The 12 Great Riches of Life Sally Pederson, 2013-12-09 Something that most people fail to realize is that being rich is not all about monetary comfort there is a lot more to it than what meets the eye at first glance Some of the examples that come to mind are Henry Ford Thomas Edison and Andrew Carnegie to name just a few These are the people who redefined richness and wealth and showed how the term rich could encompass so many other attributes apart from monetary and materialistic wealth Being rich is not just about having lots of money to spend and laze around throughout the day It is about leading a life enriched with good physical mental and emotional health so that you can look forward to each new day with vigor and are ready to face any number of challenges that life might throw in your path No one can ever be happy by leading a directionless life and likewise if you have purpose and are clear in your objectives then you are probably the wealthiest person alive
