observe the method's impact not only on literature but on music and culture in a broader sense. The result of over nine years of research, this study represents the first sustained and detailed analysis of the cut ups as a narrative form. With explorations of the works of Burroughs, Gysin, Kathy Acker, and John Giorno, it also contains the first critical writing on the works of Claude P. L'Évêque and Carl Weissner in English as well as the first in-depth discussion of the writing of Stewart Home to date.
