

3 Playing the Game

TIME CONTROLS Learn more: chess.com/terms/chess-time-controls

Before you begin to play, it is important to decide how much time each player receives to play the entire game and if any time will be added to the clock after each move (increment). If a player runs out of time before making their move, they automatically lose the game.

MAKING MOVES

The player with the white pieces always makes the first move. After that, the players take turns making moves until the game ends. You may move your pieces to any square that is either unoccupied or occupied by an opponent's piece. When you move to an occupied square you capture that opposing piece and remove it from the board.

CHECK Learn more: chess.com/terms/check-chess

When a king is attacked, it is called check. Check is like saying, "Watch out! The king is attacked!" Since a king can never be captured, the term "check" is used when a king is threatened. **If a player is in check, they must get out of check!**

THERE ARE 3 WAYS TO GET OUT OF CHECK:

1. Move the king out of check.

2. Block the check with another piece.

3. Capture the piece putting the king in check.
