play outdoors for ages 5-9 Isabel Hopwood-Stephens, 2013-05-07 As the Forest School movement gains popularity among UK educators, teachers are increasingly recognising the benefits of creative outdoor play. But how can busy primary school teachers fit regular, high quality outdoor learning into an already crowded timetable? How can they plan a range of rich, imaginative and creative experiences that build up into full topics? And how can they translate the excitement and engagement that they find outdoors into increased enthusiasm and attainment indoors? *Learning on Your Doorstep* integrates creative outdoor play with curricular attainment while increasing the challenge, enjoyment, and professional development of the teachers using it. The book presents a series of topics which channel the children's outdoor experience into writing outcomes to reflect the current Primary Framework for Literacy. Using child-led, kinaesthetic teaching and learning techniques, each topic helps teacher and class build an imaginary world to explore and includes session plan tables to enable teachers to easily access relevant information, collaborative activities, games, and drama to stimulate discussion. photo
