Alternative Approaches to British Defence Policy John Baylis, 1983-12-01 **The ANZUS Crisis, Nuclear Visiting and Deterrence** Michael Pugh, 1989 The development of nuclear weapons has been a critical problem for the NATO alliance In the Pacific a region of increasing strategic interest for the United States and Soviet Union nuclear weapons have been an environmental concern since the bombing of Hiroshima and Nagasaki Opposition to nuclear tests has now been taken a step further with the creation of a South Pacific Nuclear Free Zone and the decision by a New Zealand Government to ban port visits by vessels believed to be carrying nuclear weapons New Zealand's proposal to back its policy with legislation had been seen by the Reagan and Thatcher administrations as a threat to the principle of neither confirm nor deny the presence of nuclear weapons on vessels This 1989 study examines the questions of principle at issue the evolution of the ANZUS crisis its implications for the Western alliance structure as a whole and the degree to which the nuclear free virus in the South Pacific might be catching **Alternatives to ANZUS** Roderic Martin Alley, 1984 As the tempo of the arms race increases and superpower confrontation in the Northern Hemisphere brings growing fear of nuclear war we in this country have reason to look carefully at our own place in the strategic jigsaw puzzle Where does our basic security lie Has the concept of collective security through the United Nations gone with the wind What are the final implications for New Zealand in its alliance with a great nuclear power Is it really a safe defence What are the alternatives For good reason the defence treaty known as ANZUS so often designated by our politicians as a cornerstone has been subjected to increasing scrutiny the New Zealand Foundation for Peace Studies decided it was high time to update its 1977 publication Alternatives to ANZUS and presents herewith a revision of it We do not believe it to be the last word on the matter but we hope it will stimulate discussion and debate

Foreword Soviet-British Relations Since the 1970s Alex Pravda, Peter J. S. Duncan, Royal Institute of International Affairs, 1990-04-26 This collection brings together empirical and analytical studies of the nature and evolution of Soviet British relations during the 1980s and looks forward to the 1990s The relationship is firmly placed within the wider context of Soviet policy toward the West and NATO The contributors examine mutual perceptions and policy perspectives Soviet interests and objectives in dealing with Britain and the role of economic political diplomatic nongovernmental and security factors in determining policy outcomes A concluding section evaluates the long term significance of current and potential policy developments on both sides Soviet British Relations is the first volume to be produced by the Soviet foreign policy study group at Chatham House and is published in association with The Royal Institute of International Affairs *Global*

Security and the War on Terror Paul Rogers, 2007-07-04 As the War on Terror evolves into the Long War against Islamo fascism it demands an enduring commitment to ensuring the security of the United States and its allies This policy is based on the requirement to maintain control in a fractured and unpredictable global environment while paying little attention to the underlying issues that lead to insecurity It is an approach that is manifestly failing as the continuing problems in Afghanistan and Iraq demonstrate Moreover control implies the maintenance of a global order that focuses on power remaining in the hands of a transnational elite community principally focused on North America and Western Europe but extending worldwide This elite largely ignores socio economic divisions and environmental constraints and sees continuing stability as being best achieved by the maintenance of the status quo using force when necessary This collection of essays by Professor Paul Rogers argues that this post Cold War security paradigm is fundamentally misguided and unsustainable It concludes with two new essays on the need for a new conception of global security rooted in justice and emancipation *Global Security and the War on Terror* will be essential reading for students and scholars of security studies the Cold War international relations and development studies

Taking Aim at the Arms Trade Doctor Anna Stavrianakis, 2013-07-18 Taking Aim at The Arms Trade NGOs Global Civil Society and the World Military Order takes a critical look at the ways in which NGOs portray the arms trade as a problem of international politics and the strategies they use to effect change NGOs have been pivotal in bringing the suffering caused by the arms trade to public attention documenting its negative impact on human rights conflict security and development around the world and pushing for measures to control or eradicate the trade Overall however their activity has helped sideline debate on Northern military predominance while facilitating intervention in the South based on liberal understandings of the arms trade conflict development and human rights They thus contribute to the perpetuation of a hierarchical world military order and the construction of the South as a site of Northern benevolence and intervention Stavrianakis exposes the tensions inherent in NGOs engagement with the arms trade and argues for a re examination of dominant assumptions about NGOs as global civil society actors

British Foreign Secretaries Since 1974 Kevin Theakston, 2004 This book analyses the changing role of the British Foreign Secretary and presents biographical case studies of all the individual holders of that post the policies they pursued and the issues they faced since 1974 The work of the British Foreign Secretaries from James Callaghan to Robin Cook is examined in the context of the foreign policy making machinery the changing environment of British foreign policy and the internal and external political forces with which they had to contend Using a biographical case study approach the chapters examine the careers personalities policies and influence of successive Foreign Secretaries to increase our knowledge and understanding of the work of the government and the development of British foreign policy over the last thirty years *British Foreign Secretaries Since 1974* casts light on the hitherto shadowy and understudied role of personality in international relations and on how ten

very different personalities helped to shape the detail and the articulation of British foreign policy **Air University Library Index to Military Periodicals** ,1982 **Myanmar Army, National Security and Defense Policy Handbook - Strategic Information and Weapon Systems** IBP, Inc.,2016-11-20 2011 Updated Reprint Updated Annually Myanmar Army National Security and Defense Policy Handbook *Energy Abstracts for Policy Analysis* ,1987-07 **Disarming Military Industries** Peter Southwood,1991-06-18 The author notes in the preface that an opportunity for significant cuts in nuclear and conventional forces by major global powers has appeared Presenting the evidence that the West can cope successfully with disarmament he identifies policies which need to be adopted for that end *The European Union and National Defence Policy* Jolyon Howorth,Anand Menon,2005-08-18 Filling a surprising gap in existing studies this book addresses many of the unanswered questions surrounding the role of european integration in shaping national defence policy The impressive array of contributors consider the pressures on state policy emanating from the process of integration The book is divided into three distinct parts an outline of the tortuous history of attempts to link defence with European integration a study of the four larger member states France Germany Italy and the UK as well as a chapter on The Netherlands an analysis of the effects of the nuclear weapons and arms procurement policies This the second book in The State and the European Union series sheds light on an increasingly important and topical aspect of contemporary European security and will be essential reading for those studying European Politics Public Policy and International Relations

Beyond Deterrence Hugh Miall,Oliver Ramsbotham,2016-07-27 The collapse of communism in Eastern Europe the unification of Germany the withdrawal of Soviet troops the possible disintegration of the Soviet Union disengagement of the United States and creation of a federal Europe all this has changed the security context in Europe and stimulated a Europe wide debate about the future Deep questions about the nature of security itself have been raised This book will add fuel to the debate
