**Hidden Relationships of the Homicide Detective** Herman L. Hinton,2014-04-11 This book is titled *Hidden Relationships of the Homicide Detective* the responsibility of overseeing the Homicide Unit and my everyday exposure to witnessing violent crimes throughout the city of Birmingham led me to write this fiction novel that depicts a young man who takes a circuitous route in his quest to restore the luster in his parents dismal marriage While in pursuit of what he believes is the key to restoring happiness in his family Trey Wilcox meets some interesting people who at one time or another crossed paths with his dad along with other amazing discoveries But more than anything else this long and winding voyage reinforces his belief that family and lifelong relationships are vitally important f or survival This book is designed to help restore family values to encourage friendly relationships and to truncate the rise in the number of dysfunctional families across the globe It is also designed to uplift victims of violent crimes who might still be in despair because of the unwarranted trauma they have experienced It will also help them understand that irrespective of the odds that they currently face they can pick up the fragments of their broken lives and rise far above that

experience This is a must read for adults of all ages But with the vast majority of youths in the world maturing as quickly as they do I envision upper class high school age as a starting point for marketing this book This is definitely a must read for high school seniors as they prepare to enter college and adulthood in a world filled with an assortment of surprises traps and vices designed to trip them up It serves as an eye opener for all of us irrespective of whether we or any of our family members have ever been the victim of a violent crime As a matter of fact the content in this book is written in such a manner that it serves as a great read for every family and ideal for public libraries Throughout this book we are reminded just how fragile life and relationships are as many of us take for granted on a daily basis that one incident is all that separates us from an enormous setback irrespective of our current walk of life
