that highlight concepts and a list of further readings in addition to well cited references At the end of each chapter there are questions and exercises This textbook is a welcome addition to the field It is very well written and organized Both teachers and students will enjoy using this textbook Rating 98 Doody s Health Sciences Book Review Journal Aging is rich in information and integration of research material in a wide range of disciplines and valuable for undergraduate certificate and community college programs in gerontology and as well graduate courses in applied professional disciplines Turning Pages

The Problems of Aging Americans Thomas J. Hynes,1988 **National Library of Medicine Catalog** National Library of Medicine (U.S.),1966 *National Directory of Educational Programs in Gerontology* ,1978 **Introduction to Aging** Judith A. Sugar,Robert Riekse,Henry Holstege,Michael Faber,2013-12-03 This new textbook creates a paradigm shift with a very practical approach to problem solving Aging is an asset Its focus on well care rather than just sick care by understanding physical fitness sexual fitness consumer fitness nutritional fitness and social fitness among others all point to aging as an asset leading to civic fitness and the potential for intergenerational support This text may help springboard Gerontology into the 21st Century as the field creating excitement and hope for students and
