This volume will provide readers with a broad overview of the latest advances in the field of Engineering Education and Management. It will also constitute a valuable reference work for researchers in the fields of Engineering Education and Management.

Engaging Older Adults with Modern Technology: Internet Use and Information Access Needs

Zheng, Robert Z., 2012-08-31 The study of older adults and internet use has emerged as a specific area of interest which covers a wide range of topics ranging from behaviors of senior adults in information search to attitude toward the internet to the use of the internet for personal and health issues and to cognitive constraints of seniors in Internet use. *Engaging Older Adults with Modern Technology: Internet Use and Information Access Needs* takes a structured approach to the research in aging and digital technology in which older adults' use of internet and other forms of digital technologies is studied through the lenses of cognitive functioning, motivation, and affordances of new technology. This book identifies the role and function of internet and other forms of digital technology in older adult learning. It also bridges the theories with practices in older adults' internet/digital technology use by focusing on effective design and development of internet and other digital technologies for older adults' learning. This title is targeted towards educators globally with an emphasis on diverse aspects in older adult and internet learning that include learner characteristics, cognition, design principles, and applications.

Subcommittee on Technology, Environment, and Aviation, 1994 *The Environment, Our Natural Resources, and Modern Technology* Thomas R. DeGregori, 2008-06-02 Always controversial Thomas DeGregori has released another classic volume that is sure to inform, confound, and present new perspectives on today's environmental issues. This time he is taking on the environmentalists, naturalists, green consumerists, and those that hail the natural lifestyle as the healthy

politically correct thing to do DeGregori examines the economics of green consumerism the reality of saving the environment how historical cultures may have influenced environmental damage and how being ecologically correct may have a more damaging effect on our environment Not just a regurgitation of theories DeGregori offers real time strategies and alternatives to enhance our natural resources and our environment in harmony with today s modern technology This is the book everyone will be talking about for years to come Interactive Learning and the New Technologies C.
