Animal Within Masculinity And The Gothic:

The Animal Within Cynthia Hendershot, 1998 Perhaps most important The Animal Within seeks to expand the definition of the Gothic from a limited periodization in the late eighteenth century to a mode that appears in other literary genres bringing with it the ability to expose the workings of ideological reality

The Gothic: Studies in History, Identity and Space

Katarzyna Więckowska, 2020-04-14 This volume was first published by Inter Disciplinary Press in 2012 The Gothic Studies in History Identity and Space offers a critical examination of gothic elements in fiction film and popular culture texts from the beginnings of the genre to the present The articles collected in the volume explore questions of identity space history and social equilibrium as portrayed through a distinctly Gothic imagery Tracing a gothic itinerary through different times and places from the English classic Gothic novels and their Italian counterpart to postcolonial and postmodern fiction and to contemporary film and fashion it presents a persuasive account of how and why the Gothic continues to fascinate readers and critics alike

Gothic Masculinity Ellen Brinks, 2003 Hegel possessed reading the gothic in the phenomenology of mind The male romantic poet as gothic subject Keats's Hyperion and The fall of Hyperion a dream Sharing gothic secrets Byron's The Giaour and Lara This dream it would not pass away Christabel and mimetic enchantment The gothic romance of Sigmund Freud and Wilhelm Fliess

The Gothic Peckinpah Tony Williams, 2024-05-03 This book argues for the importance of Gothic in understanding one of the key elements within the films of Sam Peckinpah 1925-1984 Although occasionally noted in the past the Gothic has been generally overlooked when most critics consider the work of Sam Peckinpah with the exception of the Freudian based *Crucified Heroes* 1979 by Terence Butler This work not only examines the films made after that date especially the often dismissed *The Osterman Weekend* 1983 and the two music videos he made for Julian Lennon but also places the director within the context of the developing work on Gothic that has since appeared Peckinpah has been identified as the director of one undisputed masterpiece *The Wild Bunch* 1969 By focussing on the key role Gothic plays in most of the director's work this book offers a way to see Peckinpah beyond *The Wild Bunch* and the Western viewing him as a director who had the potential of evolving further had circumstances permitted to continue his critique of American life within the developing lens of the Gothic

The Routledge Companion to Gothic Catherine Spooner, Emma

McEvoy, 2007-10-08 In a wide ranging series of introductory essays written by some of the leading figures in the field this book is one of the most comprehensive and up to date guides on the diverse and murky world of the gothic in literature film and culture

Taxidermy and the Gothic Elizabeth Effinger, 2024-06-04 Taxidermy and the Gothic The Horror of Still Life is the first extended study of the Gothic's collusion with taxidermy It tells the story of the emergence in the long nineteenth century of the twin golden ages of the Gothic genre and the practice of taxidermy and their shared rhetorical and narratological strategies anxieties and sensibilities It follows the thread into twentieth and twenty first century culture including recent horror film fiction television and visual arts to argue that the Gothic and taxidermy are two discursive bodies

stuffed and stitched together Moving beyond the well worn path that treats taxidermy as a sentimental art or art of mourning this book takes readers down a new dark trail finding an overlooked but rich tradition in the Gothic that aligns it with the affective and corporeal work of horror and the unsettling aesthetics experiences and pleasures that come with it Over the course of four chapters it argues that in addition to entwined origins taxidermy s uncanny appearance in Gothic and horror texts is a driving force in generating fear For taxidermy embodies the phenomenological horror of stuckness of being there In sum taxidermy s imbrication with the Gothic is more than skin deep these are rich discourses stuffed by affinities for corporeal transgressions the uncanny and the counterfeit

Horrifying Sex Ruth Bienstock Anolik,2007-07-16 The Gothic moment in literary history arose in the age of the Enlightenment and the Gothic fascination with the unknown reflects the Enlightenment s response to the limits of reason Traditionally the emblem of the unknown that lurks in the Gothic is the supernatural the monstrous and the inhuman Often overlooked is the observation that Gothic texts are also haunted by figures that represent the mystery of sexuality This collection of essays sharpens that observation and asserts that Gothic anxieties about sexuality are likewise rooted in fear of the unknown represented by sexual practices and desires that either lie hidden or deviate from cultural norms The first three sections refer to popular as well as marginalized Gothic texts to portray the three prototypes of sexual deviance the female sexual Other in *The Fatal Woman* the male sexual Other in *The Satanic Male* and the homosexual Other in *Homosexual Horror* The fourth section covers literary works that celebrate sexual difference and question the idea that the sexually deviant is socially Other

Republicanism and the American Gothic Marilyn Michaud,2009-09-01 This book is a comparative study of British and American literature and culture in the 1790s and 1950s It explores the republican tradition of the British Enlightenment and the effect of its translation and migration to the American colonies Specifically it examines in detail the transatlantic influence of seventeenth and eighteenth century libertarian and anti authoritarian thought on British and American Revolutionary culture

Transnational Gothic Monika Elbert,2016-02-17 Offering a variety of critical approaches to late eighteenth and nineteenth century Gothic literature this collection provides a transnational view of the emergence and flowering of the Gothic The essays expand on now well known approaches to the Gothic such as those that concentrate exclusively on race gender or nation by focusing on international issues religious traditions social reform economic and financial pitfalls manifest destiny and expansion changing concepts of nationhood and destabilizing moments of empire building By examining a wide array of Gothic texts including novels drama and poetry the contributors present the Gothic not as a peripheral marginal genre but as a central mode of literary exchange in an ever expanding global context Thus the traditional conventions of the Gothic such as those associated with Ann Radcliffe and Monk Lewis are read alongside unexpected Gothic formulations and lesser known Gothic authors and texts These include Mary Rowlandson and Bram Stoker Frances and Anthony Trollope Louisa May Alcott Elizabeth Gaskell Theodore Dreiser Rudyard Kipling and Lafcadio Hearn as well as the actors Edmund Kean and George Frederick Cooke

