Right Projects Done Right Paul C. Dinsmore, Terence J. Cooke-Davies, 2005-10-24

The Right Projects Done Right reflects the advances that have been made since the concern for managing multiple projects in organizations first emerged more than a decade ago. This book includes findings and solutions that address three vital questions: Has the right portfolio of projects been chosen to ensure that company strategy is

implemented successfully Have the right projects with the right scope been selected as candidates for the portfolio Are the projects managed well Dinsmore and Cooke Davies help managers answer these questions by providing them with the information they need to implement an enterprise wide project management environment **Leadership Principles for Project Success** Thomas Juli,2010-08-25 This book is about project success and the secret to achieving this success effective project leadership Filled with samples templates and guidelines it covers the five principles of effective project leadership building vision nurturing collaboration promoting performance cultivating learning and ensuring results Using nontechnical language this practical guide explains how to integrate these principles into daily work to help you effectively set up manage and align your projects for success **Why is leadership important for delivering successful projects? Leadership theories, methods and concepts** Yasir Farabi,2012-08-15 Essay from the year 2012 in the subject Business economics Business Management Corporate Governance University of New England course Project Management language English abstract Leadership has long been considered as an essential success factor in business government and military environments However the optimal style of leadership in a particular organizational setting still remains unclear Increasing public scrutiny of leaders has also raised the question of what leadership style is to be put in action that can guarantee success Therefore the purpose of this report is to identify and analyse in what key ways leadership is important to delivering successful projects and also what leadership theories methods and concepts are most helpful in understanding effective project leadership With a view to achieving these objectives this report at first spots some key factors of effective leadership and then discusses few concepts that are momentous in delivering present day views of leadership The periphery of such undertaking is enormous and it is quite complex to capture an instant snap shot across a number of leadership strategies In order to react to the changing global environment leaders consistently modify their strategies and behaviours Therefore the paper has attempted to limit the depth of investigation across the various measurement criteria because of time and resource constraints Nonetheless these can be satisfactorily used for high level evaluation Environmental education in the schools creating a program that works. ,
