Creating The Successful Business Plan For High Growth:

8 Building Blocks To Launch, Manage, And Grow A Successful Business - Second Edition Paul B. Silverman, 2024-04-10

8 Building Blocks To Launch Manage and Grow A Successful Business Second Edition is about opportunity and achieving success reinforced by the opening Mark Twain quote So throw off the bowlines Sail away from the safe harbor Catch the trade winds in your sail Explore Dream Discover The book helps readers navigate from business idea to launching a successful new venture An easy to read entertaining book delivering powerful useful counsel Entrepreneurs with experience learn starting a new venture really is the easy part from business idea business plan resources and launch these skills can be learned A recent search on Amazon showed 9 003 start your own business or SYOB books and many are excellent And they cover skills the author calls Entrepreneurial Management 1 0 But SBA statistics show half of all these new ventures fail within five years the challenge is not starting a new business but growth and survival So with plenty of books out there why kill trees for one more The more relevant question is despite all these resources why do half of all new ventures fail to meet the critical five year milestone Today s challenges demand you know more Entrepreneurial Management 1 0 skills are just not good enough to help you be a Survivor entrepreneur Simply put yesterday s skills do not meet today s entrepreneur s needs Before committing resources to develop new ventures Fortune 500 firms go further look at strategic issues identify alliance and global strategies understand how new venture metrics impact overall return given 3 to 5 000 other products and services in their business And these Fortune 500 techniques provide the foundation for what the author defines as Entrepreneurial Management 2 0 a new entrepreneurial management discipline drawing upon new venture best practices Fortune 500 firm techniques for launching and managing new ventures and the author s experience working with many early stage public and private companies Helping entrepreneurs gain new skills needed to meet today s challenges reach the critical five year milestone and create more Survivor rather than Maybe Next Time entrepreneurs is why the author wrote this book Entrepreneurial Management 2 0 includes a portfolio of new entrepreneurial management skills organized into the eight Building Blocks which are defined and explained with examples in the new book The Second Edition includes edits to improve readability and several new sections The Digital Marketing arena is moving quickly impacting today s traditional sales and marketing processes The Second Edition includes a new section on Digital Marketing reviewing tools methodologies and impact for entrepreneurs Regulatory guidelines for securing capital have changed significantly since the First Edition release in 2015 The regulatory section has been revised and updated with updates on the JOBS Act related regulations and a new section addressing the SEC s Regulation Crowdfunding initiative offering entrepreneurs new alternatives to secure financing

Developing a Turnaround Business Plan Norton Paley, 2015-06-22

Developing a Turnaround Business Plan is an ideal resource for managers currently facing a competitive crisis as well as those who wish to avert one and must set a turnaround plan in motion before the situation results in irreversible losses Whereas the book helps

readers develop a sound turnaround plan the focus of the book is on the actual process

The Business Plan Workbook Colin Barrow,Paul Barrow,Robert Brown,2005 Fully revised and endorsed by the IOD this text shows how to research and formulate a successful business plan and achieve your aims to raise capital or to establish the viability of an enterprise It is based on methodology developed at the EnterpriseFaculty within the Cranfield School of Management Business

Rose,2016-04-25 25 Steps to Found and Scale a High Growth Business The Startup Checklist is the entrepreneur s essential companion While most entrepreneurship books focus on strategy this invaluable guide provides the concrete steps that will get your new business off to a strong start You ll learn the

ins and outs of startup execution management legal issues and practical processes throughout the launch and growth phases and how to avoid the critical missteps that threaten the foundation of your business Instead of simply referring you to experts this discussion shows you exactly which experts you need what exactly you need them to do and which tools you will use to support them and you ll gain enough insight to ask smart questions that help you get your money s worth If you re ready to do big things this book has you covered from the first business card to the eventual exit Over two thirds of startups are built on creaky foundations and over two thirds of startup costs go directly toward cleaning up legal and practical problems caused by an incomplete or improper start This book helps you sidestep the messy and expensive clean up process by giving you the specific actions you need to take right from the very beginning Understand the critical intricacies of legally incorporating and running a startup Learn which experts you need and what exactly you need from them Make more intelligent decisions independent of your advisors Avoid the challenges that threaten to derail great young companies The typical American startup costs over 30 000 and requires working with over two dozen professionals and service providers before it even opens for business and the process is so complex that few founders do it correctly Their startups errors often go unnoticed until the founder tries to seek outside capital at which point they can cost thousands of dollars to fix or even completely derail an investment The Startup Checklist helps you avoid these problems and lay a strong foundation so you can focus on building your business
