A Basic Bahá'í Dictionary Wendi Momen, 1989-01-01      **A Basic Bahá'í Dictionary** Wendi Momen, 1989      **A Basic Bahai Dictionary**, 1989      Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries, 1979      **Baha'i and Globalisation** Annika Hvithamar, Margit Warburg, Morten Warmind, 2005-12-01 Globalisation has become a buzzword that typically refers to the intensifying integration of the world economy especially as midwifed by technological advances It also implies a growing political and cultural sense that all humanity is globally interdependent There have always been individuals of course who have advocated such awareness one of them being the founder of the Baha i faith who formulated a spiritual equivalent as the religion s central doctrine in the late 19th century Ye are the fruits of one tree and the leaves of one branch Its emphasis on global unification made Baha i an obvious candidate for a case study on new religions and globalisation The chapters in this volume fall into two sections diachronic and synchronic The first part is organised chronologically beginning with the emergence of the globalist tendency in the messianic vision of Babism the precursor to Baha i and concluding with an analytic history of its leaders changing attitudes to international politics The second part considers a variety of global themes in contemporary Baha i practice including global thought in Baha i writings the impact of the internet and the triumphalist and secular strains in Baha i identity Though five million members make it one of the world s most successful new religions Baha i has attracted little scholarly attention Most of the academics concentrating on Baha i have contributed to this volume which will appeal not only to students of modern religious movements but to anyone interested in the ways religions can adapt to and embrace the modern world      *Historical Dictionary of the Baha'i Faith* Hugh C.
