What factors influence attitudes towards reproductive rights?

GREENHOUSE, L., & SIEGEL, R. B. 2011. "Before (and After) *Roe v. Wade*: New Questions About Backlash." *The Yale Law Journal*, 120(8), 2028–2087.

<http://www.jstor.org/stable/41149586>

This journal presents opinions on the *Roe v. Wade* decision, and the events leading up to the ruling and overturning of the bill. The nation's most recent and political debate has led these authors to research the post-decision backlash and polarization of abortion opinions. Before the decision, it was found through a case file that over half of the American population (majority being of Catholic beliefs and Republican) agreed that a woman's decision should be between her and her physician concerning abortion. The article concludes that factors regarding sexual freedoms in the 1900s, public health, population, and feminism all played a role in the polarization of public opinion in the U.S before the court's decision- not that the *Roe* decision caused national separation. The author's use of the logic of history and polling data before and after the *Roe* decision provides convincing opinions towards their thesis, however, Greenhouse should've used fewer explanations and opinions in the journal. The authors also mention a book written aside from the journal on abortion rights, however, didn't include a background of the material during the whole reading. This finding is important to our research because it focuses on the opinions formed by the nation on abortion rights, and the history provided by the authors gives insight into each factor that we will study. I do believe that the past affects the decisions and opinions on abortion rights, therefore, I agree with the conclusion.

An Annotated Critical Bibliography of Langland Derek Albert Pearsall,1990 *An Annotated Critical Bibliography of John Milton* C. A. Patrides,1987 **An Annotated Critical Bibliography of Thomas Hardy** Ronald P. Draper,Martin Ray,1989 **An Annotated Critical Bibliography of Henry James** Nicola Bradbury,1987 *An Annotated Critical Bibliography of Feminist Criticism* Maggie Humm,1987 *William Langland's Piers Plowman* Kathleen M. Hewett-Smith,2013-09-13 This collection of newly written essays provides a fresh examination of some of the issues central to the study of this poem including an exploration of its relevance to contemporary literary theory and to 14th century culture and ideology *William Langland's "Piers Plowman"* ,2015-03-17 William Langland's Piers Plowman is one of the major poetic monuments of medieval England and of world literature Probably composed between 1372 and 1389 the poem survives in three distinct versions It is known to modern readers largely through the middle of the three the so called B text Now George Economou's verse translation of the poet's third version makes available for the first time in modern English the final revision of a work that many have regarded as the greatest Christian poem in our language Langland's remarkable powers of invention and his passionate involvement with the spiritual social and political crises of his time lay claim to our attention and demand serious comparison with Dante's Divine Comedy Economou's translation preserves the intensity of the poet's verse and the narrative energy of his alliterative long line the immediacy of the original's story of the quest for salvation and the individuality of its language and wordplay *The Manuscripts of Piers Plowman* C. David Benson,Lynne Sandra Blanchfield,1997 The B version of Piers Plowman probably the only version authorised by Langland is the one most frequently read today and the most influential form of the poem This catalogue of the 18 extant manuscripts now located in Cambridge London Oxford Tokyo and San Marino California offers both individual manuscript descriptions and a record of the annotations The new and detailed codicological descriptions include information on provenance and ownership a full list of the contents and a description of the physical make up and the presentation of each manuscript The substantial first full account of the various textual annotations in each manuscript whether produced by the original scribes or later readers provides the best record available of how Piers Plowman was understood by its earliest audience **Political Allegory in Late Medieval England** Ann W. Astell,2002-01-01 Ann W Astell here affords a radically new understanding of the rhetorical nature of allegorical poetry in the late Middle Ages She shows that major English writers of that era among them William Langland John Gower Geoffrey Chaucer and the Gawain poet offered in their works of fiction timely commentary on current events and public issues Poems previously regarded as only vaguely political in their subject matter are seen by Astell to be highly detailed and specific in their veiled historical references implied audiences and admonitions Astell begins by describing the Augustinian and Boethian rhetorical principles involved in the invention of allegory She then compares literary and historical treatments of key events in fourteenth and fifteenth century England finding an astonishing match of allusions

and code words especially those deriving from puns titles heraldic devices and personal cognizances as well as repeated proverbs prophecies and exempla Among the works she discusses are John Ball's Letters and parts of Piers Plowman which she presents as two examples of allegorical literature associated with the Peasants' Revolution of 1381 Gower's allegorical representation of the Merciless Parliament of 1388 in Confessio Amantis and Chaucer's brilliant literary handling of key events in the reign of Richard II In addition Astell argues for a precise dating of Sir Gawain and the Green Knight between 1397 and 1399 and decodes the work as a political allegory

