

CONSOLIDATING TAIWAN'S DEMOCRACY

JOHN F. COPPER

Consolidating Taiwans Democracy

John Copper

Consolidating Taiwans Democracy:

Consolidating Taiwan's Democracy John Copper, 2005-01-06 Consolidating Taiwan's Democracy assesses the often heard argument that political change in Taiwan especially that resulting from recent elections that brought a change of ruling parties first in the executive branch of government and then the legislative branch proves that Taiwan's democratization has been finalized or consolidated The author sees both positive and negative aspects to democracy's consolidation in Taiwan

Consolidating the Third Wave Democracies Larry Diamond, 1997-08-13 An in depth analysis of the struggle to consolidate new and fragile democracies available two paperback volumes for course use The global trend that Samuel P Huntington has dubbed the third wave of democratization has seen more than 60 countries experience democratic transitions since 1974 While these countries have succeeded in bringing down authoritarian regimes and replacing them with freely elected governments few of them can as yet be considered stable democracies Most remain engaged in the struggle to consolidate their new and fragile democratic institutions Consolidating the Third Wave Democracies provides an in depth analysis of the challenges that they face Consolidating the Third Wave Democracies is available in two paperback volumes each introduced by the editors and organized for convenient course use The first paperback volume Themes and Perspectives addresses issues of institutional design civil military relations civil society and economic development It brings together some of the world's foremost scholars of democratization including Robert A Dahl Samuel P Huntington Juan J Linz Guillermo O Donnell Adam Przeworski Philippe C Schmitter and Alfred Stepan The second paperback volume Regional Challenges focuses on developments in Southern Europe Latin America Russia and East Asia particularly Taiwan and China It contains essays by leading regional experts including Yun han Chu P Nikiforos Diamandouros Thomas B Gold Michael McFaul Andrew J Nathan and Hung mao Tien

Taiwan's 2001 Legislative, Magistrates And Mayors Election: Further Consolidating Democracy? John F Copper, 2002-12-17 In December 2001 Taiwan held an election that many observers said in addition to the 2000 election that resulted in opposition party leader Chen Shui bian winning the presidency consolidated its democracy This election made President Chen's party the Democratic Progressive Party DPP the largest party in the legislature and gave him an opportunity to implement his agenda President Chen had not been able to do previously due to the opposition's large legislative majority and the political gridlock that had plagued Taiwan for some months This book examines the political milieu in which the campaign was conducted the candidates party platforms and strategies the campaign and the results of the election It also assesses the domestic and international responses to the election and its political ramifications The author argues that the DPP won using questionable tactics thus diminishing its otherwise significant victory while creating doubts about the Taiwan political miracle The KMT lost badly The People First Party created by James Soong after the 2000 presidential election performed very well in this election Former president Lee Teng hui helped found a new party shortly before this election to help President Chen by drawing support away from the KMT it performed well The author concludes

that the election mirrored Taiwan's new four party system which is divided into two camps. While the green bloc the DPP and Lee's new party performed well the blue team the KMT and Soong's party won a majority. Taiwan's party politics the author says remain in flux. **Consolidating Taiwan's Democracy** John Franklin Copper, 2005

Consolidating Taiwan's Democracy assesses the often heard argument that political change in Taiwan especially that resulting from recent elections that brought a change of ruling parties first in the executive branch of government and then the legislative branch proves that Taiwan's democratization has been finalized or consolidated. The author sees both positive and negative aspects to democracy's consolidation in Taiwan. *Taiwan's Political Re-Alignment and Diplomatic Challenges* Wei-chin

