Basic Instinct Film Tie In:

Basic Instinct Stevie Simkin, 2017-09-16 Paul Verhoeven's 1992 thriller *Basic Instinct* starring Michael Douglas as a police detective and Sharon Stone as the femme fatale Catherine Tramell was one of the first mainstream erotic thrillers a film which shifted the boundaries for graphic representations of sex in Hollywood cinema. It remains a significant milestone in film censorship and controversy. In his fascinating study, the first in-depth account of the film, Stevie Simkin explores the unrest and protest that *Basic Instinct* sparked in the gay, lesbian, and feminist communities in the US, incensed by what they saw as the script's homophobia and misogyny. Simkin considers the social and cultural context in which *Basic Instinct* was made, examining the film's troubled production history, the battles with censors, and its reception. He offers a number of readings of the movie, looking at its representation of bisexuality and the depiction of a transgressive female protagonist. He also focuses on key sequences, including the infamous interrogation scene, and details the cuts demanded by the censors, resulting in different UK and US versions. In conclusion, Simkin considers the legacy of *Basic Instinct* and its enduring effect on media representations of the violent woman. STEVIE SIMKIN is Reader in Drama and Film at the University of Winchester, UK. His publications include work on cult television, popular music, and Renaissance drama. He is the author of, amongst other works, *A Preface to Marlowe* (1999), *Revenge Tragedy: A New Casebook* (2001), *Early Modern Tragedy and the Cinema of Violence* (2005), and also in the *Controversies* series, a book on the Peckinpah film *Straw Dogs*. **The Naked Truth** Kevin Sandler, 2007-08-22 From parents and teachers to politicians and policymakers, there is a din of voices participating in the debate over how young people are affected by violence, strong language, and explicit sexual activity in films. The Motion Picture Association of America (MPAA) responded to this concern in 1968 when it introduced a classification and rating system based on the now well-known labels G, PG, PG-13, R, and X. For some, these simple tags are an efficient way to protect children from viewing undesirable content. But do the MPAA ratings actually protect children? In *The Naked Truth*, Kevin S. Sandler argues that the rating system does not protect children but instead protects the Hollywood film industry. One prime indicator of this is the collective abandonment of the NC-17 rating in 1990 by the major distributors of the MPAA and the main exhibitors of the National Association of Theatre Owners. By categorizing all films released by Hollywood and destined for mainstream theaters into R ratings or lower, the industry ensures that its products are perceived as responsible entertainment to all audiences and incontestable to politicians and moral reformers. By embracing a no NC-17 rule, the industry collapses mature subject matter with pornography, creating a national cinema where certain representations of sex and nudity are taboo. *The Magic Hour* J. Hoberman, 2003 The magic hour is the name film makers give the pre-dusk, late afternoon when anything photographed can be bathed in a melancholy golden light. This work anthologizes J. Hoberman's movie reviews, cultural criticism, and political essays published in *The Village Voice*, *Artforum*, and elsewhere during the period bracketed by the fall of the Berlin Wall and the collapse of the World Trade Towers. **The Monstrous-Feminine** Barbara

Creed,2015-09-04 In almost all critical writings on the horror film woman is conceptualised only as victim In *The Monstrous Feminine* Barbara Creed challenges this patriarchal view by arguing that the prototype of all definitions of the monstrous is the female reproductive body With close reference to a number of classic horror films including the Alien trilogy T The Erotic Thriller in Contemporary Cinema Linda Ruth Williams,2005 This bold and original book examines in detail a relatively new genre of film the erotic thriller Linda Ruth Williams traces the genre s exploitation of pornography and noir discusses mainstream stars including Michael Douglas and Sharon Stone as well as genre branded direct to video stars charts the work of key producers and directors and considers home videos as a distinct form of viewing pleasure She maps the history of the genre analyzing hundreds of movies from blockbusters such as *Basic Instinct* *Fatal Attraction* and *In the Cut* to straight to video film titles such as *Carnal Crimes* *Sins of Desire* and *Night Eyes* Williams s witty and illuminating readings tell the story of this sensational genre and contribute to the analysis of mainstream screen sex and its censorship at the beginning of the 21st century She shows that as the erotic thriller plays out the sexual fantasies of contemporary America it also provides a vehicle for marketing those fantasies globally **Trial Films on Trial** Austin Sarat,Jessica Silbey,Martha Merrill Umphrey,2019-04-02 A collection of wide ranging critical essays that examine how the judicial system is represented on screen Historically the emergence of the trial film genre coincided with the development of motion pictures In fact one of the very first feature length films *Falsely Accused* released in 1908 was a courtroom drama Since then this niche genre has produced such critically acclaimed films as *Twelve Angry Men* *To Kill a Mockingbird* and *Anatomy of a Murder* The popularity and success of these films can be attributed to the fundamental similarities of filmic narratives and trial proceedings Both seek to construct a reality through storytelling and representation and in so doing persuade the audience or jury to believe what they see *Trial Films on Trial* Law Justice and Popular Culture is the first book to focus exclusively on the special significance of trial films for both film and legal studies The contributors to this volume offer a contemporary approach to the trial film genre Despite the fact that the medium of film is one of the most pervasive means by which many citizens receive come to know the justice system these trial films are rarely analyzed and critiqued The chapters cover a variety of topics such as how and why film audiences adopt the role of the jury the narrative and visual conventions employed by directors and the ways mid to late twentieth century trial films offered insights into the events of that period **Film Policy** Albert Moran,1996 The first comprehensive overview of the workings of the international film industry The authors explore the relationship between Hollywood cinema product and national film cultures and look at issues of financing regulation and censorship New York Magazine ,1992-04-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating

New Millennial Sexstyles Carol Siegel,2000 New Millennial Sexstyles

questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism s early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as Basic Instinct Thelma and Louise and Natural Born Killers to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book s second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today s most radical youth cultures and suggests new directions for gender studies
