Creating Harmonious Relationships:

Creating Harmonious Relationships... Oswald Howard, Arthur Hill, 2020-06-30 Is it possible to create an ideal relationship Alas our world is structured in such a way that there is no ideal relationship never has been and never will be this is a bitter reality And do not rush to draw conclusions if it seems to you that some close friend acquaintance or even relative with the spouse has an ideal relationship Very often in public the couple does not advertise personal troubles and problems showing only the ideal side of the relationship they have everything perfectly they understand each other perfectly but at home behind closed doors a scandal immediately begins You didn't do that you don't said And indeed why did we go there In rare cases there are situations when partners are really happy with each other but as a rule this is the result of several years of work or even tens of years On themselves and their relationships All people are different someone likes historical facts someone architecture ancient artifacts or curious facts However it doesn't matter at all if the topic of dialogue becomes interesting to one of the partners first of all there should be an interest in a loved one what affected him and why In any relationship the contact itself is important which is established directly in the dialogue when partners communicate on the topic of each other's interests

The 12 Great Riches of Life Sally Pederson, 2013-12-09 Something that most people fail to realize is that being rich is not all about monetary comfort there is a lot more to it than what meets the eye at first glance Some of the examples that come to mind are Henry Ford Thomas Edison and Andrew Carnegie to name just a few These are the people who redefined richness and wealth and showed how the term rich could encompass so many other attributes apart from monetary and materialistic wealth Being rich is not just about having lots of money to spend and laze around throughout the day It is about leading a life enriched with good physical mental and emotional health so that you can look forward to each new day with vigor and are ready to face any number of challenges that life might throw in your path No one can ever be happy by leading a directionless life and likewise if you have purpose and are clear in your objectives then you are probably the wealthiest person alive
