Annotations to the Heidelberg Catechism J. Van Bruggen, 1991-01-01 Children of the Lord's Day Herman Veldkamp, Protestant Reformed Churches of America, 1990 Abraham Kuyper: An Annotated Bibliography 1857-2010 Rev. Tjitze Kuipers, 2011-09-20 This bibliography of Abraham Kuyper 1837 1920 Dutch theologian journalist and politician and above all prolific writer is the result of a life long research Kuyper's publications range from daily editorials in newspapers via pamphlets on present day issues and a 1000 page political program to academic publications like an encyclopedia of theology His works were ground laying for the neo Calvinist tradition in the Netherlands the United States Asia and Africa This is the first bibliography of his works in English and also the first all encompassing bibliography including all editions and translations It has been organized chronologically and each item contains bibliographical data and apt information about contents and context This is an indispensible academic tool for researchers of Kuyper and the neo Calvinist tradition The **Heidelberg Catechism** John Williamson Nevin, John Williams Proudfit, 2021-01-05 This volume is a collection of essays on the Heidelberg Catechism by John Nevin a principal representative of the Mercersburg Theology that was birthed in nineteenth century Pennsylvania It also contains a critical response by John Proudfit a more traditionally scholastic Calvinist In these essays Nevin argued that the Heidelberg Catechism is an essential irenic confessional document that encapsulates the Reformed tradition and also builds bridges to Lutheranism and Roman Catholicism According to Nevin the use of the Catechism is vital for shaping the identity of Christians and overcoming the dangers of individualism and subjectivism Nevin s enthusiasm for the Catechism was a function of his understanding of the Christian life as progressive growth in Christlikeness the church as the nurturing body of Christ and the sacraments as conduits of Christ's vivifying personhood These convictions stood in sharp contrast to the non catechetical sensibilities of most nineteenth century American Protestants who emphasized the sufficiency of Scripture alone the church as a gathered community of like minded individuals dramatic conversion experiences and the direct presence of Christ to the individual soul Creeds of Christendom, with a History and Critical notes. Volume I. The History of Creeds. Things Japanese: Being Notes on Various Subjects Connected with Japan for the Use of Travellers and Others Basil Hall Chamberlain, 2020-09-28 To have lived through the transition stage of modern Japan makes a man feel preternaturally old for here he is in modern times with the air full of talk about bicycles and bacilli and spheres of influence and yet he can himself distinctly remember the Middle Ages The dear old Samurai who first initiated the present writer into the mysteries of the Japanese language wore a queue and two swords This relic of feudalism now sleeps in Nirvana His modern successor fairly fluent in English and dressed in a serviceable suit of dittos might almost be a European save for a certain obliqueness of the eyes and scantiness of beard Old things pass away between a night and a morning The Japanese boast that they have done in thirty or forty years what it took Europe half as many centuries to accomplish Some even go further and twit us Westerns with falling behind in the race It is

waste of time to go to Germany to study philosophy said a Japanese savant recently returned from Berlin the lectures there are elementary the subject is better taught at T ky Thus does it come about that having arrived in Japan in 1873 we ourselves feel well nigh four hundred years old and assume without more ado the two well known privileges of old age garrulity and an authoritative air We are perpetually being asked questions about Japan Here then are the answers put into the shape of a dictionary not of words but of things or shall we rather say a guide book less to places than to subjects not an encyclop dia mind you not the vain attempt by one man to treat exhaustively of all things but only sketches of many things The old and the new will be found cheek by jowl What will not be found is padding for padding is unpardonable in any book on Japan where the material is so plentiful that the chief difficulty is to know what to omit In order to enable the reader to supply deficiencies and to form his own opinions if haply he should be of so unusual a turn of mind as to desire so to do we have at the end of almost every article indicated the names of trustworthy works bearing on the subject treated in that article For the rest this book explains itself Any reader who detects errors or omissions in it will render the author an invaluable service by writing to him to point them out As a little encouragement in this direction we will ourselves lead the way by presuming to give each reader especially each globe trotting reader a small piece of advice **Notes From a Wayfarer** Helmut Thielicke, 2016-12-31 Helmut Thielicke was one of the most read and most listened to theologians of the twentieth century Like few others he repeatedly came down from the ivory tower of academic religion in order to build bridges between the church and the world In his autobiography written in 1983 Thielicke sets forth his memoirs from a long and full life His narrative is filled with deeply thoughtful reflections about the poignancy of life told with a delightful humour that invites us into every story and encounter Thielicke also introduces us to the figures he counted among his friends and acquaintances Karl Barth Konrad Adenauer Dietrich Bonhoeffer Dwight Eisenhower Helmut Kohl and Jimmy Carter Thielicke was a witness to many of the most significant events of our century his life history is interwoven with the imperial era the Weimar Republic the rise of the Third Reich a divided Germany and the tumultuous 1960s From the perspective of this single life we are afforded a broad and clear vision of the moments that have shaped the generation leading us into the twenty first century
