Birds - Conservation, Research and Ecology Heimo Mikkola, 2023-10-04 Birds are among the best known and most popular animals With the help of modern technology like mobile identification even non academic birders can fully participate in scientific data collection Unfortunately birds suffer badly from agricultural changes forest fires logging plastic waste urban noise and large windows They may also carry viral diseases that will eventually affect humans This book includes nine chapters from all over the world that discuss these problems and propose possible solutions for better conservation of birds Wildlife Conservation Society Birds of Brazil

Robert S. Ridgely, John A. Gwynne, Guy Tudor, Martha Argel, 2016-07-15 Brazil is the fifth largest country in the world and is one of the planet's richest places for bird diversity especially when it comes to the number of endemic species Brazil's Atlantic Forest region is one of the most dazzling of all. Immediately surrounding São Paulo and Rio de Janeiro this area of Brazil is also a relatively accessible area to birders from around the world. In the Birds of Brazil Field Guides the Wildlife Conservation Society brings together a top international team to do justice to the incredible diversity of Brazilian birds. This second guide presents 927 bird species, 863 illustrated that occur in just the southeastern Atlantic Forest biome. Mata Atlântica in Portuguese. Of these species 140 are endemic and 105 near endemic to just this region. 83 of these are threatened. Modern and compact this field guide provides illustrations of unparalleled quality, key field marks and regional range maps to facilitate easy recognition of all species normally occurring in this vibrant and critically important area of Brazil.

Strategies for Bird Conservation, 2000 This volume represents a compilation of papers presented at the 3rd International Partners in Flight Workshop held October 1-5, 1995 at the Grand Hotel in Cape May, NJ. The title of the workshop was Partners in Flight Conservation Plan Building Consensus for Action. Manuscripts have been available online at the Cornell Laboratory of Ornithology web site <http://birds.cornell.edu/pifcapemay> since the year 1999 and the majority of them have been updated recently to reflect knowledge available by the 2000 publication date. The volume is divided into seven sections that range from general planning considerations to a case study in bird conservation planning. References from all papers are compiled in a single References section at the end of the volume.

Animal Behavior and Wildlife Conservation Marco Festa-Bianchet, Marco Apollonio, 2013-04-09 Efforts to conserve wildlife populations and preserve biological diversity are often hampered by an inadequate understanding of animal behavior. How do animals react to gaps in forested lands or to sport hunters? Do individual differences in age, sex, size, past experience affect how an animal reacts to a given situation? Differences in individual behavior may determine the success or failure of a conservation initiative yet they are rarely considered when strategies and policies are developed. *Animal Behavior and Wildlife Conservation* explores how knowledge of animal behavior may help increase the effectiveness of conservation programs. The book brings together conservation biologists, wildlife managers and academics from around the world to examine the importance of general principles, the role played by specific characteristics of different species and the importance of considering the behavior of individuals and the strategies they adopt to maximize fitness. Each chapter begins by looking at the theoretical foundations of a topic and follows with an exploration of its practical implications. A concluding chapter considers possible future contributions of research in animal behavior to wildlife conservation.

Conservation Biology Scott P. Carroll, Charles W. Fox, 2008 This edited volume will provide a treatment of evolutionary conservation biology that introduces and explains major concepts and also unifies recent theoretical and empirical advances.
