Animals Our Return To Wholeness:

When Animals Speak Penelope Smith, 2009-08-04 Have you ever thought of Earth's creatures as healers or guides? What will they teach you if you open up your mind to them? In this newly revised edition of her pioneering book, Penelope Smith shares powerful insight into advanced interspecies communication techniques, showing yet again why *When Animals Speak* has been a valued resource for almost two decades. Smith presents accessible methods that illuminate the astonishing ways humans can communicate with all Earth's creatures. This advanced guide will unlock your intuitive consciousness, enlightening your spiritual understanding of the world and your connection to it. In addition to chapters devoted to developing and enhancing mind-to-mind communication with animals, whether it be cherished household pets or slugs in your garden, *When Animals Speak* provides a fascinating look at animals as healers and teachers. Explore dealing with loss, reincarnation, and moments of transition; learn how animals think and perceive differently than humans; and even communicate with spirits of nature. Most importantly, Smith shows us that communication stems from compassion, a true willingness to share and listen to our animal friends. *Animals-- Our Return to Wholeness* Penelope Smith, 1993-01-01

Ganny's Journal Ganny, Bettejeanne Hammond, 2013-08-27 Experience along with Doeska Eugie Ganny Gally Kringle and Lullies as these six canine pack buddies strive to thrive despite the stresses of living in a human world. Ganny, now a Pack Elder, recounts their adventures in his Journal along with the help of his human scribe, Bj. Those adventures are alternately humorous and poignant, offering a compelling experience of the richly textured lives of dogs. See through Ganny's eyes as he willingly works to recover from five near-death experiences that test his mettle. These challenges, all occurring within six months, launch him and Bj on a journey to wisdom together. This heart-warming experiential journey into how domesticated dogs live in a human world is framed by Bj's comments and observations as the Journal's Scribe. Bj, the human alpha of this pack of five dogs and one human, is also a trained animal body worker. She shares both what her animal work and living with her pack have taught her. She also shares her insights on the many lessons our animal companions are able to teach us. Ganny's Journal invites you to share deeply in the social and emotional lives of dogs. Bj says, "And here all this time I thought it was me who was teaching them." *Is Your Pet Psychic?* Richard Webster, 2012-07-08 You probably know about some of the amazing feats regularly accomplished by animals: from salmon who navigate through hundreds of miles of water to their birthplace to spawn, to bloodhounds who can track the tiniest trace of a scent with noses one million times stronger than ours. Although psychic powers such as telepathic communication have yet to be explained by modern science, all animals, both human and nonhuman, have the potential. But like any talent, psychic talent must be developed and practiced. Part collection of amazing animal stories, part psychic manual, *Is Your Pet Psychic?* is your guide to understanding and developing your pet's psychic powers. Read extraordinary tales of animal heroes, animal ghosts, and more. Discover how you can test your pet's psychic abilities. Learn how to communicate telepathically with your pet.
