Jerusalem, 1000-1400 Barbara Drake Boehm ,Melanie Holcomb, 2016-09-14 Medieval Jerusalem was a vibrant international center home to multiple cultures faiths and languages Harmonious and dissonant voices from many lands including Persians Turks Greeks Syrians Armenians Georgians Copts Ethiopians Indians and Europeans passed in the narrow streets of a city not much larger than midtown Manhattan Patrons artists pilgrims poets and scholars from Christian Jewish and Islamic traditions focused their attention on the Holy City endowing and enriching its sacred buildings creating luxury goods for its residents and praising its merits This artistic fertility was particularly in evidence between the eleventh and fourteenth centuries notwithstanding often devastating circumstances from the earthquake of 1033 to the fierce battles of the Crusades So strong a magnet was Jerusalem that it drew out the creative imagination of even those separated from it by great distance from as far north as Scandinavia to as far east as present day China This publication is the first to define these four centuries as a singularly creative moment in a singularly complex city Through absorbing essays and incisive discussions of nearly 200 works of art Jerusalem 1000 1400 Every People Under Heaven explores not only the meaning of the city to its many faiths and its importance as a destination for tourists and pilgrims but also the aesthetic strands that enhanced and enlivened the medieval city that served as the crossroads of the known world

Christians and the Holy Places Joan E. Taylor, 1993 The origins of Christian holy places in Palestine and the beginnings of Christian pilgrimage to these sites have seemed obscure From a detailed examination of the literature and archaeology pertaining to specific sites and the region in general the present author finds no evidence that Christians of any kind venerated holy places before the fourth century It appears that scholarly Christians had visited certain Biblical sites out of historical and exegetical concerns but that these sites were not considered holy or the visitors as pilgrims Instead the origins of Christian pilgrimage and holy places rest with the emperor Constantine who established four basilicas in Palestine c 325 30 and provided two imperial matrons Helena and

Eutopia as examples of a new kind of pious pilgrim Pilgrimage to intrinsically sacred shrines had been a pagan practice which was grafted on to Christianity Many Jewish Samaritan and pagan sites were thereafter appropriated by the church and turned into Christian holy places This process helped to destroy the widespread paganism of Palestine and mark the country as a holy land Very few sites are genuine the most important being the cave not Garden of Gethsemane in which Jesus was probably arrested **Palestina 1927** Luciano Morpurgo,2001 *The Writer's Directory, 1998-2000* Miranda H.

Ferrara,1995 Information on more than 17 500 living authors from English speaking countries **The Routledge Research Companion to Heritage and Identity** Peter Howard,2016-03-16 Heritage represents the meanings and representations conveyed in the present day upon artifacts landscapes mythologies memories and traditions from the past It is a key element in the shaping of identities particularly in the context of increasingly multicultural societies This Research Companion brings together an international team of authors to discuss the concepts ideas and practices that inform the entwining of heritage and identity They have assembled a wide geographical range of examples and interpret them through a number of disciplinary lenses that include geography history museum and heritage studies archaeology art history history anthropology and media studies This outstanding companion offers scholars and graduate students a thoroughly up to date guide to current thinking and a comprehensive reference to this growing field [The Nazareth Capitals and the Crusader Shrine of the Annunciation](#) Jaroslav Folda,1986 A discussion of the function and iconography of the five Nazareth capitals and related sculptures from the site of the Shrine of the Annunciation which were found buried in pristine condition in a grotto just outside the north door of the Crusader church **The Living Church** ,1981-07 [Green Crescent Over Nazareth](#) Raphael Israeli,2014-04-08 This is the story of the cultural and political struggle between Christians and Muslims and of the rapid Islamicization of Nazareth the birthplace of Christianity ironically under the rule of the Jewish State of Israel

[The Writers Directory](#) ,1996 **International Books in Print** ,1979 **Israel's Palestinians** Ilan Peleg,Dov Waxman,2011-06-06 Arguing that a comprehensive and lasting solution to the Israeli Palestinian conflict depends on a resolution of the Jewish Palestinian conflict within Israel as much as it does on resolving the conflict between Israel and Palestinians in the Occupied Territories this timely book explores the causes and consequences of the growing conflict between Israel's Jewish majority and its Palestinian Arab minority It warns that if Jewish Arab relations in Israel continue to deteriorate this will pose a serious threat to the stability of Israel to the quality of Israeli democracy and to the potential for peace in the Middle East The book examines the views and attitudes of both the Palestinian minority and the Jewish majority as well as the Israeli state's historic approach to its Arab citizens Drawing upon the experience of other states with national minorities the authors put forward specific proposals for safeguarding and enhancing the rights of the Palestinian minority while maintaining the country's Jewish identity *In the Fullness of Time* Paul L. Maier,1991 This engaging and beautifully written narrative sheds a brilliant new light on the life of Jesus and the courageous men and women who carried His message

Pilgrims and Pilgrimages as Peacemakers in Christianity, Judaism and Islam Antón M. Pazos,2016-04-08 Pilgrimages can be analysed as acts of conflict such as the Crusades or also as platforms for relationship building and rapprochement between religions With a set of contributions from leading experts in the field this book explores the concept of pilgrimage in Christianity Judaism and Islam Some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are explored ranging from Europe to Asia and from the Middle Ages to the twentieth century Even though every pilgrimage that is investigated here has helped to link different worlds the case studies show that this relationship rarely led to a better in inter understanding Nowadays peaceful coexistence seems to be its greatest achievement
