Crime and Deviance in Cyberspace David S. Wall, 2017-07-05 This volume presents the reader with an interesting and at times provocative selection of contemporary thinking about cybercrimes and their regulation The contributions cover the years 2002-2007 during which period internet service delivery speeds increased a thousand fold from 56kb to 56mb per second When combined with advances in networked technology these faster internet speeds not only made

new digital environments more easily accessible but they also helped give birth to a completely new generation of purely internet related cybercrimes ranging from spamming phishing and other automated frauds to automated crimes against the integrity of the systems and their content In order to understand these developments the volume introduces new cybercrime viewpoints and issues but also a critical edge supported by some of the new research that is beginning to challenge and surpass the hitherto journalistically driven news stories that were once the sole source of information about cybercrimes

Social Media in Higher Education Heather T. Rowan-Kenyon, Ana M. Martínez Alemán, 2016-10-03 Social media is central to postsecondary education It is how students engage with the campus community and campus leaders and practitioners are interested in how an institution can employ social media to impact instruction student services and institutional effectiveness in an increasingly competitive market This volume presents the current research and scholarship on social media that provides a view of the higher education landscape in this new digital age and it demonstrates how social media influence behavior and campus culture Drawing on a critical synthesis and analysis from recent research on this rapidly evolving phenomenon this monograph examines some of the assumptions and presumptions around social media how social media is used and how it shapes the student experience and student development and best practices for enhancing curricular and co curricular communities of practice This is the 5th issue of the 42nd volume of the Jossey Bass series ASHE Higher Education Report Each monograph is the definitive analysis of a tough higher education issue based on thorough research of pertinent literature and institutional experiences Topics are identified by a national survey Noted practitioners and scholars are then commissioned to write the reports with experts providing critical reviews of each manuscript before publication
