Basis Of Morality:

The Basis of Morality Arthur Schopenhauer, 2012-09-06 Persuasive and humane this classic of philosophy represents one of the nineteenth century's most significant treatises on ethics. The Basis of Morality offers Schopenhauer's fullest examination of traditional ethical themes and it articulates a descriptive form of ethics that contradicts the rationally based prescriptive theories. Starting with his polemic against Kant's ethics of duty, Schopenhauer anticipates the latter-day critics of moral philosophy. Arguing that compassion forms the basis of morality, he outlines a perspective on ethics in which passion and desire correspond to different moral characters, behaviors, and worldviews. In conclusion, Schopenhauer defines his metaphysics of morals, employing Kant's transcendental idealism to illustrate both the interconnectiveness of being and the affinity of his ethics to Eastern thought.

On the Basis of Morality Arthur Schopenhauer, 2019-08-15 This edition, originally published by Berghahn Books, Schopenhauer's treatise on ethics is presented here in E. F. J. Payne's definitive translation based on the Hubscher edition, Wiesbaden, 1946/1950. This edition includes an Introduction by David Cartwright, a translator's preface, biographical note, selected bibliography, and an index. For convenient reference to passages in Kant's work discussed by Schopenhauer, Academy edition numbers have been added.

The Basis of Morality Arthur Schopenhauer, 2019-11-19 In *The Basis of Morality*, Arthur Schopenhauer presents a philosophical treatise that systematically explores the ethical foundations of human behavior, arguing for a moral framework grounded in compassion and the recognition of shared suffering. Written with Schopenhauer's signature clarity and depth, this work reflects the intellectual currents of the 19th century, navigating through idealism and utilitarianism while critiquing prevailing rationalist approaches to ethics. The text is meticulously organized, interweaving metaphysical principles with practical ethical considerations, ultimately advocating for a moral philosophy that transcends self-interest through empathy towards others.

Arthur Schopenhauer, a prominent German philosopher of the early 19th century, is best known for his pessimistic worldview and exploration of human desires. His own struggles with social engagement and personal discontent can be seen as formative experiences that shaped his ethical perspectives. Influenced by Eastern philosophies, particularly Buddhism and Hinduism, Schopenhauer's approach to morality emphasizes the interconnectedness of sentient beings, prompting a call for a more compassionate understanding of human interactions. A response to the stark realities of suffering he perceived in the world, *The Basis of Morality* is an indispensable read. It not only offers rigorous philosophical arguments but is also a meditation on the human condition that resonates deeply in today's ethical discourse. By examining the foundations of moral thought, readers gain valuable insights that provoke reflection on their own ethical beliefs and the nature of human coexistence. In this enriched edition, we have carefully created added value for your reading experience. A succinct Introduction situates the work's timeless appeal and themes. The Synopsis outlines the central plot, highlighting key developments without spoiling critical

twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing An Author Biography reveals milestones in the author s life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

On the Basis of Morality Arthur Schopenhauer, 2014-02-20 The nineteenth century produced many different systems of ethics While Kant Nietzsche Mill and Hegel all contributed greatly to ethical thought the greatest contribution may have come from Arthur Schopenhauer On the Basis of Morality is not only a beautifully written book it s quite simply a very convincing and humane exposition on ethics Schopenhauer s rightly hailed literary style is especially lucid here and On the Basis of Morality is much more of an immediately digestible read as compared to The World as Will and Representation Schopenhauer s elegant polemic against Kant s ethics of duty i e the categorical imperative is very effective Schopenhauer deconstructs Kant s rational ethics with such prodding efficiency that it s amazing that Schopenhauer isn t mentioned more frequently as a corrective to Kant s ethical thought Schopenhauer also makes it a point to mention that Kant s ethics rely heavily on theism albeit in a clandestine way Schopenhauer s ethical thought is atheistic to the core The main thesis that Schopenhauer argues is that the basis of morality is compassion In other words the vast majority of so called moral acts that we commit are in fact nothing of the sort They are merely self interested acts that we perform to either do what we are supposed to do or because we will receive some sort of compensation Schopenhauer s definition is quite different only completely altruistic acts are moral Another aspect of On the Basis of Morality that many find so appealing is that it mixes Kant s transcendental idealism with a Buddhist sense of compassion for all sentient beings Schopenhauer appropriated Kant s idealism of the thing in itself and he defines that as a blind will to live that permeates all things Therefore everything is interconnected via the Will Schopenhauer reiterates that true morality is compassion for ALL living beings not humans alone Schopenhauer was very much ahead of his time in this respect This is a great book by a great philosopher and it deserves to be read

The Basis of Morality Annie Besant, 2019-12-02 In The Basis of Morality Annie Besant delves into the intricate interplay between ethics spirituality and human behavior Written with a clarity that invites both intellectual rigor and personal reflection Besant artfully examines the foundations of moral principles through the lens of Theosophy a philosophical system she ardently championed The work is distinguished by its blend of philosophical discourse and practical application challenging readers to scrutinize societal norms while exploring the higher ideals that govern ethical conduct As Besant posits morality is not merely a collection of rules but a deep seated understanding of interconnectedness among all living beings Annie Besant was a prominent social reformer writer and lecturer whose life journey traversed the realms of theosophy women s rights and Indian independence Her profound commitment to social

justice and her belief in the spiritual evolution of humanity influenced her philosophical thought and writing Besant's synthesis of Eastern and Western philosophies provides an enriching backdrop for her exploration of morality drawing from a wealth of cultural and spiritual traditions Readers interested in the complexities of ethics and the quest for moral clarity will find *The Basis of Morality* an invaluable resource Besant's insights encourage a transformative understanding of morality that resonates with contemporary discussions around ethics making it a pertinent text for anyone seeking to navigate the moral landscape of our times

The Basis of Morality According to William Ockham Lucan Freppert,1988 *The Basis of Morality* Arthur Schopenhauer,1977 *The Basis of Morality* Annie Wood Besant,2020-12-08 In *The Basis of Morality* Annie Wood Besant explores the intricate interplay between ethics moral development and philosophical thought Written in a clear and engaging style the book combines elements of moral philosophy with a deep analysis of human nature and societal values Besant critiques traditional moral frameworks and presents her vision of morality as a dynamic process informed by both logical reasoning and empathetic understanding Grounded in the early 20th century context of social reform and spiritual awakening this work reflects a holistic approach to ethics rooted in both human experience and universal principles Annie Wood Besant was a prominent theosophist social reformer and women's rights advocate whose broad intellectual pursuits spanned various fields including philosophy religion and sociology Her rich life experiences from her advocacy for workers rights to her engagement with diverse spiritual traditions profoundly influenced her moral outlook Besant's commitment to fostering social justice and equality informs her exploration of moral philosophy making her insights relevant and poignant This thought provoking text is a must read for anyone interested in the foundations of ethical thought and the significance of morality in contemporary society Besant's incisive analysis challenges readers to reflect on their own moral beliefs and their implications for personal and social responsibility In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work's timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era's events and influences that shaped the writing An Author Biography reveals milestones in the author's life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work's messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read
