Jewish-Christianity and the History of Judaism Annette Yoshiko Reed, 2018-07-12 Jewish Christianity is a contested category in current research But for precisely this reason it may offer a powerful lens through which to rethink the history of Jewish Christian relations Traditionally Jewish Christianity has been studied as part of the origins and early diversity of Christianity Collecting revised versions of previously published articles together with new materials Annette Yoshiko Reed reconsiders Jewish Christianity in the context of Late Antiquity and in conversation with Jewish studies She brings further attention to understudied texts and traditions from Late Antiquity that do not fit neatly into present day notions of Christianity as distinct from Judaism In the process she uses these materials to probe the power and limits of our modern assumptions about religion and identity

The Sentences of Sextus and the Origins of Christian Asceticism Daniele Pevarello, 2013-11-19 Daniele Pevarello analyzes the Sentences of Sextus a second century collection of Greek aphorisms compiled by Sextus an otherwise unknown Christian author The specific character of Sextus collection lies in the fact that the Sentences are a Christian rewriting of Hellenistic sayings some of which are still preserved in pagan gnomologies and in Porphyry Pevarello investigates the problem of continuity and discontinuity between the ascetic tendencies of the Christian compiler and aphorisms promoting self control in his pagan sources In particular he shows how some aspects of the Stoic Cynic Platonic and Pythagorean moral traditions such as sexual restraint voluntary poverty the practice of silence and of a secluded life were creatively combined with Sextus ascetic agenda against the background of the biblical tradition Drawing on this adoption of Hellenistic moral traditions Pevarello shows how great a part the moral tradition of Greek paideia played in the shaping and development of self restraint among early Christian ascetics

When Jews and Christians Meet Jakob J. Petuchowski, 2012-02-01 When Jews and Christians Meet captures the present state of the Christian Jewish Dialogue in which it is taken for granted that good will has been established and that Christians and Jews have a great deal in common One can now appreciate the basic differences which remain between Judaism and Christianity without fear of giving offense With this assumption a number of Jewish and Christian scholars address several questions For example they ask what the future goals of Judaeo Christian studies should be and how the ecumenical aspirations of leading Christian and Jewish theologians can be translated into practice on a level which can be appreciated by the men and women in the pews of synagogues and churches In addition to such theoretical considerations the volume offers illustrations of how Bible study can be undertaken in both the Hebrew Bible and the New Testament by Jewish and Christian scholars addressing passages hitherto considered controversial with both a commitment to objective scholarship and a rootedness in their respective religious traditions Jeremiahs prophecy about the New Covenant and some of the Apostle Pauls statements about the Jews furnish the material for that joint enterprise

Is there a Judeo-Christian Tradition? Emmanuel Nathan, Anya Topolski, 2016-03-21 The term Judeo Christian in reference to a tradition heritage ethic civilization faith etc has been used in a wide variety of contexts with widely diverging meanings Contrary to popular belief the term was not coined in the United States in the middle of the 20th century but in 1831 in Germany by Ferdinand Christian Baur By acknowledging and returning to this European perspective and context the volume engages the

Fundamental Theology Gerald O'Collins, 2001-06-26. This book is an updated investigation of the central themes of fundamental theology: revelation, hermeneutics, faith, and its formulations, and the role of authoritative teaching in the Church. In a clear and balanced manner, Gerald O'Collins sums up the best of Roman Catholic teaching since Vatican II. Students and others who are reflecting on the nature of their Christian belief will find this book invaluable. The unique quality of this work, however, is its foundation in human experience. Before he probes the theological issues, O'Collins lays down a groundwork for understanding experience. It is not an attempt to turn fundamental theology into a subjective science, but it is a recognition that the reality of God always intersects with self-conscious human beings. While it does not touch all of the themes of fundamental theology, the book does provide in-depth treatment of revelation, tradition, and inspiration.
