Library Programming for Autistic Children and Teens Amelia Anderson, Barbara Klipper, 2021-04-12 Foreword by Barbara Klipper Since the first edition of this landmark guide was published there has been increased interest in services for library patrons on the autism spectrum indeed more people of all ages now self identify as autistic Those who understand the unique characteristics of autistic young people know that ordinary library programming guides are not up to the task of effectively serving these library users Well qualified to speak to this need Anderson is an educator library researcher and former public librarian who has helped to develop two IMLS funded initiatives that train library workers to better understand and serve autistic patrons Here she offers librarians who work with children and teens in both public library and K 12 educational settings an updated comprehensive resource that includes an updated introduction to the basics of autism including language symbolism and best practices in the library rooted in the principles of Universal Design step by step programs from librarians across the country adaptable for both public and school library settings that are cost effective and easy to replicate contributions from autistic self advocates throughout the text demonstrating that the program ideas included are truly designed with their preferences in mind suggestions for securing funding and establishing partnerships with community organizations and many helpful appendices with handy resources for training and education building a collection storytimes sensory integration activities and a Tips for a Successful Library Visit template **Garage Band Theory** Duke Sharp, 2015-08 This electrifying book covers all the requirements for musicians who would like to play music by ear **Children's Palliative Care in Africa** Justin Amery, 2009 Children's palliative care has developed rapidly as a discipline as health care professionals recognise that the principles of adult palliative care may not always be applicable to children at the end of life The unique needs of dying children are particularly evident across Africa where the scale of the problem is overwhelming and the figures so enormous that they are barely comprehensible over 400 000 children in Africa died from AIDS in 2003 and out of the 166 000 children a year diagnosed with cancer 84% of these are in the developing

world Despite the enormous need provision of children s palliative care in Africa is almost non existent with very few health workers trained and confident to provide care for dying children The challenges of providing palliative care in this setting are different to those in more developed countries contending with the shortage of physical and human resources in addition to the vast scope of the care needed Written by a group with wide experience of caring for dying children in Africa this book provides practical realistic guidance on improving access to and delivery of palliative care in this demanding setting It looks at the themes common to palliative care including communication assessment symptom management psychosocial issues ethical dilemmas end of life care and tips for the professional on compassion and conservation of energy but always retains the focus on the particular needs of the health care professional in Africa Whilst containing some theory the emphasis is on practical action throughout It will provide health care professionals working in Africa and other resource poor settings with the confidence knowledge and capacity to improve care for the terminally ill child in constrained and demanding environments

Reading Is Easy Marguerite Eckertson Koons,2013-11-11 A teacher for more than thirty five years author Marguerite Koons believes every child deserves the opportunity to learn how to read In *Reading Is Easy* she

demonstrates that reading is not only easy but also has the ability to change a person's life. Relying on her personal experiences, Koons presents successful methods and techniques she has developed to make reading both easy and fun in a classroom setting and individually. In this guide, she shares actual case reports of a wide range of reading success stories. She discusses the five stages of learning to read, the ways that play can factor into the learning and reading process, the progression from preschool to kindergarten, tips for teaching remedial reading, and hints for studying methods. *Reading Is Easy* offers many of the resources Koons has developed over the years, including charts and games that turn reading into an interesting and fun experience. Her story guides teachers and parents to help their children learn to read and attain success in school and everyday life. *Resources in Education*, 1996-07