English Literature in the Age of Chaucer Dieter Mehl, 2014-06-11 Written in an engaging and accessible manner English Literature in the Age of Chaucer serves as both a lucid introduction to Middle English literature for those coming fresh to the study of earlier English writing and as a stimulating examination of the themes traditions and the literary achievement of a number of particularly original and interesting authors In addition to detailed and sensitive treatment of Chaucer's major works the book includes chapters on his chief contemporaries such as John Gower William Langland and the Gawain poet It also examines the often underrated contribution to the English literary tradition of his successors John Lydgate and Thomas Hoccleve as well as the interesting and original work of the Scottish poets Robert Henryson William Dunbar and Gavin Douglas who also claim Chaucer as their model Apart from the narrative poetry of Chaucer and his followers the book also contains chapters on the Middle English lyric Middle English prose including Mandeville's travels the most original and imaginative writings of the Middle English mystics in particular Julian of Norwich and Margery Kempe and Thomas Malory's impressive prose compilation of Arthurian stories

Langland's view of the world and human experience **Public Piers Plowman** C. David Benson, 2010-11-01 Public Piers Plowman is divided into two parts The first is an extended essay on what Benson calls the Langland myth He traces the evolution of Piers scholarship and demonstrates the limitations of treating Piers as a direct expression of the poet's experience and intellectual views In the second part Benson offers an alternative history for the poem Benson approaches it from a broader public context using representative examples from vernacular writing parish art and civic practices He argues that Piers reached a wide contemporary audience because far from being an account only of the author's own life and opinions it was securely rooted in the common culture of its time and place Jacket **Annotated Chaucer Bibliography, 1986-1996** Bege K. Bowers, Mark Edward Allen, 2002 A compilation of the bibliographical information accumulated over eleven years 1986-1996 in the Annual Journal of the New Chaucer Society Studies in the Age of Chaucer Preface **From Arabye to Engeland** A. E. Christa Canitz, Gernot R. Weiland, 2000-03-21 This collection of essays explores the dialogue between Arabic and European cultures during the medieval period starting from the year 700 Using critical approaches the contributors examine a variety of thematic and cultural concerns Published in English **Approaches to Teaching Langland's Piers Plowman** Thomas A. Goodmann, 2018-12-01 Offers pedagogical techniques for teaching William Langland's Piers Plowman in college classrooms including consideration of versification hunger popular culture language translation dramatic adaptations the A B and C texts and historical contexts Includes information on reference works online resources and clerical orders Gives syllabus suggestions for undergraduate and graduate courses Literary Character Elizabeth Fowler, 2018-07-05 Chaucer introduces the characters of the Knight and the Prioress in the General Prologue to The Canterbury Tales Beginning with these familiar figures Elizabeth Fowler develops a new method of analyzing literary character She argues that words generate human figures in our reading minds by reference to paradigmatic cultural models of the person These models such as the pilgrim the conqueror the maid the narrator originate in a variety of cultural spheres A concept Fowler terms the social person is the key to understanding both the literary details of specific characterizations and their indebtedness to history and culture Drawing on central texts of medieval and early modern England Fowler demonstrates that literary characters are created by assembling social persons from throughout culture Her perspective allows her to offer strikingly original readings of works by Chaucer Langland Skelton and Spenser and to reformulate and resolve several classic interpretive problems In so doing she reframes accepted notions of the process and the consequences of reading Developing insights from law theology economic thought and political philosophy Fowler's book replaces the traditional view of characters as autonomous individuals with an interpretive approach in which each character is seen as a battle of many archetypes According to Fowler the social person provides the template that enables authors to portray and readers to recognize the highly complex human figures that literature requires
