Celtic Dragon Myth J.F. Campbell,2014-01-21 The Dragon Myth appears in numerous languages it can be found with minor variations in English Russian Swedish German French Japanese and Swahili The author of this work presents the Celtic version of the classic myth in a translation which reflects the spirit and beauty of the original Gaelic The volume also includes The Geste of Fraoch and The Death of Fraoch followed by The Three Ways and The Fisherman in the original Gaelic

The End of the Age Frederick Guttmann, In the first part of Apocalypse Remote Vision we have observed the points that deal with what is related to the Great Tribulation that our world will live and even the elect and faithful so that with this many may be perfected and likewise many other lukewarm awaken I have told you that the basis of these two end world books is intuition premonition visions revelations dreams extrasensory perception and remote viewing regarding things to come and I have chosen many topics that I have been able to compare and link with each other There are other popular people who have seen remarkable things but some of them are not the subject that I am dealing with here at the moment or they are not entirely clear There are others from which data can be taken with tweezers as is the case of Mrs Baba Vanga a Bulgarian citizen who predicted many things in her time She is said to have given specific dates for future events but the times and sequences attributed to the events predicted by her are exaggerated and mixed up in their temporal location Baba Vanga would have died on August 11 1996 at the age of 85 and the only allusion that seems coherent that he gave for just after his death is the one that defines that by 2018 the nation of China would become the new power world Even so we will see that this will not be exactly the case despite the fact that it is now the global economic power and perhaps the second or third military power on our planet If we remove the dates that he is supposed to have mentioned and simply refer to his warnings then we do have logical citations and which coincide with a host of other prophecies Vanga is said to have prophesied that after China became the world power the subsequent thing would be that the Earth s orbit would change slightly I would also have argued that then Europe would have serious demographic problems that hunger would slowly become a problem for humanity that there would be polar melting and strong sea level rise and the like It is also said that he warned that later the world economy would improve remarkably while in Europe the Muslims dominate We already know that this has to do with the new currency and the Islamic invasion but Vanga adds something strange

Basic English Bible S. H. Hooke,2020-09-28 1 1 At the first God made the heaven and the earth 1 2 And the earth was waste and without form and it was dark on the face of the deep and the Spirit of God was moving on the face of the waters 1 3 And God said Let there be light and there was light 1 4 And God

looking on the light saw that it was good and God made a division between the light and the dark 1 5 Naming the light Day and the dark Night And there was evening and there was morning the first day 1 6 And God said Let there be a solid arch stretching over the waters parting the waters from the waters 1 7 And God made the arch for a division between the waters which were under the arch and those which were over it and it was so 1 8 And God gave the arch the name of Heaven And there was evening and there was morning the second day 1 9 And God said Let the waters under the heaven come together in one place and let the dry land be seen and it was so 1 10 And God gave the dry land the name of Earth and the waters together in their place were named Seas and God saw that it was good 1 11 And God said Let grass come up on the earth and plants producing seed and fruit trees giving fruit in which is their seed after their sort and it was so 1 12 And grass came up on the earth and every plant producing seed of its sort and every tree producing fruit in which is its seed of its sort and God saw that it was good
