Paul Ramsey

Basic Christian Ethics:

Basic Christian Ethics Paul Ramsey, 1950-01-01 This treatise on Christian ethics is one of the most thoughtful and comprehensive presentations of the subject we have had in many years It should be of inestimable value not only to the general reader but also to students and classes in our colleges and seminaries Reinhold Niebuhr Part of Westminster's Library of Theological Ethics series Basic Christian Ethics Paul Ramsey, 1954 Basic Christian Ethics Paul Ramsey, 1942 *Basic Christian Ethics* Henry Stob, Calvin Theological Seminary, 1965 Fundamental Christian Ethics Daniel Heimbach, 2022-11-01 In *Fundamental Christian Ethics* Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues **Faith & Action** Heinz Horst Schrey, 1970 *Ramsey's Basic Christian Ethics: a Critique* Peter Anthony Bertocci, 1952 *Christian Ethics* Bernard Hoose, 2000-04-20 This book is about the state of moral theology today It is written by an international team of academics including Tom Deidun Gerard J Hughes Joseph Selling Charles E Curran James F Keenan Richard M Gula and Karen Lebacqz among them some of the best known Christian ethicists in the English speaking world It is scholarly and authoritative and it is unique in that it brings together in one volume for the first time all the main themes in fundamental and applied moral theology The essays are framed by an introduction which acknowledges the major recent developments in the field and observes that denominational differences in Biblical interpretation do not overcome the fact that for most Scripture alone does not provide a sufficient basis for Christian ethics Therein lies the need for this volume which explores different topics pertaining to Christian ethics and draws on theories and understandings formed across the centuries **Basic & Applied Christian Ethics** Patrick Enoch Nmah, 2004

Christian Ethics Robin W. Lovin, 2010-03-01 In this excellent outline of Christian ethics Robin W Lovin achieves a balance between the questions and issues which form the core of the study of ethics and the life situations from which those questions arise Eschewing a sectarian approach which dismisses other understandings of the moral life Lovin nonetheless lays claim to a specifically Christian understanding of ethics He begins with basic Christian convictions about the reality of God and human redemption and weaves these convictions into the fabric of moral concerns that are widely shared in contemporary society He takes note of the problems that arise when Christians try to act on or enforce their convictions in a pluralistic society and recognizes the variety of theological and moral beliefs that are held within the Christian community as well as in the wider society **Biblical Ethics** Thomas Buford Maston, 1982 **Christian Ethics and Moral Values** Albert D'Souza, 2005 **The Essential Paul Ramsey** Paul Ramsey, 1994-01-01 Paul Ramsey was one of the most important ethicists of the twentieth century From the publication of his classic *Basic Christian Ethics* in 1950 until his death in 1988 his writings decisively shaped moral discourse and reflection in the areas of theology law politics and medicine This collection of Ramsey's most important essays on Christian political and medical ethics displays the scope and depth of his vision

highlighting both the character of his theological commitments and the continuing significance of his work for the pressing moral problems of our day Selections deal with such issues as race relations sexuality and marriage war the meaning of Christian love abortion and medical care for the sick and dying A general introduction by William Werpehowski and Stephen D Crocco evaluates Ramsey s career and accomplishments and reviews contemporary criticism of his output and legacy Shorter introductions to each selection point out crucial themes and lines of development in Ramsey s thought

[Scripture, Tradition, and Reason in Christian Ethics](#) Bharat Ranganathan,Derek Alan Woodard-Lehman,2019-09-24 How should we understand the relationship between Christian ethics and religious ethics

Among comparative ethnographic and normative methodologies Between confessional and non confessional orientations or between theology and philosophy This volume brings together emerging religious ethicists to engage the normative dimensions of Christian ethics Focusing on scripture tradition and reason the contributors to this volume argue for a vision of Christian ethics as religious ethics Toward this end they engage with scripture interpretation and religious practice examine the putative divide between reason and tradition autonomy and heteronomy and offer proposals about the normative characterization of conceptual and practical issues in contemporary religious ethics Collectively the volume engages Christian thought to make an argument for the continuing relevance of normative methodologies in contemporary religious and theological ethics
