Alternative Dispute Resolution (adr) Olajide Olagunju, 2017-04-23 In addition to treating related topics such as Negotiation and Communication Alternative Dispute Resolution ADR explains the mediation process and includes information that is not often discussed in writings in this area of study The book both explains and summarizes the positive beneficial aspects of mediation as an alternative to litigation arbitration and other forms of legal settlement which can often lead to antagonistic outcomes The book gives good explanations and examples of how and why mediation allows for the possibility of satisfactory results for both sides laying the groundwork for opportunities that can grow out of the fertile soil of amicable resolution The approach of emphasizing how mediation helps to focus on a solution rather than the strengths and weaknesses of a case was most effective as it assists the reader in better understanding why it is important and how it is possible to gain mutually agreeable solutions Ambassador John W McDonald Co author Multi Track Diplomacy Chairman Institute for Multi Track Diplomacy Adapted from review to previous edition Conflict Management the Mediatory Approach 1998

get that working knowledge Key contents The role of arbitration Practical issues in using ADR Mediation Other forms of ADR The Mini Trial Rent a Judge Adjudication Mediation Arbitration MedArb Legal concerns limitation achieving certainty privilege and witness compellability Extensive appendices include model clauses model procedure and relevant practice directions As a practitioner and author of EMIS s Construction Litigation Tactics Paul Newman is able to draw on extensive knowledge of ADR and its role in practice in civil litigation *Alternative Dispute Resolution* Nancy F.
