Outline of Romanian History ,1984 *Romanian Continuity in Roman Dacia* Virgiliu Ștefănescu-Drăgănești,1986

Romania Lucian Boia,2001 Romania occupies a unique position on the map of Eastern Europe It is a country that presents many paradoxes In this book the preeminent Romanian historian Lucian Boia examines his native land s development from the Middle Ages to modern times delineating its culture history language politics and ethnic identity Boia introduces us to the heroes and myths of Romanian history and provides an enlightening account of the history of Romanian Communism He shows how modernization and the influence of the West have divided the nation town versus country nationalists versus pro European factions the elite versus the masses and argues that Romania today is in chronic difficulty as it tries to fix its identity and envision a future for itself The book concludes with a tour of Bucharest whose houses streets and public monuments embody Romania s traditional values and contemporary contradictions **The Lost Romans** Mircea Davidescu,2013-09-04 In AD 101 the Roman Empire undertook the largest military campaign in its history Trajan s Dacian Wars It was followed by the Roman colonization of Dacia the greatest colonization effort in antiquity and what would be the first step in the making of the Romanian people Yet less than 200 years later Rome would have to abandon Dacia along with its hundreds of thousands of colonists due to an unprecedented onslaught of barbarian invasions This book covers the fate of those left behind how they survived the fall of the empire and adapted to barbarian rule How these Roman colonists the ancestors of the Romanians survived and persevered in a land that was host to a Who s Who list of barbarian tribes is both fascinating and mysterious The Lost Romans seeks to set the record straight and answer how the Romanians became the island of Latin culture they are today With an armory of historical and archaeological evidence and a dash of good humor this book takes the reader on a ride through over two thousand years of civilization and a bit of barbarity Mircea s comedic and critical view of history spares no one barbarian kings Roman emperors and outlandish historical theories are all given an equal roasting in the book s quest to uncover the truth about what happened in this little known part of Europe This book provides an entertaining and illuminating read for those wishing to learn more about late antiquity in Southeastern Europe and how the Roman Empire acted as a force for cultural change on the barbarians at its borders It also focuses on an aspect oft forgotten namely the cultural contributions of the wandering barbarian tribes on the local Romanized people Both the history of the Romanians and the controversies that have surrounded it are thoroughly investigated Helpful illustrations and an accessible bibliography containing hundreds of sources provide for a highly informative overview of late Roman and early Romanian history and give a firm launching pad for those wishing to delve deeper into Roman Romanian and Eastern European history in general **The Romanians, 1774-1866** Keith Hitchins,1996 This original and ground breaking work

examines the building of the European nation which became Romania in 1859 The evolution of the Romanians in the century between the 1770s and the 1860s was marked by a transition from long established agrarian economic and social structures locked into an essentially medieval political system to a society moulded by urban and industrial values and held together by allegiance to the nation state This fascinating analysis of the building of a European nation state is the first detailed account of the Romanians during this dramatic period *Encyclopedia of European Peoples* Carl Waldman, Catherine Mason, 2006 Presents an alphabetical listing of information on the origins prehistory history culture languages relationships to other cultures and more regarding European peoples **Dacians-Romans-Romanians** Gabor Vekony, 2000 **Great War and the Romanians** Nicolae Petrescu-Comnène, 2022-09-01 Written during the First World War this book describes Romania's role in World War I during the critical years of 1916 and 1917 The book analyzes the situation of the Romanians living within the borders of the Austro-Hungarian Empire at the time and the causes for Romania's entry into the war The author then discusses Romania's contribution to the war effort during 1916 and the first half of 1917 An important record of events for historians interested in the First World War on the Eastern Front it includes several essential historical documents that illustrate the author's account of the events of the time The book also has a preface by Albert Thomas French minister of Armaments and War Production at that time and Maurice Muret It is a valuable first hand account of Romania's involvement in World War I The author Nicolae Petrescu Comnène was an important Romanian diplomat of the interwar period He served as ambassador to Switzerland Germany and the Vatican as well as a delegate at the League of Nations before becoming foreign minister from 1938 to 1939 He authored numerous studies on history law and politics *From Ancient Dacia to Modern Romania* Mircea Muşat, Ion Ardeleanu, 1985 *The Romanian Cinema of Nationalism* Onoriu Colăcel, 2018-10-25 Prior to the collapse of communism Romanian historical movies were political encouraging nationalistic feelings and devotion to the state Vlad the Impaler and other such iconic figures emerged as heroes rather than loathsome bloodsuckers celebrating a shared sense of belonging The past decade has however presented Romanian films in which ordinary people are the stars heroes go-getters swindlers and sore losers The author explores a wide selection old and new of films set in the Romanian past Re-Configuring Romanian Culture on its Way Towards Modernity Alexandra Chiriac, 2022-09-26 As a direct result of an international conference organized in the year 2021 the volume tries to shed light on the way in which the translation activity contributed to the Romanian culture and language drawing from different traditions and cultures it came in contact with directly or indirectly and thus mingling the own Slavonic church tradition with the new and revolutionary ideas of the Western world and using this mix to modernise the society language and the politics in this region Furthermore this eclectic collection of articles highlights the fact that it was neither the exclusive merit of the Transylvanian scholars nor of the Moldavian or Wallachian ones to have contributed decisively to the formation of the national consciousness and to the standardisation of the language but it was rather the collaboration the circulation of people and ideas that furthered the