Lee, 2018-05-09 This edited volume investigates and evaluates the context causes and consequences of various essential issues in Taiwanese domestic politics and external relations before and after the regime change in 2016. It offers theoretical interpretation and temporal delineation of recent electoral shifts party realignment identity reformulation and subsequent foreign policy adaptation in the 2010s. Contributors address these issues in three sections Democracy and New Political Landscape The China Factor and Cross Strait Dilemma and Taiwan's International Way out to advance conclusions about Taiwan's political transformation from both comparative and international perspectives. *Taiwan's Democracy* Robert Ash, John W. Garver, Penelope Prime, 2013-07-03 Taiwan's rapid industrialization during the 1960s and 1970s combined with the democratic revolution that began with the lifting of martial law in 1987 were of deep historic importance. Over the next decade Taiwan's political miracle matched its earlier economic miracle creating a vibrant liberal democracy complete with freedom of speech association and assembly rule of law and competitive and fair multi party elections. The continuation of these achievements and the new challenges that have surfaced are addressed in rich detail in the chapters of this volume by an international team of experts. One of the biggest such challenges is Mainland China's economic success which has added to the complexity of Taiwan's economic and political policy options. A number of the contributors to this volume consider Taiwan's response to China's economic rise and show how Taiwanese companies have strategically taken advantage of the changing economic environment by moving up the value chain of production within Taiwan while also taking the opportunity to invest overseas. With chapters covering a wealth of topics including Constitutional reform National identity Party politics Taiwan's development model Industrial policy Trade and investment Globalization Sustainable development Taiwan's Democracy will be of huge interest to students and scholars of Taiwan studies Chinese politics and economics international politics and economics and development studies. *New Democracy and Autocratization in Asia* Kuyoun Chung, Wonbin Cho, 2022-08-19 This book examines the quality of democracies in Asia and determines why current democracies especially during the so called new normal era following the 2008 financial crisis have become less stable and less resilient to increasing authoritarianism. Based on the assumption that the concept of democracy consists of three elements procedure participation competition and distribution of power effectiveness representation accountability and responsiveness and

performance social welfare inequality and trust the contributors to this book determine which elements are responsible for diverging trajectories within the Asian democratic recession Examining South Korea Japan Taiwan Singapore Vietnam Indonesia India Myanmar and China the authors employ different research methods quantitative comparative or individual case studies to explore the conditions under which democratic rules and norms erode over time and which type of governance is preferred by citizens in this region as an ideal type The book puts forward the argument that a procedure oriented concept of democracy is not sufficient for understanding the source of democratic recession and develops a new concept of new democracy based on procedure effectiveness and performance It also demonstrates to what extent the experience changes and how the countries respond to these changes A novel contribution on the state of democracy in Asia written by experts from the region this book will be of interest to academics in the field of political science especially comparative politics and international relations regional study of East and Southeast Asia sociology public policy economics and social science methods Also this book will appeal to think tanks and policy oriented researchers

Taiwan's Presidents John F. Copper, 2024-08-05 This book profiles Taiwan's six key presidents Chiang Kai shek Chiang Ching kuo Lee Teng hui Chen Shui bian Ma Ying jeou and Tsai Ing wen focusing on politics economics elections successes and failures in office popularity and democratization By analyzing criteria of the six presidents leadership such as management of crises advancing democracy stewardship of the economy charisma corruption and handling of foreign relations especially with China and the U S John F Copper goes on to rank the presidents and predicts trends and difficulties that future presidents will face Special attention is paid to relations with the U S acknowledging the U S as Taiwan's political and economic model as well as its being Taiwan's protector in the context of China's claim to Taiwan As an assessment of these six political leaders as well as a study of Taiwan's political system this book will appeal to students and scholars of Taiwan political science and international relations

Taiwan's Economic Success Since 1980 Zhaocheng Mai, Jiansheng Shi, 2001-01-01 the book will be of great help to readers interested in Taiwan's economic performance over the past twenty years Gilles Guiheux The China Journal Taiwan's economic development experience represents a unique case study especially in the wake of the Asian financial crisis Taiwan has performed outstandingly in terms of macroeconomic and industrial development particularly during recent democratic and social change This book aims to provide a broad picture of these institutional reforms and policy evolutions

Political Development and Democratic Theory Steven J. Hood, 2017-03-02 Most comparativists have assumed that democratization is best understood by looking at regimes in the transition and consolidation phases of democracy without really considering the essence of democracy liberal rights and democratic virtues Democracy is seen as a mechanistic process without considering the ideas that build democratic regimes This book begins afresh by proposing that comparativists need to consider democracy to be a combination of rights and virtues and that the difficulties of democratic transitions consolidation and maintenance are essentially problems relating to balancing rights and virtues in the regime

How do we reemphasize these aspects of democracy at a time when comparative literature focuses almost solely on democratic procedure By combining the best elements of comparative theory and liberal democratic philosophy Hood argues that comparativists can sharpen the scholarly tools we need to understand both the problems of democratization and maintaining democracy He provides the reader with a valuable overview of comparative theory and how our abandonment of political philosophy has led to our acceptance of social science methods that can only lead to superficial analyses of democratizing regimes and established democracies **Taiwan Journal of Democracy** ,2008 Democratic Governance in Taiwan John Fuh-sheng Hsieh,Robert Cox,2022-10-24 This book employs a policy based approach to examine the emerging governance structure in Taiwan one of several countries in East Asia where democratic consolidation is firmly established Each chapter provides a detailed investigation of reforms that have helped to strengthen Taiwan s democracy in such areas as elections civil service recruitment economic policy social policy environmental protection civil rights response to the COVID 19 pandemic civil military relations and foreign and mainland China policy As a study of Taiwan s democratic governance this book will be of interest to students and scholars of Asian politics comparative politics democracy and Taiwan

