The book then proceeds to cover specific cases of liability such as professional liability, liability of public bodies, abuse of rights, injury to reputation and privacy, vicarious liability, liability of parents and teachers, liability for handicapped persons, product liability, environmental liability, and liability connected with road and traffic accidents. Principles of causation, grounds of justification, limitations on recovery, assessment of damages and compensation, and the role of private insurance and social security are all closely considered. Its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable resource for lawyers in Greece. driven lending and similar will become the main development in the 2010s and 2020s One can speak of a green box approach that establishes clear firm holds within an area characterized by autonomous choice free markets including the Internal Market The second answer is more multi faceted The range of possibilities of private party claims and participation rights rises enormously as it did before in other regulatory areas namely in competition law with intervention of the CJEU and the EU legislature This ranges from credit institutions themselves more actively contributing to best practices and self regulation to claims of private parties creditors customers against credit institutions not complying with the regulatory regime and finally enhanced procedures for enforcement by private parties as private advocates general The volume closes with a case study of the Foreign Currency Loans crisis namely in Central Europe which may also become a huge test case for the new architecture but at least raises parallel questions With Contributions by Esther Arroyo Universitat de Barcelona Alessandra De Aldisio Senior advisor Banca d Italia Nikolai Badenhop Leibniz Institute for Financial Research SAFE Frankfurt Ewa Baginska University of Gdansk Fran ois Barri re University of Lumi re Lyon II Stefan Grundmann Humboldt University Carlo Lanfranchi Banca d Italia Moritz Renner University of Mannheim Michael Schillig King s College London Pietro Sirena Bocconi University and Piotr Tereszkiewicz Jagellonian University