Individually and collectively the essays provide a much needed perspective that eschews national borders in order to explore the central role that global and particularly transatlantic exchange played in the development of the Gothic British American Continental Caribbean and Asian Gothic are represented in this collection which seeks to deepen our understanding of the Gothic as not merely a national but a global aesthetic

Gothic Animals Ruth Heholt, Melissa Edmundson, 2019-12-10 This book begins with the assumption that the presence of non human creatures causes an always already uncanny rift in human assumptions about reality Exploring the dark side of animal nature and the otherness of animals as viewed by humans and employing cutting edge theory on non human animals eco criticism literary and cultural theory this book takes the Gothic genre into new territory After the dissemination of Darwin s theories of evolution nineteenth century fiction quickly picked up on the idea of the animal within Here the fear explored was of an unruly defiant degenerate and entirely amoral animality lying mostly dormant within all of us However non humans and humans have other sorts of encounters too and even before Darwin humans have often had an uneasy relationship with animals which as Donna Haraway puts it have a way of looking back at us In this book the focus is not on the animal within but rather on the animal with out other and entirely incomprehensible

Manly Leaders in Nineteenth-Century British Literature Daniela Garofalo, 2009-01-01 From the 1790s to the 1840s the fear that Britain had become too effeminate to protect itself against the anarchic forces unleashed by the French Revolution produced in many British writers of the period a desire to portray strong leaders who could control the democratic and commercial forces of modernization While it is commonplace in Romantic studies to emphasize that Romantic writers are interested in the solitary genius or hero who separates himself from the community to pursue his own creative visions Daniela Garofalo argues instead that Romantic and early Victorian writers are interested in charismatic males military heroes tyrants kings and captains of industry who organize modern political and economic communities sometimes by example and sometimes by direct engagement Reading works by William Godwin William Wordsworth Jane Austen Lord Byron William Hazlitt Thomas Carlyle and Charlotte Bront Garofalo shows how these leaders endowed with an inherent virility rather than simply inherited rank legitimize hierarchy anew for an age suffering from a crisis of authority

Death, Gender and Sexuality in Contemporary Adolescent Literature Kathryn James, 2009-02-10 Knowledge about carnality and its limits provides the agenda for much of the fiction written for adolescent readers today yet there exists little critical engagement with the ways in which it has been represented in the young adult novel in either discursive ideological or rhetorical forms Death Gender and Sexuality in Contemporary Adolescent Literature is a pioneering study that addresses these methodological and contextual gaps Focusing on texts produced since the late 1980s and drawing on a range of theoretical perspectives Kathryn James

shows how representations of death in young adult literature are invariably associated with issues of sexuality gender and power Under particular scrutiny are the trope of woman death the eroticizing and sexualizing of death and the ways in which the gendered subject is represented in dialogue with the processes of death dying and grief Through close readings of historical literature fantasy fictions realistic novels dead narrator tales and texts from genres including Gothic horror and post disaster James reveals not only how cultural discourses influence and are influenced by literary works but how relevant the study of death is to adolescent fiction the literature of becoming *Empire Islands* Rebecca Weaver-Hightower,2007 Through a detailed unpacking of the castaway genre s appeal in English literature *Empire Islands* forwards our understanding of the sociopsychology of British Empire Rebecca Weaver Hightower argues convincingly that by helping generations of readers to make sense of and perhaps feel better about imperial aggression the castaway story in effect enabled the expansion and maintenance of European empire *Empire Islands* asks why so many colonial authors chose islands as the setting for their stories of imperial adventure and why so many postcolonial writers write back to those island castaway narratives Drawing on insightful readings of works from Thomas More s *Utopia* to Caribbean novels like George Lamming s *Water with Berries* from canonical works such as *Robinson Crusoe* and *The Tempest* to the lesser known *A Narrative of the Life and Astonishing Adventures of John Daniel* by Ralph Morris Weaver Hightower examines themes of cannibalism piracy monstrosity imperial aggression and the concept of going native Ending with analysis of contemporary film and the role of the United States in global neoimperialism Weaver Hightower exposes how island narratives continue not only to describe but to justify colonialism Rebecca Weaver Hightower is assistant professor of English and postcolonial studies at the University of North Dakota

The Evolutionary Imagination in Late-Victorian Novels John Glendening,2016-03-16 Dominated by Darwinism and the numerous guises it assumed evolutionary theory was a source of opportunities and difficulties for late Victorian novelists Texts produced by Wells Hardy Stoker and Conrad are exemplary in reflecting and participating in these challenges Not only do they contend with evolutionary complications John Glendening argues but the complexities and entanglements of evolutionary theory interacting with multiple cultural influences thoroughly permeate the narrative descriptive and thematic fabric of each All the books Glendening examines from *The Island of Doctor Moreau* and *Dracula* to *Heart of Darkness* address the interrelationship between order and chaos revealed and promoted by evolutionary thinking of the period Glendening s particular focus is on how Darwinism informs novels in relation to a late Victorian culture that encouraged authors to stress not objective truths illuminated by Darwinism but rather the contingencies uncertainties and confusions generated by it and other forms of evolutionary theory
