Creating Conversation In Clab Studentcentred Iteration:

Classroom Interactions and Social Learning Kristiina Kumpulainen, David Wray, 2003-12-16 Today's classroom presents a wealth of opportunities for social interaction amongst pupils leading to increased interest in teachers and researchers into the social nature of learning. While classroom interaction can be a valuable tool for learning it does not necessarily lead to useful learning experiences. Through case studies this book highlights the use of new analytical methodologies for studying the content and patterns of children's interactions and how these contribute to their construction of knowledge. Classroom Interaction and Social Learning will be of interest to students and in-service teachers and researchers concerned with classroom discourse and learning.

Student-Centered Learning Environments in Higher Education Classrooms

Sabine Hoidn, 2016-10-28 This book aims to develop a situative educational model to guide the design and implementation of powerful student-centered learning environments in higher education classrooms. Rooted in educational science, Hoidn contributes knowledge in the fields of general pedagogy and more specifically higher education learning and instruction. The text will support instructors, curriculum developers, faculty developers, administrators, and educational managers from all disciplines in making informed instructional decisions with regard to course design, classroom interaction, and community building and is also of relevance to educators from other formal and informal educational settings aside from higher education.

Classroom Talk in Practice: Teachers' Experiences of Oracy in Action Rupert Knight, 2022-11-24 This thought-provoking and highly informative book is a perfect handbook for teachers and school leaders interested in improving the quality of talk in their classrooms. Amy Gaunt and Alice Stott, Directors at Voice 21 and authors of *Transform Teaching and Learning through Talk: The Oracy Imperative*. For practising teachers it offers a guide to how to exercise sound professional judgement in selecting and sustaining strategies that place talk at the centre of teaching and learning so that all students benefit. Alan Howe, Education Consultant and Associate with Oracy Cambridge. Purposeful classroom talk or oracy is increasingly recognised as fundamental for supporting both personal and academic development and for enhancing genuine participation in learning. Based on classroom observations and interviews, this book offers an analysis of schools' responses to improving the quality of both learning to talk and talking to learn. The book explores classroom talk through the analysis and comparison of examples drawn from diverse schools and age groups across primary and secondary education settings. Alongside a wealth of practical strategies, the book offers an insight into the realities of implementation, helping teachers to make well-informed judgments about developing classroom talk within their own schools. This book features examples of lesson activities and resources accompanied by explanations and advice from practitioners. Vivid depictions of real classroom practice with comprehensive analysis linked to up-to-date research and theory. Questions and prompts to promote reflection on the reader's own context. An emphasis on teachers' professional judgement and informed implementation of oracy.
