 white minority in a violent time and place in northern New Mexico in the 1970s It was not unusual for him to see tanks and  
 armed military in his neighborhood News of kidnapping torture and assassinations were not surprising This environment has  
 given Louis a lifelong backdrop to struggling with what Justice Righteousness and God s Rule of Law means to both citizens  
 and their government From his experience and knowledge of Biblical doctrine and Church history Dr Day exposes much  
 avoided topics and truths about God s warrior heart and the King of king s call to arms for both now and eternity God expects  
 His people to be and throughout history they have been an overwhelming force to be reckoned with It was His people who  
 brought the Roman Empire to its knees ended slavery on two continents and has built more hospitals orphanages and schools  
 of higher learning than any other people group in world history It was His Rule of Law that gave the foundations to the  
 American Constitution There are lines in the sand that God expects both government and His people not to cross When they  
 are crossed the King expects there to be a fight for the good of all peoples This author writes this book in hopes to cause a

revolution among God's people as they rediscover their identity by hearing their King's heartbeat for Justice and truth from His Rule of Law for all peoples      A Guide to Biblical Commentaries and Reference Works John F. Evans, 2016-05-03 A Guide to Biblical Commentaries and Reference Works by John F. Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its interpretive usefulness especially for evangelical interpreters of the Bible A Guide to Biblical Commentaries and Reference Works is essentially an annotated bibliography of hundreds of commentators More scholarly books receive a longer more detailed treatment than do lay commentaries and highly recommended commentaries have their author's names in bold The author keeps up on the publication of commentaries and intends to update this book every three to four years      **Dominion over Wildlife?** Stephen M. Vantassel, 2009-04-01 For centuries Christians believed that God granted humanity dominion over the animal kingdom meaning that we had a moral right to kill manage and eat animals including wildlife Recently however environmental and animal rights activists have assaulted this traditional perspective They argue that dominion as expressed in meat eating and hunting has resulted in species extinction and environmental degradation Christian Animal Rights CAR activists suggest that the church must reevaluate its traditional beliefs in light of the fact that God's original creation was free of human on animal violence God they argue did not want man's dominion to be expressed through trapping killing and eating of animals These violent activities only came about after the Fall as God condescended to our hardness of heart CAR activists point to Christ's sacrificial work of reconciliation as a model for modern Christian behavior as Christ sacrificed for us we should avoid eating meat and hunting as ways we can participate in Christ's non violent work of reconciling creation to himself In this book Stephen Vantassel investigates the biblical ethical and scientific arguments employed by the CAR movement concerning human wildlife relations In this regard the book engages in practical theology by addressing several important questions How should Christians treat our wildlife neighbors Has the Church been wrong in its understanding of human dominion Does God want Christians to avoid hunting trapping fishing and to adopt a vegetarian lifestyle This book provides answers to these questions by detailing a theology the author calls Shepherdism      *American Book Publishing Record* , 2005      **A Biblical Approach to Personal Suffering** Walter C.
