The Psychology of World Religions and Spiritualities Timothy A. Sisemore, Joshua J. Knabb, 2021-09-20 This compendium of introductory essays invites scholars and clinicians to better understand people of various faiths from around the world It is intended to correct the tendency among scientists to study religious behavior without accounting for its human dimension For example a psychologist describes a religious ceremony in a certain community as a sociological phenomenon Such a technical description is likely to strike members of that community as an attempt by science to explain away their beliefs This is counterproductive In order to work effectively and empathetically with people of faith psychologists should seek an intimate knowledge of how religion operates in the hearts and minds of living breathing human beings With this goal in mind editors Timothy Sisemore and Joshua Knabb have made one of the world s major religions the subject of a separate chapter In addition they have arranged for each chapter to be written by a psychologist who practices or is culturally connected with that religion This marks the book s unique contribution to the field it is the product of people who have lived the world s religions not merely studied them By taking such a respectful approach the book promotes an appreciation for the ways that religious belief animates inspires and instructs its adherents Moreover the indigenous point of view of these essays will help scholars identify their own biases when researching religious groups allowing them to produce more accurate and holistic analyses Psychologists understand that religion and spirituality provide meaning and purpose to billions of people around the globe But the actual experience of these beliefs eludes the grasp of the reductionistic methods of science With this resource at their side psychologists in academic and clinical settings will be equipped to understand religious experience from the bottom up and honor the beliefs and practices of the people they are trying to help **The**

Boraz, 1996-08-01 In Understanding the Talmud A Modern Reader s Guide for Study Rabbi Edward S Boraz presents a

thoughtful introduction to the Talmud designed for study by the untrained reader Using a unique approach Rabbi Boraz focuses on a specific selection from one tractate of the Talmud allowing readers to uncover the moral and theological concerns of the text The portion he has selected comes from the tractate Bava Metziah and deals with the conditions under which an oath may be administered in a civil lawsuit On the surface this issue appears mundane and far removed from the domain of holiness However when the discourse is studied in relation to passages from Scripture Midrash and Mishnah that are also presented it becomes a spiritual and ethical adventure Before embarking on this journey of discovery the reader is given a concise explanation of the rules of logic and the argumentative style utilized in the Talmud It becomes evident that the Talmud's style is essential to its mission to understand the timeless messages of Torah in the context of the ever changing world in which we live Equipped with the necessary background the reader is prepared to delve into the texts A Fortiori Logic Avi Sion,2013-11-24 A FORTIORI LOGIC INNOVATIONS HISTORY AND ASSESSMENTS by Avi Sion is a wide ranging and in depth study of a fortiori reasoning comprising a great many new theoretical insights into such argument a history of its use and discussion from antiquity to the present day and critical analyses of the main attempts at its elucidation Its purpose is nothing less than to lay the foundations for a new branch of logic and greatly develop it and thus to once and for all dispel the many fallacious ideas circulating regarding the nature of a fortiori reasoning **Judaica Reference Sources** Charles Cutter,Micha Falk Oppenheim,1993 This reference provides an outstanding resource for Holocaust materials in print as presented in Chapter 18 Included are annotated listings of archival resources atlases and gazetteers bibliography directories encyclopedias and filmography **Norfolk, Virginia: A Jewish History of the 20th Century** Irwin M.
