D H Lawrence An Unprofessional Study:

D.H. Lawrence, an Unprofessional Study Anaïs Nin, 1932 D.H. Lawrence Anais Nin, 2012 Anais Nin's first book published in 1932 by Edward Titus in Paris was a critical examination of the work of controversial British author D H Lawrence Of all the books written about Lawrence his widow Frieda said this one was the best Nin was inspired to do the book after Lawrence had been vilified by puritanical critics but only had a pile of notes when she mentioned it to Titus Titus asked to see something quickly and in 13 days Nin turned her notes into a cohesive and insightful study In it she declared Reading Lawrence should be a pursuit of his intuitions to the limit of their possibilities a penetration of his world through which we are to make a prodigious voyage It is going to be a prodigious voyage because he surrenders fully to experience lets it flow through him and because he had that quality of genius which sucks out of ordinary experience essences strange or unknown to men Nin's study remains the most informative and deepest guide to Lawrence today **D.H. Lawrence's Australia** David Game, 2016-03-09 The first full length account of D H Lawrence's rich engagement with a country he found both fascinating and frustrating D H Lawrence's Australia focuses on the philosophical anthropological and literary influences that informed the utopian and regenerative visions that characterise so much of Lawrence's work David Game gives particular attention to the four novels and one novella published between 1920 and 1925 what Game calls Lawrence's Australian period shedding new light on Lawrence's attitudes towards Australia in general and more specifically towards Australian Aborigines women and colonialism He revisits key aspects of Lawrence's development as a novelist and thinker including the influence of Darwin and Lawrence's rejection of eugenics Christianity psychoanalysis and science While Game concentrates on the Australian novels such as *Kangaroo* and *The Boy in the Bush* he also uncovers

the Australian elements in a range of other works including Lawrence's last novel *Lady Chatterley's Lover* Lawrence lived in Australia for just three months but as Game shows it played a significant role in his quest for a way of life that would enable regeneration of the individual in the face of what Lawrence saw as the moral collapse of modern industrial civilisation after the outbreak of World War I

Criticism of Society in the English Novel Between the Wars Hena Maes-Jelinek, 2013-05-22

The main concern of this study is the artist's vision of society its major theme is the relation between the individual and society resulting from the impact of social and political upheavals on individual life By criticism of society I mean the novelist's awareness of the social reality and of the individual's response to it the writers I deal with all proved alive to the changes that were taking place in English society between the two World Wars Though the social attitudes of the inter war years as well as the writers response to them were shaped by lasting and complex influences such as trends in philosophy and science the two Wars stand out as determining factors in the development of the novel the consequences of the First were explored by most writers in the Twenties whereas in the following decade the novelists felt compelled to voice the anxiety aroused by the threat of another conflict and to warn against its possible effects After the First World War many writers felt keenly the social disruption the old standards which were thought to have made this suicidal War possible were distrusted the code of behaviour and the moral values of the older generation were openly criticized for having led to bankruptcy Disparagement of authority increased the individual's sense of isolation his insecurity his disgust or fear Even the search for pleasure so widely satirized in the Twenties was the expression of a cynicism born of despair The ensuing disengagement of the individual from his environment became a major theme in the novel his isolation was at once a cause for resentment and the source of his fierce individualism

Problems for Feminist Criticism (RLE Feminist Theory) Sally Minogue, 2012-11-12

Feminist criticism has come a long way in the last twenty years Its development has been rapid its snowball progress picking up elements of structuralism deconstruction and psychoanalytic criticism just as rapidly it has been shedding its own early theories and methodologies Now it is a critical orthodoxy with its own established canonical texts Now is the time then to begin to question that orthodoxy In *Problems for Feminist Criticism* five women critics seek to do that in a spirit of enquiry whose central point of focus is the literature for which feminist critics have offered a re-reading By reference to a wide range of writers from Milton to the contemporary poet with a strong emphasis on the nineteenth century novel the contributors ask what we may be losing from literature by adopting the feminist orthodoxy Each chapter provides a survey of feminist critical approaches to its subject and highlights the inherent problems The book frees the way forward for critics who have found much that is stimulating and revealing in feminist approaches to literature but who find its proscriptiveness potentially reductive It shows how literature may have the flexibility to absorb and benefit from new critical approaches whilst still retaining its own life never quite to be contained in criticism's theories and methodologies