Rising China and Asian Democratization Daniel Lynch,2006-07-07 This book argues that democratization is inherently international states democratize through a process of socialization to a liberal rational global culture This can clearly be seen in Taiwan and Thailand where the elites and attentive public now accept democracy as universally valid But in China the ruling communist party resists democratization in part because its leaders believe it would lead to China s permanent decentering in world history As China s power increases the party could begin restructuring global culture by inspiring actors in other Asian countries to uphold or restore authoritarian rule **Assesing the Lee Teng-hui Legacy** , Annotation The twelve year s of Lee Teng hui s presidency were marked by a series of contrary trends tremendous progress in the consolidation of Taiwan s democracy deterioration of the Kuomintang s popularity and the spread of black and gold politics the influence of organized crime and corruption in the political system a growing role for Taiwan in international affairs and periodic and often intense conflicts with China In this book some of the most influential scholars of Taiwan s domestic politics and international relations assess Lee Teng hui s presidency and his legacy for Taiwan s current leaders and the political system as a whole **Globalization and Civil Society in East Asian Space** Khatharya Um,Chiharu

Takenaka,2022-12-30 This book critically examines the impact of globalization changing power dynamics migration and evolving rights regimes on regional order discourse of national governance state and society relations and the development of civil society in East Asia Providing a textured critical reading of East Asia as an economically socially and politically dynamic region this book also presents the region as one shaped simultaneously by progressive as well as regressive pulls Attentive to prevailing issues as well as to states and civil societies responses to them it focuses on changing societies and politics in East Asia particularly on shifting notions of citizenship nationhood and peoplehood The contributions feature new

and timely conclusions drawn from multidisciplinary fields including law public policy sociology Asian studies gender sexuality and ethnic studies and include direct testimonies from citizens of East and Southeast Asia Globalization and Civil Society in East Asian Space will appeal to students and scholars of sociology political science and Asian studies more broadly

Policy Analysis in Taiwan Yu-Ying Kuo,2018-03-01 The study of policy analysis in Taiwan began in the 1970s however while other countries have recognised the need for detailed examination of the theory and practice of policy analysis at different levels of government Taiwanese studies have remained limited This book brings together for the first time a team of experienced and highly respected researchers from across Taiwan with expertise in policy analysis theory and practice in specific areas of government as well as in non governmental organisations This is a well structured volume which will be highly relevant for students and academics interested in understanding and analysing politics and policy making in Taiwan Features of the ILPA series include a country specific systematic study of policy analysis systems by government and non governmental actors a history of the country s policy analysis empirical case studies and a comparative overview of alternative approaches a key reference collection for research and teaching in comparative policy analysis and policy studies

Taiwan's Democracy on Trial John Franklin Copper,2012-07-10 In Taiwan s Democracy on Trial Professor Copper assesses the process of democratization in Taiwan during the Chen Shui bian Era 2000 to 2008 and after He shows that in several respects most important being press freedom human rights ethnic relations political reform constitutionalism and clean governance democratization regressed Economic management was not good and relations with the United States were severely strained which also hurt the Chen administration and explains why the Nationalist Party returned to power in 2008 The democratization process has improved since 2008

Democratization in Taiwan Philip Paolino,2016-12-05 Taiwan faces many of the same challenges as most newly democratized nations such as the legacy of an authoritarian government a traditional culture ethnic division and non majoritarian political institutions Each chapter in this volume sheds light on the democratization process The contributors examine questions concerning the state of political trust ethnicity democratic values and political institutions In the post Cold War era when America s foreign policy is focusing on how best to foster democratic transition throughout the world the lessons that can be learned from Taiwan s democratization impart valuable lessons to students and scholars

Democratizing Taiwan J. Bruce Jacobs,2012-01-20 Taiwan is only one of four consolidated Asian democracies Democratizing Taiwan provides the most comprehensive analysis of Taiwan s peaceful democratization including the past authoritarian experience leadership both within and outside government popular protest and elections and constitutional interpretation and amendments

China and the United States S. Zhao,2008-10-27 In this edited volume distinguished scholars and policy analysts explore how China s rise has brought great opportunities for cooperation as well as great challenges for geo political competition between the United States and China
