*The Craft of Teaching* Kenneth Eugene Eble, 1976 Designed to help students learn about the basic concepts and practices of marketing For beginning marketing students      *The Craft of Teaching* Kenneth E. Eble, Kenneth Eugene Eble, 1988 This edition of Kenneth E Eble s 1976 classic on college teaching has been hailed as one of the best books every published on this topic It offers fresh insights on issues of enduring importance from how students learn how to make the best use of the classroom to the nuts bolts of assignments tests grades textbooks Eble includes entirely new chapters on developing critical thinking on how to motivate both students faculty He provides new material on the impact of computer aided instruction on mentoring as well as on the myths of teaching many other topics originally covered in the 1st ed CTE      *The Chicago Handbook for Teachers, Second Edition* Alan Brinkley, Esam E. El-Fakahany, Betty Dessants, Michael Flamm, Charles B. Forcey, Jr., Mathew L. Ouellett, Eric Rothschild, 2011-06-15 Those who teach college students have extensive training in their disciplines but unlike their counterparts at the high school or elementary school level they often have surprisingly little instruction in the craft of teaching itself The Chicago Handbook for Teachers Second Edition is an extraordinarily helpful guide for anyone facing the daunting challenge of putting together a course and delivering it successfully Representing teachers at all stages of their careers the authors including distinguished historian Alan Brinkley offer practical advice for almost any situation a new teacher might face from preparing a syllabus to managing classroom dynamics Beginning with a nuts and bolts plan for designing a course the handbook also explains how to lead a discussion evaluate your own teaching give an effective lecture supervise students writing and research create and grade exams and more This new edition is thoroughly revised for contemporary concerns with updated coverage on the use of electronic resources and on the challenge of creating and sustaining an inclusive classroom A new chapter on science education and new coverage of the distinctive issues faced by adjunct faculty broaden the book s audience considerably The addition of sample teaching materials in the appendixes enhances the practical hands on focus of the second edition Its broad scope and wealth of specific tips will make The Chicago Handbook for Teachers useful both as a comprehensive guide for beginning educators and a reference manual for experienced instructors      **THE CRAFT OF TEACHING : A GUIDE TO THE PROFESSOR'S ART MASTERING**

Kenneth E. Eble, 1976      *Resources in Education* , 1995-04      *SoTL in Action* Nancy L. Chick, 2023-07-03 What are the foundational moments of meaningful scholarship of teaching and learning SoTL projects How do teacher scholars collect develop and share useful insights about student learning How do they work through the pinch points that frustrate confuse or elude many SoTL practitioners By unpacking SoTL processes through rich narratives that illustrate what they look like this collection offers inspiration to anyone at any stage of engagement with SoTL This book takes discussions of SoTL to a new level Its subtitle reflects the microscopic lenses SoTL processes can apply to student learning experiences to understand how they happen what they look like what they mean and what we can do about them Going beyond definitions how to theory and

debates about methods and standards the contributors offer a SoTL primer documenting how practitioners have intentionally thought through key moments in their work These procedural vignettes present powerful examples of what doing SoTL looks like when done well The authors represent a range of disciplines the humanities social sciences natural sciences and professions and a mixture of familiar and unfamiliar names Nancy Chick has selected contributions that compellingly illuminate why their authors focused on a particular critical moment the questions they asked as they refined their approaches and the theoretical and observational tools they employed to conduct their research Each introduces a specific critical moment in doing SoTL taking the reader through the author s reflections concerns and choices in doing meaningful SoTL work The aim is to support potential practitioners inform educational developers who teach new SoTL practitioners and inspire experienced SoTL scholars to reflect on their own practice This is a compelling collection for anyone interested in practitioner reflection intentional design and advancing the field of SoTL and the quality of teaching and learning

*Dialogic Education* Ronald C. Arnett, 1993-01-06 Examining undergraduate education from the point of view of a philosopher of communication Ronald C Arnett takes a positive view of higher education during a time when education is being assailed as seldom before Arnett responds to this criticism with convincing support of the academy reinforced by his personal experiences as well as those of others scholars and teachers Arnett s book is an invitation to converse about higher education as well as a reminder of the potential for dialogue between teacher and student dialogue that the author defines as a willingness to enter conversation about ideas to maintain relationships through differences and to ask value questions Arnett see education as more than the dispensing of information He emphasizes the importance of character development as well as the the development of relationships between students and teachers Arnett stresses the importance of honesty and integrity in students teachers and administrators and he insists that education should focus more on the good of the entire school than on the individual Arnett does not offer this book as the truth about education nor as a how to teach manual Rather he regards it as an attempt to understand education from a communication perspective and as a reminder of the positive and constructive aspects of teaching The book is based on Arnett s belief that educators who care about ideas and people not only improve education but also benefit the community
