Cyprus Under An English King In The Twelfth Century:

Cyprus Under an English King in the Twelfth Century George Jeffery, 1926 **Cyprus Under an English King in the Twelfth Century** Geo Jeffery, 1926 **The Trial of the Templars in Cyprus** Anne Gilmour-Bryson, 2021-09-20 This major study includes a translation of all testimony heard during the Templar trial in Cyprus in 1310 or 1311 The trial is of immense importance to the study of the history of the order because of the large number of Templar witnesses seventy six many of high rank and the ancillary testimony of fifty six noblemen burghers and members of the regular and secular clergy What makes the trial especially significant is that torture appears not to have been used allowing witnesses to give their opinion of the order free of the usual constraint A large amount of testimony omitted from the Latin edition appears here for the first time Witnesses are cross referenced to other Templar trials or to Cypriot notarial documents The work is completed by photographs maps an exhaustive index lists of witnesses and bibliography *Feud, Violence and Practice* Tracey L. Billado, 2016-04-15 This collection presents an innovative series of essays about the medieval culture of Feud and Violence Featuring both prominent senior and younger scholars from the United States and Europe the contributions offer various methods and points of view in their analyses All however are indebted in some way to the work of Stephen D White on legal culture politics and violence White s work has frequently emphasized the importance of careful closely focused readings of medieval sources as well as the need to take account of practice in relation to indigenous normative statements His work has thus made historians of medieval political culture keenly aware of the ways in which various rhetorical strategies could be deployed in disputes in order to gain moral or material advantage Beginning with an essay by the editors introducing the contributions and discussing their relationships to Stephen White s work to the themes of the volume to each other and to medieval and legal studies in general the remainder of the volume is divided into three thematic sections The first section contains papers whose linking themes are violence and feud the second section explores medieval legal culture and feudalism whilst the final section consists of essays that are models of the type of inquiry pioneered by White The Crusades James F. McEaney, 2002 Crusades A Bibliography With Indexes The Dream and the Tomb Robert Payne, 1984 This is a comprehensive account of the eight religious wars between the Christian West and the Muslim East that dominated the Middle Ages Calling themselves pilgrims of Christ thousands of Europeans from all stations in life undertook the harsh and bloody quest to reclaim Jerusalem the Church of the Holy Sepulchre and Christ s tomb for Christendom Robert Payne brings to life every step of the Crusaders thousand mile journey the deprivation the desperate rapacious and brutal raids for food and supplies the epic battles for Antioch Jerusalem and Acre the barbarous treatment of captives and the quarrelling European princes who vied for power and wealth in the Near East An epic tale of the glorious and the base of unshakable faith and unspeakable atrocities The Dream and the Tomb captures not only the events but the very essence of the Crusades
