A note to the Reader

The purpose of this manual is to give you the information necessary to begin the study of the Art of Defense with rapier. Whether you are a period fencer in the Association of Historical Fencing, the Society for Creative Anachronism, or any other group studying rapier, or simply a student of the history of defense, this manual should be of some benefit. The manual is the culmination of nineteen years of fencing experience and study of period texts in English, Italian and French. Interspersed throughout the text are modern pictures showing various techniques and copies of original woodcuts. I hope that this book is of worth to you and that it will enrich and strengthen your use and study of the rapier. You may also find more information at my main [Elizabethan fencing](#) page.

The [Third Edition](#) of my book was published by [Chivalry Bookshelf](#). Copies are still available from a number of sources but I have been returned the full rights to the book and over the Summer of 2011 will make the book available as an ePub book (first on Kindle) and then as a print on demand. The new edition of the book will be greatly expanded with many new pieces of information from historic manuals and expanded drills with lots of photographs of the moves. If you have any other questions about the manual please contact [me](#).
