Enchantment C. Stephen Jaeger, 2012-03-19 What is the force in art C Stephen Jaeger asks that can enter our consciousness inspire admiration or imitation and carry a reader or

viewer from the world as it is to a world more sublime We have long recognized the power of individuals to lead or enchant by the force of personal charisma and indeed in his award winning *Envy of Angels* Jaeger himself brilliantly parsed the ability of charismatic teachers to shape the world of medieval learning In *Enchantment* he turns his attention to a sweeping and multifaceted exploration of the charisma not of individuals but of art For Jaeger the charisma of the visual arts literature and film functions by creating an exalted semblance of life a realm of beauty sublime emotions heroic motives and deeds godlike bodies and actions and superhuman abilities so as to dazzle the humbled spectator and lift him or her up into the place so represented Charismatic art makes us want to live in the higher world that it depicts to behave like its heroes and heroines and to think and act according to their values It temporarily weakens individual will and rational critical thought It brings us into a state of enchantment Ranging widely across periods and genres *Enchantment* investigates the charismatic effect of an ancient statue of Apollo on the poet Rilke of the painter Durer's self portrayal as a figure of Christ like magnificence of a numinous Odysseus washed ashore on Phaeacia and of the black and white projection of Fred Astaire dancing across the Depression era movie screen From the tattoos on the face of a Maori tribesman to the haunting visage of Charlotte Rampling in a film by Woody Allen Jaeger's extraordinary book explores the dichotomies of reality and illusion life and art that are fundamental to both cultic and aesthetic experience

Joyce's Finnegans Wake John P. Anderson, 2014-09-01 This tenth in a series concludes this groundbreaking word by word analysis of Finnegans Wake the literary monument which records James Joyce's desperate search for spiritual connection In the chapter covered by this volume the main connecting links are reincarnation of ALP and reincarnation of the novel itself For his last weave Tikkun Master Joyce joins strands of Kabbalah and Hinduism to launch a fully realized ALP She comes to roost but in a new home on the far shore ALP realizes independence as she throws off fear of the church of males and of death The pivotal event for this purpose is closure provided by the funeral for Father Michael ALP's sexmailer The resulting freedom gives her independence as well as what she already had her instinctive charitable nature Given the unity of FW it will come as no surprise that with this final development ALP shares soul with three of Joyce's examples of godliness Jesus Buddha and highest art produced by humans They all share the weave of independence and charity Joyce's conditions for the sacred And these conditions turn on light within This chapter opens with the arrival of morning light within the Earwicker household and is anchored by a culminating debate between a dogmatic Catholic and a meditating Celt about reflected versus absorbed color think absorbed light as light within Joyce chose light for this purpose because in a manner of speaking light is also a mixture of independence and charity Independent of the observer and time and space light shows charity at the subatomic level Light being absorbed shares vibrational energy with and thus energizes sympathetic electrons of the absorbing material becoming light within By contrast light reflected is not absorbed and does not energize Energy wise it is wasted Joyce presents ALP as having absorbed divine energy She lights up from within with independent voltage Reflecting her new realization the final subject in ALP's stream of consciousness is herself in the present in the stream of life With this focus ALP merges into the novel and they both reincarnate back to the beginning The novel reincarnates by way of the joinder of the incomplete sentence fragment in the last line with the incomplete sentence fragment in the first line of Chapter 1 Together they make a whole ALP's spirit reincarnates to a new birth mother so as to assist in Tikkun which so far is incomplete Her reincarnated soul is to light up from within as it is absorbed by a newly born

infant So as we finish this reading of FW we uncover a mother lode of connections in Joyce's light ALP merges into FW ALP's soul reincarnates into another the book joins its ending with its beginning in a reincarnation of rereading and new meanings and a punning connection from Kabbala holds it all together Connections connections connections New Masters of Photoshop Josh Fallon, Paul Sinclair, Adrian Luna, Colin Smith, Derek Lea, Gavin Cromhout, Michael Young, Tim Bird, Michael Cina, Jens Magnus Karlsson, Norma V Toraya, Wojtek Madej, Johann Terrettaz, Peter Stanick, Yoshi Sodeoka, Eun-Ha Paek, Catherine McIntyre, 2013-11-27 Computer Arts Magazine Dec 2001 If you use Photoshop and want to progress your skills this book will open your eyes www.pixelsurgeon.com This book is a tempting friendly design gigolo and will do absolutely anything you ask of it DT and filters are treated with the sensitivity and discretion they require The CD contains Audio video and written interviews with the authors Source files for the tutorials Unflattened Photoshop files for closer inspection About the Author Michael Cina Michael Cina is an artist and designer living in a small village outside of Minneapolis he creates stuff mikecina.com and things trueistrue.com out of his house in that village companies like mtv or adobe may even call him to do some work every now and then he leaves his village to speak at design conferences often he will leave his house to buy cds or books or both if he got paid otherwise he rides his bike fishes chases his cat or girlfriend takes pictures makes fonts paints e mails people struggles over writing things like books and bios currently michael is working on his new company weworkforthem.com with michael young WeWorkForThem is half art and half design studio Mike Young Mike Young is an artist currently residing in Washington DC USA Mike has created and maintained sites such as designgraphik.com and submethod.com and is currently starting weworkforthem.com with Michael Cina of trueistrue.com While working on these projects Mike has also served as art director for two years at Vir2l Studios where he directed and designed on projects such as vir2l.com which won prestigious awards such as the New York Festivals New Media Competition Cannes Cyber Lion Gold Clio Award Art Directors Club and also Invision Award Not only has Mike worked on many personal and experimental web art based projects but also he has worked with clients such as MTV Dc Shoes Mercury Automobiles Dj Dieselboy Dj Dara Dj Ak1200 and Walker Art Center Jens Magnus Karlsson Jens Karlsson is a Swedish digital artist and designer He studied information and advertising for four years partly in the US and later graduated from Hyperisland School of New Media Design At Hyperisland Jens worked as a freelance art director along with his studies doing print animation and online work for clients such as CBS Sony Volkswagen and Digital Vision From there he moved on to a position as Senior Designer at Kioken Incorporated Jens is currently a freelance designer through Chapter3 net and he is actively involved in enriching the online design culture with news articles and events mainly as assistant creative director at threeoh.com