modernity in all three Romanian Principalities Without disregarding the regional specificity of the Romanian Enlightenment the volume focuses on the interconnections of the agents involved in the cultural transfer on the networks they created for the dissemination of knowledge and political thought and on the common effort to render the new ideas and concepts of the foreign cultures in a national language that could be accessible to the Romanians **Nationalism and Identity in**

Romania Radu Cinpoes, 2010-09-21 The collapse of communism in Central and Eastern Europe produced a fundamental change in the political map of Europe In Romania nationalism re emerged forcefully and continued to rally political support against the context of a long and difficult transition to democracy Extreme right wing party The Greater Romania Party gained particular strength as a major political power and its persuasive appeal rested on a reiteration of nationalism and identity and themes such as origins historical continuity leadership morality and religion that had been embedded in Romanian ideological discourse by earlier nationalist formations Radu Cinpoes here examines the reasons for the strength and resilience of nationalism in Romania from the formation of the state to its accession in the EU *Cultural*

Transformations After Communism Barbara Törnquist-Plewa, Krzysztof Stala, 2011-01-08 Focusing on the profound transformation in Central and Eastern Europe since the fall of the Iron Curtain this record analyzes complex cultural dimensions such as lifestyles habits value markers and identity Written by a group of experts it presents case studies from the former communist countries that are members of the European Union today and attempts to answer crucial questions about the constructions of a new identity in the region Have the processes of democratization and opening the borders produced mentality changes and new value systems Is there a convergence of values and cultures between the new and old EU members Have there been backlashes in the processes of reconstructing national identities This book is a valuable resource for anyone interested in European integration issues of national identity and the politics and culture of the post Communist countries The Blackwell Companion to Eastern Christianity Ken Parry, 2010-05-10 THE BLACKWELL

COMPANION TO EASTERN CHRISTIANITY Consistently highly readable and engrossing This is an excellent overview of Eastern Christianity Expository Times A masterful description of the major living traditions of Eastern Christianity Its 24 chapters each written by an accomplished scholar in the field address the dominant ethnic and cultural categories of Eastern Christianity Arab Byzantine etc along with their most characteristic features liturgy iconography and hagiography Each offers a concise well organized and highly readable overview of the tradition in question along with a representative bibliography Highly recommended CHOICE Christian emigration not least from the Middle East means that there are growing communities of Eastern Christians in the West Eastern Christians are now companions to Western and the latter will learn much about the former from this Blackwell companion Church Times A distinctive addition to the companion series and to its chosen sphere of knowledge Reference Reviews A worthwhile collection and one that should prove useful Ecclesiastical History Recent political events in the Middle East and Eastern Europe have brought Eastern Christianity to global attention

Letters to My Romanian Gray Wolf Texas Colt Gibson, 2014-03-14 The rise of her is the fall of you The kingdom of this girl is your ring of fire your raging desire This girl this beautiful and gorgeous girl has the power to stop our hearts with one look into her eyes Those deep dark eyes within those eyes I can see my beginning and end I can see her seeing me This girl this girl has stopped my heart frozen in her storm Her eyes are relentless relentlessly pulling you into her storm The storm raging in her is seen through her eyes The wind twirling around us all is her moving toward you The rain falling on us all is your heart melting for her [Romania](#) ,1975

Myth, Identity, and Conflict Anamaria Dutceac Segesten, 2011-01-01 Myth Identity and Conflict A Comparative Analysis of Romanian and Serbian Textbooks by Anamaria Dutceac Segesten is an examination of how history and politics became entangled in Romania and Serbia In it Segesten asks questions like Is myth present in the history textbooks of Romania and Serbia If so are there differences in the ways these myths define the in group and the relationship with the Other between a country that experienced interethnic conflict Serbia and a country that did not Romania Do textbooks affect the odds that conflict will occur Segesten s findings confirm the presence of mythologized versions of the past in the history textbooks of both countries over the entire fifteen year period studied 1992 2007 despite claims for professionalization of textbook making Myths of noble origins of heroism and victimhood appear in both cases Segesten finds the language to be ideological and in favor of the ethnic majority even if over time there is a slow tendency towards moderation especially in Romania probably due to the influence of the European Union Ultimately Myth Identity and Conflict by Anamaria Dutceac Segesten questions the alleged power of history textbooks to make a difference in ethnically divided societies prone to conflicts
